

business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Erik Beck, EPA New England Region, One Congress Street, Suite 1100, Mailcode CWN, (617) 918-1606, beck.erik@epa.gov.

SUPPLEMENTARY INFORMATION:

The Regional Administrator of EPA's New England Regional Office is providing notice of availability of a preliminary determination that certain stormwater discharges in the Charles River watershed located in Bellingham, Milford, and Franklin, Massachusetts will be required to obtain NPDES permits. Under Clean Water Act (CWA) Section 402(p) (33 U.S.C. 1342(p)), Congress required the EPA to establish permitting requirements for certain stormwater discharges. In addition, CWA Sections 402(p)(2)(E) and 402(p)(6) and implementing regulations at 40 CFR 122.26 (a)(9)(i)(C) and (D) provide that the EPA Regional Administrator may designate additional stormwater discharges as requiring NPDES permits where he determines that:

1. Stormwater controls are needed for the discharge based on wasteload allocations that are part of "total maximum daily loads" that address the pollutant of concern (in this case phosphorus), or

2. The discharge, or category of discharges within a geographic area, contributes to a violation of a water quality standard or is a significant contributor of pollutants to waters of the United States.

The EPA Regional Administrator for the New England Region has made a preliminary determination pursuant to Section 402(p) of the Clean Water Act and 40 CFR 122.26 (9)(i)(C) and (D) that stormwater controls and NPDES permits are needed for discharges to waters of the United States from impervious surfaces equal to or greater than two acres, with certain exceptions, in the Charles River watershed located in Bellingham, Milford, and Franklin, Massachusetts. Details on these exceptions, as well as other details of the preliminary determination, are available in the preliminary residual designation document. This document and ancillary materials may be viewed on the EPA New England Regional Office's Web page pertaining to excessive nutrients in the Charles River, <http://www.epa.gov/region1/charles/tmdl.html> and at <http://www.regulations.gov>.

Dated: December 12, 2008.

Robert W. Varney,

Regional Administrator, EPA New England.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

December 15, 2008.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to comment on the following information collection(s). Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and (e) ways to further reduce the information collection burden for small business concerns with fewer than 25 employees. An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before February 23, 2009. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Submit your comments by e-mail to PRA@fcc.gov. Include in the email the OMB control number of the collection or, if there is no OMB control number, the Title shown in the **SUPPLEMENTARY INFORMATION** section below. If you are unable to submit your comments by email contact the person

listed below to make alternate arrangements.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection(s) or to obtain a copy of the collection send an e-mail to PRA@fcc.gov and include the collection's OMB control number as shown in the **SUPPLEMENTARY INFORMATION** section below (or the title of the collection if there is no OMB control number), or call or contact Judith Boley Herman at (202) 418-0214.

SUPPLEMENTARY INFORMATION:

OMB Control Number: None.

Title: Section 10.350, Testing

Requirements for the Commercial Mobile Alert System (CMAS).

Form Number: N/A

Type of Review: New collection.

Respondents: Businesses or other for-profit.

Number of Respondents and

Responses: 146 respondents; 1,752 responses.

Estimated Time per Response:

0.000694 hours (2.5 seconds).

Frequency of Response: Monthly and on occasion reporting requirements and recordkeeping requirement.

Obligation To Respond: Required to obtain or retain a benefit. Statutory authority for this information collection is contained in Warning, Alert, and Response Network Act, Title VI of the Security and Accountability for Every Port Act of 2006, Public Law No. 109-347, 120 Stat. 1884, (2006).

Total Annual Burden: 2 hours.

Total Annual Cost: None.

Privacy Act Impact Assessment: No impact.

Nature and Extent of Confidentiality: There is no need for confidentiality.

Needs and Uses: As required by the Warning Alert and Response Network (WARN) Act, the Federal Communications Commission had adopted rules to establish a Commercial Mobile Alert System (CMAS), under which Commercial Mobile Service (CMS) providers may elect to transmit emergency alerts to the public. In order to ensure that the CMAS operates efficiently and effectively, the Commission will require participating CMS providers to participate in required monthly tests (RMT) of the CMAS that are initiated by the Federal Alert Gateway Administrator. Participating CMS providers must distribute these RMT messages to their CMAS coverage area within 24 hours of receipt by the CMS Provider Gateway unless pre-empted by actual alert traffic or inability to do so due to an unforeseen condition. A participating CMS provider shall indicate such an unforeseen condition

by a response code to the Federal Alert Gateway. A participating CMS provider must retain an automated log of the RMT messages received by the CMS Provider Gateway from the Federal Alert Gateway. In addition to the RMTs, participating CMS providers must participate in periodic testing of the interface between the Federal Alert Gateway and its CMS Provider Gateway that is not intended to test the CMS provider's infrastructure or mobile devices, but rather is required to ensure the availability/viability of both gateway functions. Each CMS Provider Gateway shall send an acknowledgement to the Federal Alert Gateway upon receipt of such an interface test message. The Commission will use this information to ensure the continued functioning of the CMAS, thus complying with the WARN Act and the Commission's obligation to promote the safety of life and property through the use of wire and radio communication.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority, Comments Requested

December 17, 2008.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3520. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the

information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments February 23, 2009. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget (OMB), (202) 395-5887, or via fax at 202-395-5167, or via the Internet at Nicholas_A.Fraser@omb.eop.gov and to Judith_B.Herman@fcc.gov, Federal Communications Commission (FCC). To submit your comments by e-mail send them to: PRA@fcc.gov.

To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the Web page called "Currently Under Review", (3) click the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box and (6) when the list of FCC ICRs currently under review appears, look for the title of this ICR (or its OMB Control Number, if there is one) and then click on the ICR Reference Number to view detailed information about this ICR.

FOR FURTHER INFORMATION CONTACT: For additional information, send an email to Judith B. Herman at 202-418-0214.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-1015.

Title: Section 15.525, Coordination Requirements—Ultra Wideband Transmission Systems Operating Under Part 15.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit and not-for-profit institutions.

Number of Respondents: 50 respondents; 50 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: On occasion and one time reporting requirements and third party disclosure requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection

(IC) is contained in sections 47 U.S.C. 154(i), 302, 303(e), 303(f), 303(r), 304 and 307 of the Communications Act of 1934, as amended.

Total Annual Burden: 50 hours.

Annual Cost Burden: \$2,500.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: There is no need for confidentiality. All information is available for public inspection.

Needs and Uses: This collection will be submitted as an extension (no change in the reporting requirements and/or third party disclosure requirements) after this 60 day comment period to Office of Management and Budget (OMB) in order to obtain the full three year clearance.

Section 15.525 and Part 15 requires operators of the Ultra Wideband (UWB) imaging systems to coordinate with other Federal agencies via the FCC to obtain approval before the UWB equipment may be used. Initial operation in a particular area may not commence until the information has been sent to the Commission and no prior approval is required. The information will be used to coordinate the operation of the Ultra Wideband transmission systems in order to avoid interference with sensitive U.S. government radio systems. The UWB operators will be required to provide the name, address and other pertinent contact information of the user, the desired geographical area of operation, and the FCC ID number, and other nomenclature of the UWB device. This information will be collected by the Commission and forwarded to the National Telecommunications and Information Administration (NTIA) under the U.S. Department of Commerce. This information collection is essential to controlling potential interference to Federal radio communications. Since initial operation in a particular area does not require approval from the FCC to operate the equipment.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.
