

design phase, DHS will implement a comprehensive risk-based physical and personnel security program for the NBAF.

All practicable and economically feasible means to avoid or minimize environmental harm from the selected alternative have been adopted and would, as applicable, be incorporated into the design of the NBAF. The mitigation measures described in Section 3.15 of the NBAF EIS are incorporated into this ROD and are considered part of the selected alternative.

Authority: 42 U.S.C. 4321–4347 (National Environmental Policy Act).

Dated: January 12, 2009.

Jay M. Cohen,

Under Secretary, Science & Technology, DHS.

[Docket No. DHS–2009–0022]

DHS Data Privacy and Integrity Advisory Committee

AGENCY: Privacy Office, DHS.

ACTION: Committee Management; Notice of Open Teleconference Federal Advisory Committee Meeting.

SUMMARY: The DHS Data Privacy and Integrity Advisory Committee will meet by teleconference on February 3, 2009.

DATES: The teleconference call will take place on Tuesday, February 3, 2009, from 1 p.m. to 2 p.m. Eastern Standard Time.

ADDRESSES: Members of the public are welcome to listen to the meeting by calling (800) 320–4330 and entering Pin Number 215132. The number of teleconference lines is limited, however, and lines will be available on a first-come, first-served basis. Requests to have written material distributed to each member of the Committee prior to the meeting should reach Martha K. Landesberg, Executive Director, at the address below by January 29, 2009. Comments must include the Docket Number (DHS–2009–0022) and may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *E-mail:* PrivacyCommittee@dhs.gov. Include the docket number in the subject line of the message.

- *Fax:* (703) 483–2999

- *Mail:* Martha K. Landesberg, Executive Director, Data Privacy and Integrity Advisory Committee, Department of Homeland Security, 20528.

Instructions: All submissions received must include the words “Department of Homeland Security Data Privacy and Integrity Advisory Committee” and the Docket Number: DHS–2009–0022.

Comments received will also be posted without alteration at <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received by the DHS Data Privacy and Integrity Advisory Committee, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Martha K. Landesberg, Executive Director, Data Privacy and Integrity Advisory Committee, Department of Homeland Security, Washington, DC 20528, by telephone (703) 235–0780, by fax (703) 235–0442, or by e-mail PrivacyCommittee@dhs.gov.

SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. App. (Pub. L. 92–463). During the meeting, the DHS Data Privacy and Integrity Advisory Committee will deliberate and vote on a proposed letter to the new Secretary of Homeland Security and DHS Chief Privacy Officer outlining the Committee’s recommendations on privacy issues and priorities for the Department. The Committee will discuss these matters from approximately 1 p.m. to 2 p.m. Eastern Standard Time on Tuesday, February 3, 2009. The Chairperson of the Committee shall conduct the teleconference in a way that will, in his judgment, facilitate the orderly conduct of business. Please note that the teleconference may end early if all business is completed.

If you wish to submit written materials to be distributed to each member of the Committee in advance of the meeting, please submit them, preferably in electronic form to facilitate distribution, to Martha K. Landesberg, Executive Director, by January 29, 2009.

Information on Services for Individuals With Disabilities

For information on services for individuals with disabilities or to request special assistance, contact Martha K. Landesberg, Executive Director, as soon as possible.

Dated: January 8, 2009.

John Kropf,

Deputy Chief Privacy Officer, Department of Homeland Security.

BILLING CODE 4410–10–P

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

Privacy Act of 1974; System of Records

AGENCY: Privacy Office, DHS.

ACTION: Notice of removal of one Privacy Act system of records notice.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security is giving notice that it will remove one system of records notice from its inventory of record systems because Immigration and Customs Enforcement no longer requires the system. The obsolete system is: Treasury/CS.186 Personnel Search System.

DATES: *Effective Date:* February 17, 2009.

FOR FURTHER INFORMATION CONTACT:

Hugo Teufel III, Chief Privacy Officer, Department of Homeland Security, Washington, DC 20528, by telephone (703) 235–0780 or facsimile (703) 483–2999.

SUPPLEMENTARY INFORMATION: Pursuant to the provisions of the Privacy Act of 1974, 5 U.S.C. 552a, and as part of its ongoing integration and management efforts, the Department of Homeland Security (DHS) is removing one Immigration and Customs Enforcement (ICE) system of records notice from its inventory of record systems.

DHS inherited this record system upon its creation in January of 2003. Upon review of its inventory of record systems, DHS has determined it no longer needs or uses this system of records and is retiring Treasury/CS.186 Personnel Search System (66 FR 52984 October 18, 2001).

Treasury/CS.186 Personnel Search System (66 FR 52984 October 18, 2001) was originally established to collect and maintain records on individuals indicating unlawful or suspicious activity that might result in a Customs violation.

Eliminating this system of records notices will have no adverse impact on individuals, but will promote the overall streamlining and management of DHS Privacy Act record systems.

