**OMB Control Number:** 1024-0009.

**Expiration Date:** 9/30/2009.

**Type of Request:** Extension of a currently approved collection of information.

**Description of Need:** Section 47 of the Internal Revenue Code requires that the Secretary of the Interior certify to the Secretary of the Treasury upon application by owners of historic properties for Federal tax benefits: (a) The historic character of the property, and (b) that the rehabilitation work is consistent with that historic character. The NPS administers the program with the Internal Revenue Service. NPS uses the Historic Preservation Certification Application to evaluate the condition and historic significance of buildings undergoing rehabilitation for continued use, and to evaluate whether the rehabilitation work meets the Secretary of the Interior's Standards for Rehabilitation. The Department of the Interior regulation 36 CFR Part 67 contains a requirement for completion of an application form. The information required on the application form is needed to allow the authorized officer to determine if the applicant is qualified to obtain historic preservation certifications from the Secretary of the Interior. These certifications are necessary in order for an applicant to receive substantial Federal tax incentives authorized by Section 47 of the Internal Revenue Code. These incentives include 20% Federal income tax credit for the rehabilitation of historic buildings and an income tax deduction for the donation of easements on historic properties. The Internal Revenue Code also provides 10%

Federal income tax credit for the rehabilitation of non-historic buildings built before 1936, and owners of non-historic buildings in historic districts must also use the application to obtain a certification from the Secretary of the Interior that their building does not contribute to the significance of the historic district before they claim this lesser tax credit for rehabilitation. The obligation to respond is required to obtain and retain benefits.
