Notice of Public Information Collection Being Reviewed by the Federal Communications Commission, Comments Requested

December 29, 2008.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burdens, invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995 (PRA), Public Law No. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. Pursuant to the PRA, no person shall be subject to any penalty for failing to comply with a collection of information that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written PRA comments should be submitted on or before March 16, 2009. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Interested parties may submit all PRA comments by e-mail or U.S. post mail. To submit your comments by e-mail, send them to PRA@fcc.gov and/or Cathy.Williams@fcc.gov. To submit your comments by U.S. mail, mark them to the attention of Cathy Williams, Federal Communications Commission, Room 1-C823, 445 12th Street, SW., Washington, DC 20554.

Needs and Uses: On July 21, 2005, the Commission released *Closed Captioning of Video Programming;*

Telecommunications for the Deaf, Inc. Petition for Rulemaking, CG Docket No. 05-231, Notice of Proposed Rulemaking, FCC 05-142, 70 FR 56150, September 26, 2005 (*Closed Captioning Notice of Proposed Rulemaking*), which sought comment on several issues pertaining to the Commission's closed captioning rules (47 CFR 79.1), which require that, with some exceptions, all new video programming, and 75 percent of "pre-rule" programming, eventually be closed captioned. The *Closed Captioning Notice of Proposed Rulemaking* sought comment, *inter alia*, on whether petitions for exemption from the closed captioning rules should be permitted (or required) to be filed electronically through the Commission's Electronic Comment Filing System, and whether video programming distributors should be required to submit compliance reports to the Commission in cases where the types of video

programming that they air are still subject to a phase-in period, or where the final required amount of captioning post phase-in (*e.g.*, pre-rule programming) is not 100 percent.

On November 7, 2008, the Commission released *Closed Captioning of Video Programming; Closed Captioning Requirements for Digital Television Receivers*, CG Docket No. 05-231 and ET Docket No. 99-24, Declaratory Ruling, Order and Notice of Proposed Rulemaking, FCC 08-255 (*2008 Order*), addressing some of the issues raised in the *Closed Captioning Notice of Proposed Rulemaking*. The *2008 Order* streamlined and simplified the closed captioning complaint process by shortening the time frames associated with filing and responding to complaints, and by permitting complaints to be filed directly with the Commission, rather than requiring that they be filed with the video programming distributor first. The *2008 Order* also adopted new rules requiring video programming distributors to make contact information available in phone directories, on the Commission's Web site and their own Web sites (if they have them), and in billing statements (to the extent they issue them). With this contact information, consumers can more easily and promptly contact the appropriate person or office at a video programming distributor to report closed captioning problems or to file complaints.
