[Docket No. CP07-398-002]

Gulf Crossing Pipeline Company LLC; Notice of Amended Certificate

December 16, 2008.

Take notice that on December 5, 2008, Gulf Crossing Pipeline Company LLC (Gulf Crossing), 9 East Greenway Plaza, Suite 2800, Houston, Texas 77046, filed in Docket No. CP07-398-002, an amendment to its certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act (NGA) which authorized the siting, construction, and operation of facilities on April 30, 2008. In its amendment, Gulf South proposes to increase the size of the turbine compressor units and increase the horsepower at the Mira Compressor Station, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The Commission staff will determine if this amendment will have an effect on the schedule for the environmental review of this project. If necessary, a revised Notice of Schedule for Environmental Review will be issued within 90 days of this Notice. The instant filing may be also viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application may be directed to J. Kyle Stephens, Vice President of Regulatory Affairs, Boardwalk Pipeline Partners, LP, 9 Greenway Plaza, Houston, Texas 77046 or by telephone at 713-479-8033 or telecopy to 713-479-1846.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and

Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Motions to intervene, protests and comments may be filed electronically via the Internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: January 6, 2009.

Kimberly D. Bose,

Secretary.
