II. What Does this Correction Do?

FR Doc. E8-29117 published in the **Federal Register** of December 10, 2008 (73 FR 74978) (FRL-8391-5) is corrected to amend §180.598 on page 74982. The amendment to paragraph (b) should have removed the text. This document is being published to correct that oversight.

III. Why is this Correction Issued as a Final Rule?

Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(B), provides that, when an Agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the Agency may issue a final rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making today's technical correction final without prior proposal and opportunity for comment, because the use of notice and comment procedures is unnecessary to effectuate this correction. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(B).

IV. Do Any of the Statutory and Executive Order Reviews Apply to this Action?

No. This action amends the section for a previously published final rule and does not impose any new requirements. EPA's compliance with the statutes and Executive Orders for the underlying rule is discussed in Unit. VI. of the December 10, 2008 final rule (73 FR 74978).

V. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before a rule may take effect, the Agency promulgating the rule must submit a rule report to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller

General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a "major rule" as defined by 5 U.S.C. 804(2).

Leasing of Solid Minerals Other Than Coal and Oil Shale**AGENCY:** Bureau of Land Management, Interior.**ACTION:** Final rule.

SUMMARY: The Bureau of Land Management (BLM) is amending its regulations in 43 CFR part 3500 for leasing of solid minerals other than coal and oil shale to distinguish fringe acreage lease requirements from lease modification requirements, and to describe acceptable justifications for a lease modification. The final rule also identifies changes in the associated procedural requirements and updates the filing fees. The final changes are based on statutory authorities, which authorize the BLM to issue regulations for leasing of minerals and to charge for administrative processing costs, and on policy guidance from the Office of Management and Budget (OMB) and the Department of the Interior (DOI) requiring the BLM to charge these fees.
