

The NRC invites the following persons or entities to participate in the scoping process:

a. The applicants, Nine Mile Point 3 Nuclear Project, LLC and UniStar Nuclear Operating Services, LLC;

c. Affected State and local government agencies, including those authorized to develop and enforce relevant environmental standards;

d. Any affected Indian tribe;

e. Any person who requests or has requested an opportunity to participate in the scoping process; and

f. Any person who intends to petition for leave to intervene in the proceeding, or who has submitted such a petition, or who is admitted as a party.

In accordance with 10 CFR 51.26, the scoping process for an EIS may include a public scoping meeting to help identify significant issues related to a proposed activity and to determine the scope of issues to be addressed in an EIS. The NRC will hold two identical public scoping meetings for the EIS regarding the COL application. The scoping meetings will be held at SUNY-Oswego, Sheldon Hall, 7060 Route 104, Oswego, NY 13126 on Wednesday, February 25, 2009. The first meeting will convene at 1 p.m. and will continue until approximately 4 p.m. The second meeting will convene at 6 p.m., with a repetition of the overview portions of the first meeting, and will continue until approximately 9 p.m. The date of Thursday, February 26, 2009, is the alternative date for the scoping meeting in the event that SUNY-Oswego is closed on Wednesday, February 25, 2009, due to inclement weather. In the event that SUNY-Oswego is closed on both dates due to inclement weather the scoping meeting will be rescheduled and the meeting date and time will be published in the **Federal Register**. The determination to close the campus is made by the Governor of New York. Information on campus closure can be found on the following Web site: http://www.oswego.edu/administration/public_affairs/emergency/snow/cancellations.html under the subheading Campus Closing. The meetings will be transcribed and will include the following: (1) An overview by the NRC staff of the NEPA environmental review process, the proposed scope of the EIS, and the proposed review schedule; and (2) the opportunity for interested government agencies, organizations, and individuals

to submit comments or suggestions on the environmental issues or the proposed scope of the EIS. Additionally, the NRC staff will host informal discussions for one hour prior to the start of each public meeting. No formal comments on the proposed scope of the EIS will be accepted during the informal discussions. To be considered, comments must be provided either at the transcribed public meeting or in writing, as discussed below.

Persons may register to attend or present oral comments at the meeting on the scope of the NEPA review by contacting Mr. Philip Brandt or Ms. Jessie M. Muir by telephone at 1-800-368-5642, extension 3550 or 0491, or by e-mail to the NRC at NMP3.COLEIS@nrc.gov no later than February 18, 2009. Members of the public may also register to speak at the meeting prior to the start of the session. Individual oral comments may be limited by the time available, depending on the number of persons who register. Members of the public who have not registered may also have an opportunity to speak, if time permits. Public comments will be considered in the scoping process for the EIS. If special equipment or accommodations are needed to attend or present information at the public meeting, the need should be brought to Ms. Muir's attention no later than February 18, 2009, so that the NRC staff can determine whether the request can be accommodated.

Members of the public may send written comments on the scope of the Nine Mile Point 3 Nuclear Power Plant COL environmental review to the Chief, Rules and Directives Branch, Division of Administrative Services, Office of Administration, Mailstop TWB-05-B01M, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and should cite the publication date and page number of this **Federal Register** notice. To ensure that comments will be considered in the scoping process, written comments must be postmarked by March 31, 2009. Electronic comments may be sent by e-mail to the NRC at NMP3.COLEIS@nrc.gov. Electronic submissions must be sent no later than March 31, 2009. Comments will be made available electronically and will be accessible through the NRC's Electronic Reading Room link <http://www.nrc.gov/reading-rm/adams.html>. The NRC staff may, at its discretion, consider comments after the end of the comment period.

Participation in the scoping process for the EIS does not entitle participants to become parties to the proceeding to

which the EIS relates. A notice of hearing and opportunity to petition for leave intervene in the proceeding on the application for the COL will be published in a future **Federal Register** notice.

At the conclusion of the scoping process, the NRC staff will prepare a concise summary of the determinations, and conclusions reached on the scope of the environmental review including the significant issues identified, and will send this summary to each participant in the scoping process for whom the staff has an address. The staff will then prepare and issue for comment the draft EIS, which will be the subject of a separate **Federal Register** notice and a separate public meeting. Copies of the draft EIS will be available for public inspection at the PDR through the above-mentioned address and one copy per request will be provided free of charge. After receipt and consideration of comments on the draft EIS, the NRC will prepare a final EIS, which will also be available to the public.

Information about the proposed action, the EIS, and the scoping process may be obtained from Mr. Philip Brandt at U.S. Nuclear Regulatory Commission, Mail Stop T6-D32M, Washington, DC 20555-0001, by phone at 301-415-3550, or by e-mail at Philip.Brandt@nrc.gov and from Ms. Jessie M. Muir at 301-415-0491 or by e-mail at Jessie.Muir@nrc.gov.

Dated at Rockville, Maryland, this 26th day of January 2009.

For The Nuclear Regulatory Commission.

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Form SH—OMB Control No. 3235-0646—SEC File No. 270-585.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information

summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form SH (17 CFR 249.326T) is required to be submitted to the Commission by institutional investment managers subject to the existing Form 13F (17 CFR 249.325) filing requirements on the first business day of each week in which the institutional investment manager has entered into any new short positions or closed part or all of any short positions with respect to any Section 13(f) (15 U.S.C. 78m(f)) securities except for options. We estimate that 1,000 institutional investment managers subject to the Form 13F filing requirements will file Form SH to report the entry into short positions with respect to Section 13(f) securities. We estimate that each will file 36 Form SH reports during the nine-month period that Rule 10a-3T will be in effect. We further estimate that each of the 1,000 institutional investment managers will spend an average of 20 hours preparing each Form SH. Therefore the estimated total reporting burden associated with Form SH is 720,000 hours (1,000 respondents × 20 hours per form × 36 forms).

Written comments are invited on: (a) Whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Charles Boucher, Director/CIO, Securities and Exchange Commission, c/o Shirley Martinson, 6432 General Green Way, Alexandria, Virginia 22312; or send an e-mail to: PRA_Mailbox@sec.gov.
