SUPPLEMENTARY INFORMATION:

A. Background

Section 108 of the Military Construction and Veterans Affairs Appropriations Act, 2009 (Pub. L. 110–329, Division E) prohibits the use of funds appropriated in Title I of that Act for the procurement of steel for any military construction project or activity for which American steel producers, fabricators, or manufacturers have been denied the opportunity to compete. This interim rule adds DFARS policy and a contract clause to implement the statutory prohibition.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD has prepared an initial regulatory flexibility analysis consistent with 5 U.S.C. 603. A copy of the analysis may be obtained from the point of contact specified herein. The analysis is summarized as follows:

This interim rule implements Section 108 of the Military Construction and Veterans Affairs Appropriations Act, 2009. The objective of the rule is to ensure that American steel producers, fabricators, and manufacturers are given the opportunity to compete for contracts and subcontracts for the acquisition of steel for use in military construction projects and activities. Existing Buy American Act and Balance of Payments Program requirements, implemented in FAR Subpart 25.2 and DFARS Subpart 225.75 respectively, already provide for DoD acquisition of domestic construction materials, including steel. However, this DFARS rule will prohibit use of the exceptions to Buy American Act/Balance of Program requirements otherwise permitted by FAR/DFARS, with regard to the acquisition of steel, unless American steel producers, fabricators, and manufacturers are first provided the opportunity to compete. The rule is expected to benefit American steel producers, fabricators, and manufacturers by ensuring they are

provided an opportunity to compete for contracts and subcontracts for the acquisition of steel for use in military construction projects and activities.

DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2008–D038.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule implements Section 108 of the Military Construction and Veterans Affairs Appropriations Act, 2009 (Pub. L. 110–329, Division E). Section 108 establishes a prohibition on the expenditure of funds for the procurement of steel for any military construction project or activity, unless American steel producers, fabricators, and manufacturers have been provided an opportunity to compete. Comments received in response to this interim rule will be considered in the formation of the final rule.

Defense Federal Acquisition Regulation Supplement; DoD Law of War Program (DFARS Case 2006-D035)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to address requirements for DoD contractors to institute effective programs to prevent violations of the law of war by contractor personnel authorized to accompany U.S. Armed Forces deployed outside the United States.

DATES: *Effective Date:* January 15, 2009.

FOR FURTHER INFORMATION CONTACT: Ms. Angie Sawyer, Defense Acquisition Regulations System, OUSD (AT&L) DPAP (DARS), IMD 3D139, 3062 Defense Pentagon, Washington, DC 20301-3062. Telephone 703-602-8384; facsimile 703-602-7887. Please cite DFARS Case 2006-D035.

SUPPLEMENTARY INFORMATION:

A. Background

This final rule amends the clause at DFARS 252.225-7040, Contractor Personnel Authorized To Accompany U.S. Armed Forces Deployed Outside the United States, to address requirements for DoD contractors to institute effective programs to prevent law of war violations by contractor personnel. The rule requires that deploying contractor personnel receive appropriate law of war training, and that contractor personnel report any violations of the law of war to the appropriate authorities. The DFARS rule is consistent with the policy in DoD Directive 2311.01E, DoD Law of War Program, dated May 9, 2006.

DoD published a proposed rule at 73 FR 1853 on January 10, 2008. Four sources submitted comments on the proposed rule. A discussion of the comments is provided below.

1. *Comment:* The limitation on the use of Web-based basic law of war training is overly restrictive (i.e., must be approved by the contracting officer). The training should be available at any time for completion via a Web-based source to prevent delays in meeting training requirements.

DoD Response: Deployed contractor personnel must process through a deployment center, in accordance with paragraph (f) of the clause at DFARS 252.225-7040. DoD has provided training materials to all the pre-deployment training centers as the primary method of meeting basic training requirements. Web-based training is intended to substitute for live pre-deployment training only when determined to be appropriate by the contracting officer.

2. *Comment:* To ensure the availability of advanced training when needed, advanced training should be handled as an in-processing matter and should be provided at an in-theater/in-country central processing center for newly arriving contractor personnel.

DoD Response: Advanced training could be provided at in-processing, as long as the Judge Advocates or other Government counsel are involved. The DFARS rule has been amended to provide additional flexibility in meeting advanced law of war training requirements. However, government