Dated: December 22, 2008.

Hugo Teufel III,

Chief Privacy Officer, Department of Homeland Security.

BILLING CODE 4410-10-P

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

[Docket No. DHS-2008-0118]

Privacy Act of 1974; Department of Homeland Security—024 Facility and Perimeter Access Control and Visitor Management System of Records

AGENCY: Privacy Office; DHS.

ACTION: Notice of Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974 and as part of the Department of Homeland Security's ongoing effort to review and update legacy system of record notices, the Department of Homeland Security proposes to consolidate into a new Department of Homeland Security system of records notice titled, DHS/All—024 Facility and Perimeter Access Control and Visitor Management System of Records: Treasury/CS.081 Dock Passes, October 18, 2001, Justice/INS-014 Security Access Control System, January 22, 2001, and to partially consolidate DHS/OS-001 Office of Security File System, September 12, 2006, and FEMA/SEC-1 Security Support System, September 7, 1990. Categories of individuals, categories of records, and the routine uses of this legacy system have been reviewed and updated to better reflect the Department's facility and perimeter access control and visitor management record system. Additionally, the Department of Homeland Security is issuing a Notice of Proposed Rulemaking concurrent with this system of records elsewhere in the **Federal Register**. The activities performed by the Department's Facility and Perimeter Access Control and Visitor Management systems often overlap with other security-related activities. Accordingly, data within each of the categories of individuals, categories of records, and routine uses may have similarities with other security-related systems of records, but each system is distinct based on its purpose. Further, this system of records is separate from DHS-OS-2006-047 Personal Identify Verification Management System which supports the administration of the HSPD-12 program that directs the use of

a common identification credential for both logical and physical access to federally controlled facilities and information systems while enhancing security, increasing efficiency, identifying and reducing fraud, and protecting personally identifiable information.

Records within this system apply only to perimeters and facilities where access is controlled by the Department of Homeland Security. This system of records does not apply to (1) facilities where the Department's components or offices have a presence but where the General Services Administration has an established contract for security services or (2) facilities where Immigration and Custom Enforcement's Federal Protective Service provides oversight on the contract.

Exclusion is made to perimeters and facilities secured by the United States Secret Service pursuant to 18 U.S.C. 3056 and 3056A and are not included under this system of records. This consolidated system will be included in the DHS inventory of record systems.

DATES: Written comments must be submitted on or before February 17, 2009. This new system will be effective February 17, 2009.

ADDRESSES: You may submit comments, identified by docket number DHS-2008-0118 by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Fax:* 703-483-2999.
- *Mail:* Hugo Teufel III, Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, D.C. 20528.
- *Instructions:* All submissions received must include the agency name and docket number for this rulemaking. All comments received will be posted without change and may be read at <http://www.regulations.gov>, including any personal information provided.
- *Docket:* For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For general questions and privacy issues please contact: Hugo Teufel III (703-235-0780), Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528.

SUPPLEMENTARY INFORMATION:

I. Background

Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107-296, Section 1512, 116 Stat. 2310 (November 25, 2002), the

Department of Homeland Security (DHS) and its components and offices have relied on preexisting Privacy Act systems of records notices for the collection and maintenance of records that pertain to facility and perimeter access control and visitor management.

As part of its efforts to streamline and consolidate its Privacy Act record systems, DHS is establishing a new agency-wide system of records under the Privacy Act (5 U.S.C. 552a) for DHS facility and perimeter access control and visitor management records. The facility and perimeter access control and visitor management system of records is the baseline system for facility and perimeter access control and visitor management, as led by the DHS Office of the Chief Security Officer. This will ensure that all components of DHS follow the same privacy rules for collecting and handling access control and visitor management records.

In accordance with the Privacy Act of 1974 and as part of the Department of Homeland Security's ongoing effort to review and update legacy system of record notices, the Department of Homeland Security proposes to consolidate Treasury/CS.081 Dock Passes, October 18, 2001, Justice/INS-014 Security Access Control System, January 22, 2001, and to partially consolidate DHS/OS-001 Office of Security File System, September 12, 2006, and FEMA/SEC-1 Security Support System (55 FR 37182), into a new Department of Homeland Security system of records notice titled, DHS/All—024 Facility and Perimeter Access Control and Visitor Management System of Records. Categories of individuals, categories of records, and the routine uses of this legacy system have been reviewed and updated to better reflect the Department's facility and perimeter access control and visitor management record system.

The activities performed by the Department's Facility and Perimeter Access Control and Visitor Management systems often overlap with other security-related activities. Accordingly, data within each of the categories of individuals, categories of records, and routine uses may have similarities with other security-related systems of records, but each system is distinct based on its purpose.

Records within this system apply only to perimeters and facilities where access is controlled by the Department of Homeland Security. This system of records does not apply to (1) facilities where the Department's components or offices have a presence but where the General Services Administration has an established contract for security services
