

VA 23219 or at 804-771-4412 or Brad.A.Knisley@dom.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice, the Commission staff will either: Complete the environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to

the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible online at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: February 17, 2009.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 12628-002]

The City of Nashua, IA; Notice of Application Tendered for Filing With the Commission, Soliciting Additional Study Requests, and Establishing a Deadline for Submission of Final Amendments

January 26, 2009.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Original License.

b. *Project No.:* 12628-002.

c. *Date filed:* January 13, 2009.

d. *Applicant:* The City of Nashua, Iowa.

e. *Name of Project:* Cedar Lake Dam Hydroelectric Project.

f. *Location:* The project would be located at the existing Cedar Lake Dam, on the Cedar River, in Chickasaw County, Iowa. The project would not occupy any Federal land.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Ms. Rebecca Neal, The City of Nashua, 402 Main Street, Nashua, IA 50658; (641) 435-4156.

i. *FERC Contact:* Michael Watts, Michael.Watts@ferc.gov, (202) 502-6123.

j. *Cooperating Agencies:* We are asking Federal, State, and local agencies and Indian tribes with jurisdiction and/or special expertise with respect to environmental issues to cooperate with us in the preparation of the environmental document. Agencies who would like to request cooperating status should follow the instructions for filing comments described in item l below. Cooperating agencies should note the Commission's policy that agencies that cooperate in the preparation of the environmental document cannot also intervene. See 94 FERC ¶ 61,076 (2001).

k. Pursuant to Section 4.32(b)(7) of 18 CFR of the Commission's regulations, if any resource agency, Indian tribe, or person believes that an additional scientific study should be conducted in order to form a factual basis for complete analysis of the application on its merits, the resource agency, Indian tribe, or person must file a request for the study with the Commission no later than 60 days from the application filing date, and serve a copy of the request on the applicant.

l. Deadline for filing additional study requests and requests for cooperating agency status: March 16, 2009.

All documents (original and eight copies) should be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Additional study requests may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filing. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "eFiling" link. After logging into the eFiling system, select "Comment on Filing" from the Filing Type Selection screen and continue with the filing process.

m. This application is not ready for environmental analysis at this time.

n. *Project Description:* The existing dam and integral powerhouse are owned by the City of Nashua (City) and were constructed in 1917 and used for power generation until 1965. The City is proposing to rehabilitate the project and install new turbine generators and associated equipment. The proposed project would consist of: (1) An existing 15.5-foot-high concrete dam with a 258-foot-long spillway equipped with four 6-foot-high taintor gates, a 6-foot-high control gate, and three 4-foot-high flashboards; (2) an existing 405-acre reservoir with a normal full pond elevation of 960.1 feet above mean sea level; (3) an existing 50-foot-wide concrete intake structure connected to; (4) an existing powerhouse to contain four new turbine generating units with a total installed capacity of 800 kilowatts; (5) a new 75-foot-long, 13.8-kilovolts overhead transmission line; and (6) appurtenant facilities. The proposed project would generate an estimated average annual generation of 3,285 megawatt hours.

The project would operate in a run-of-river mode.

o. A copy of the application is on file with the Commission and is available for public inspection. This filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number filed to access the documents. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676 or for TTY, contact (202) 502-8659. A copy is also available for inspection and reproduction at the address in item h above.

p. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via

email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

q. *Procedural schedule and final amendments:* The application will be processed according to the following Hydro Licensing Schedule. Revisions to the schedule will be made as appropriate. The Commission staff proposes to issue one environmental assessment rather than issue a draft and final EA. Comments, terms and conditions, recommendations, prescriptions, and reply comments, if any, will be addressed in an EA. Staff intends to give at least 30 days for entities to comment on the EA, and will take into consideration all comments received on the EA before final action is taken on the license application.

Issue Acceptance or Deficiency Letter.	April 2009.
Issue Scoping Document	May 2009.
Notice of application is ready for environmental analysis.	August 2009.
Notice of the availability of the EA.	March 2010.

Final amendments: Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the notice of ready for environmental analysis.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project Nos. P-2403-056; P-2721-020; P-2312-019]

Penobscot River Restoration Trust; Notice of Application for Surrender of Licenses Accepted for Filing, Soliciting Comments, Motions To Intervene and Protests, Ready for Environmental Analysis

January 26, 2009.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Surrender of Licenses.

b. *Project Nos.:* P-2403-056, P-2721-020, P-2312-019.

c. *Date filed:* November 7, 2008.

d. *Applicant:* Penobscot River Restoration Trust (Trust). PPL Maine, LLC is the licensee for the Veazie (P-

2403) and Howland (P-2721) Projects and PPL Great Works, LLC is the licensee for the Great Works Project (P-2312). Pursuant to the transfer orders issued January 6, 2009, the Trust is to become the licensee once the instruments of conveyance are signed. Pursuant to the Lower Penobscot River Basin Comprehensive Settlement Accord filed on June 25, 2004, the transfer of ownership to the Trust is contingent upon the issuance of the license surrender order.

e. *Name of Projects:* Veazie, Howland and Great Works Hydroelectric Projects.

f. *Location:* The Veazie and Great Works Projects are located on the Penobscot River in Penobscot County, Maine. The Howland Project is located on the Piscataquis River in Penobscot County, Maine.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Ms. Laura Rose Day, Penobscot River Restoration Trust, P.O. Box 5695, Augusta, Maine 04332, Telephone (207) 430-0114, e-mail laura@penobscotriver.org.

i. *FERC Contact:* Ms. Brandi Sangunett, Telephone (202) 502-8393, and e-mail brandi.sangunett@ferc.gov.

j. Deadline for filing motions to intervene and protests, comments, recommendations is 30 days from the issuance of this notice. All documents (original and eight copies) should be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

k. *Description of Request:* The applicant proposes to surrender the licenses for the Veazie, Great Works and Howland Hydroelectric Projects. In addition, the applicant proposes to decommission and remove the dams at the Veazie and Great Works Projects. Further, the applicant proposes to decommission the powerhouse, generating units, and existing fish ladder at the Howland Project. The applicant proposes to keep the Howland dam in place but remove the flashboards to lower the reservoir by 0.8 feet and create a nature-like fish bypass reach around the south end of the dam. This application is part of a four phase program to restore native sea-run fish through improved access to 1,000 miles of their historic habitat in the Penobscot River watershed while also accommodating the continued generation of hydroelectric power at specified locations.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room
