

agencies. The RMP addressed the following six major questions: (1) How will human activities and uses be managed? (2) What facilities and infrastructure are appropriate to provide visitor interpretation and administration of the Monument? (3) How will the BLM manage resource uses and protect the biological, historical, cultural, and visual values of the Monument? (4) How will Monument management be integrated with other agency and community plans? (5) How will transportation and access be managed? (6) How will Monument management affect economic and social conditions in the area?

The Approved RMP was prepared under the authorities of the Federal Land Policy and Management Act (FLPMA) of 1976 and the National Environmental Policy Act (NEPA) of 1969. The Approved RMP is nearly identical to the Proposed Plan (Alternative F) presented in the 2008 Proposed RMP/Final EIS. All decisions covered by the ROD are either land use planning decisions that were protestable under the planning regulations (43 CFR part 1610), or implementation decisions that are now appealable under the regulations discussed below.

The BLM received 45 protest letters during the 30-day protest period provided for the Proposed RMP/Final EIS in accordance with 43 CFR 1610.5-2. In response to the protests, the BLM Director decided to prohibit the personal collection of invertebrate fossils, petrified wood, and plant material except that managers and staff shall facilitate access to public lands for the purposes of Native American religious and traditional uses, such as gathering natural resources (BLM Manual 8120—Tribal Consultation under Cultural Resources .06.D. The Director also clarified the decision to carry forward the Cow Creek ACEC designation, adopted by reference the new transportation management terminology in Washington Office IM 2006-173, and made a few other minor adjustments and corrections. All of these changes are identified in the Modifications and Clarifications section of the ROD.

The Governor of the State of Montana, in his letter dated March 31, 2008, recommended six changes to the plan but did not identify any inconsistencies between the Proposed RMP and officially approved or adopted state or local plans, policies, and/or programs. All of the recommendations were considered previously in the public process and development of the Proposed RMP.

The following decisions are subject to a separate appeals process: (1) All road designations; (2) all backcountry airstrip designations; (3) limiting the group to 20 boaters launching from Coal Banks or Judith Landing from June 15 to August 1; (4) the 2-night camping limit at Level 2 sites from June 15 to August 1, and (5) the motorized watercraft restrictions on the Upper Missouri National Wild and Scenic River. These decisions are implementation decisions and are appealable under 43 CFR part 4, subpart E. They are contained in the section Decisions Subject to a Separate Appeals Process of the ROD. Any party adversely affected by these five decisions may appeal within 30 days of publication of this Notice of Availability pursuant to 43 CFR, part 4, subpart E. The appeal should state the specific road, airstrip, and/or river segment, as identified in the Record of Decision and Approved RMP, on which the decision is being appealed. The appeal must be filed with the Lewistown Field Manager at the above listed address. Please consult the appropriate regulations (43 CFR, part 4, subpart E) for further appeal requirements.

Authority: 43 U.S.C. 1712; 42 U.S.C. 4332.

Gene R. Terland,

Montana State Director.

DEPARTMENT OF THE INTERIOR

National Park Service

General Management Plan and Environmental Impact Statement, Tumacacori National Historical Park, AZ

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of intent to prepare an environmental impact statement for the general management plan (GMP), Tumacacori National Historical Park.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service (NPS) is preparing an environmental impact statement for a general management plan for Tumacacori National Historical Park, Arizona. The environmental impact statement will be approved by the Director, Intermountain Region.

The general management plan will prescribe the resource conditions and visitor experiences that are to be achieved and maintained in the park over the next 15 to 20 years.

The clarification of what must be achieved according to law and policy will be based on review of the park's purpose, significance, special mandates, and the body of laws and policies directing park management. Based on determinations of desired conditions, the general management plan will outline the kinds of resource management activities, visitor activities, and development that would be appropriate in the future. A range of reasonable management alternatives will be developed through this planning process and will include, at a minimum, a no-action and a preferred alternative.

The NPS is required to prepare a GMP for all NPS units. A GMP was completed for the park in 1996, but it does not address the lands added to the park in 2002 or current NPS park planning standards or NPS management policies.

Issues to be addressed will include but are not limited to the following: The management of lands added to the park in 2002, as well as visitor use, facilities, access, interpretation, natural and cultural resources, and park operations in the park as a whole.

A scoping newsletter will be prepared that describes the issues identified to date. Copies of the newsletter may be obtained in April at the Tumacacori National Historical Park Visitor Center 1891 East Frontage Road, Tumacacori, Arizona 85640, Phone: 520-398-2341, the park Web site <http://www.nps.gov/tuma>, or on the Planning, Environment, and Public Comment (PEPC) Web site at <http://parkplanning.nps.gov/tuma>.

DATES: Any comments on the scope of issues to be addressed in the plan should be submitted no later than 120 days after publication of this notice. In addition to the newsletter, public meetings regarding the general management plan will be held during the scoping period. Specific dates, times, and locations will be made available in the local media, on the National Park Service Planning, Environment, and Public Comment (PEPC) Web site (<http://parkplanning.nps.gov/tuma>), or by contacting the Superintendent of Tumacacori National Historical Park.

ADDRESSES: Information will be available for public review and comment online at <http://parkplanning.nps.gov/tuma>, at the Tumacacori National Historical Park Visitor Center, 1891 East Frontage Road, Tumacacori, Arizona 85640, Phone: 520-398-2341.

FOR FURTHER INFORMATION CONTACT: Lisa Carrico, Superintendent, P.O. Box 8067, Tumacacori, Arizona 85640, Phone:

520-398-2341 or by e-mail at
TUMA_Superintendent@nps.gov.

SUPPLEMENTARY INFORMATION: Public and agency involvement will be solicited at several key steps in the planning process including initial scoping, alternatives development, and the draft plan. If you wish to comment on any issues associated with the plan, you may submit your comments to the planning team by any one of several methods. You may mail comments to Tumacacori National Historical Park, Office of the Superintendent, P.O. Box 8067, Tumacacori, Arizona 85640. You may also comment via the Internet at <http://parkplanning.nps.gov/tuma>. Finally, you may hand-deliver comments to the park headquarters at 1895 East Frontage Road, Tumacacori, Arizona 85640. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. In addition, we will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Dated: September 3, 2008.

Michael D. Snyder,

Director, Intermountain Region, National Park Service.

Editorial Note: This document was received in the Office of the Federal Register on Friday, January 2, 2009.
