

ENVIRONMENTAL PROTECTION AGENCY**[EPA-HQ-OECA-2008-0290; FRL-8760-6]****Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; NSPS—Other Solid Waste Incineration Units (Renewal), EPA ICR Number 2163.03, OMB Control Number 2060-0563****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. The ICR which is abstracted below describes the nature of the collection and the estimated burden and cost.

DATES: Additional comments may be submitted on or before February 9, 2009.

ADDRESSES: Submit your comments, referencing docket ID number EPA-HQ-OECA-2008-0290, to (1) EPA online using <http://www.regulations.gov> (our preferred method), or by e-mail to docket.oeca@epa.gov, or by mail to: EPA Docket Center (EPA/DC), Environmental Protection Agency, Enforcement and Compliance Docket and Information Center, mail code 2201T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Learia Williams, Compliance Assessment and Media Programs Division, Office of Compliance, Mail Code 2223A, Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone number: (202) 564-4113; fax number: (202) 564-0050; e-mail address: williams.learia@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 30, 2008 (73 FR 31088), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under docket ID number EPA-HQ-OECA-2008-0290, which is available for public viewing either online at <http://www.regulations.gov>, or in person viewing at the Enforcement and Compliance Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue, NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket is (202) 566-1927.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper will be made available for public viewing at <http://www.regulations.gov>, as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: NSPS—Other Solid Waste Incineration Units (Renewal).

ICR Numbers: EPA ICR Number 2163.03, OMB Control Number 2060-0563.

ICR Status: This ICR is scheduled to expire on March 31, 2009. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The New Source Performance Standards (NSPS)—Other Solid Waste Incineration (OSWI) units

were proposed on December 8, 2004, and promulgated on December 16, 2005. These regulations apply to very small municipal waste combustion units and institutional waste incineration units. A new incineration unit subject to this subpart should meet one of the two criteria: (1) Commenced construction after December 9, 2004; or (2) commenced reconstruction or modification on or after June 16, 2006.

Owners or operators of the affected facilities must make a one-time-only report of the date of construction or reconstruction, notification of the actual date of startup, notification of any physical or operational change to existing facility that may increase the rate of emission of the regulated pollutant, notification of initial performance test, and results of initial performance test. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction, or any period during which the monitoring system is inoperative. Performance tests are the Agency's records of a source's initial capability to comply with emissions standards and not the operating conditions under which compliance was to achieve. Annual and semiannual reports are also required.

Any owner or operator subject to the provisions of this subpart must maintain a file of these measurements and retain the file for at least five years following the collection of such measurements, maintenance reports, and records.

All reports are sent to the delegated state or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA regional office. This information is being collected to assure compliance with 40 CFR part 60, subpart EEEE, as authorized in sections 112 and 114(a) of the Clean Air Act. The required information consists of emissions data and other information that have been determined to be private.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Number for EPA regulations listed in 40 CFR part 9 and 48 CFR chapter 15, are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average zero hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose and provide information to or for a Federal agency. This includes

the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information. All existing ways will have to adjust to comply with any previously applicable instructions and requirements that have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Owners and operators of other solid waste incineration units.

Estimated Number of Respondents: 0.

Frequency of Response: Initially, annually and semiannually.

Estimated Total Annual Hour Burden: 0.

Estimated Total Annual Cost: \$0.

Changes in the Estimates: There are no changes in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. At present, there are no OSWI units that are currently subject to the regulations, and it is estimated that no new units are expected to be constructed or operated over the next three years. It is assumed that potential respondents would use alternative methods of waste disposal that are more economical, e.g. landfills, rather than replacing existing OSWI units. No respondent or agency burdens or costs have been estimated and no annual burden is expected.

Dated: January 5, 2009.

John Moses,

Acting Director, Collection Strategies Division.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared pursuant to the Environmental Review Process (ERP), under section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at 202-564-7146.

An explanation of the ratings assigned to draft environmental impact

statements (EISs) was published in the **Federal Register** dated April 6, 2008 (97 FR 27647).

Draft EISs

EIS No. 20080380, ERP No. D-AFS-K65348-CA, Tahoe National Forest Motorized Travel Management, Implementation, Sierra Nevada Mountains, Nevada, Placer, Plumas, Sierra and Yuba Counties, CA.

Summary: EPA expressed environmental concerns about the continued use of routes in areas containing Naturally Occurring Asbestos and impacts to water quality, meadows, and riparian areas. To address these concerns, EPA recommends that the final EIS address current roads and trails with known impacts, eliminating the addition of routes on land "most likely" to contain naturally occurring asbestos, and detail on meeting TMDL requirements and monitoring and enforcement commitments. Rating EC2.

Final EISs

EIS No. 20080420, ERP No. F-BLM-K08066-CA, Sunrise Powerlink Transmission Line Project, Proposed Land Use Plan Amendment, Construction and Operation of a New 91-mile 500 kilovolt (kV) Electric Transmission Line from Imperial Valley Substation (in Imperial Co. near the City of El Centro) to a New Central East Substation (in Central San Diego County) Imperial and San Diego Counties, CA.

Summary: EPA continues to have environmental concerns about adverse impacts to water resources, air quality and the disclosure of costs and benefits associated with the various alternatives.

EIS No. 20080467, ERP No. F-AFS-L65499-WA, The Summit at Snoqualmie Master Development Plan (MPD), Proposal to Ensure Long-Term Economic Viability, Mt. Baker-Snoqualmie/Okanogan-Wenatchee National Forests, King and Kittitas Counties, WA.

Summary: The Final EIS adequately addresses EPA's environmental concerns about wetlands, water quality, and habitat conductivity with mitigation and avoidance of significant impacts. Additionally, the Final EIS presents metrics for restoration outcomes and emphasizes the importance of meeting monitoring requirements. EPA has no concerns about the implementation of the proposed project.

EIS No. 20080471, ERP No. F-AFS-J65518-SD, South Project Area, Proposes Multiple Resource

Management Actions, Selected Alternative 3, Hell Canyon Ranger District, Black Hills National Forest, Custer County, SD.

Summary: No formal comment letter was sent to the preparing agency.

EIS No. 20080512, ERP No. F-USN-A11080-00, Atlantic Fleet Active Sonar Training Program, To Provide Mid- and High-Frequency Active Sonar Technology and the Improved Extended Echo Ranging (IEER) System during Atlantic Fleet Training Exercises, Along the East Coast of the United States (U.S.) and in the Gulf of Mexico.

Summary: No formal comment letter was sent to the preparing agency.

Dated: January 6, 2009.
