SUPPLEMENTARY INFORMATION: PBGC's regulations prescribe actuarial valuation methods and assumptions (including interest rate assumptions) to be used in determining the actuarial present value of benefits under single-employer plans that terminate (29 CFR part 4044) and under multiemployer plans that undergo a mass withdrawal of contributing employers (29 CFR part 4281). Each month PBGC publishes the interest rates to be used under those regulations for plans terminating or undergoing mass withdrawal during the next month.

The interest rates are intended to reflect current conditions in the investment and annuity markets. To determine these interest rates, PBGC gathers pricing data from insurance companies that are providing annuity contracts to terminating pension plans through a quarterly "Survey of Nonparticipating Single Premium Group Annuity Rates." The survey is distributed by the American Council of Life Insurers and provides PBGC with "blind" data (*i.e.*, is conducted in such a way that PBGC is unable to match responses with the companies that submitted them). The information from the survey is also used by PBGC in determining the interest rates it uses to value benefits payable to participants and beneficiaries in PBGC-trusteed plans for purposes of PBGC's financial statements.

The survey is directed at insurance companies that have volunteered to participate, most or all of which are members of the American Council of

Life Insurers. The survey is conducted quarterly and will be sent to approximately 22 insurance companies. Based on experience under the current approval, PBGC estimates that 6 insurance companies will complete and return the survey. PBGC further estimates that the average annual burden of this collection of information is 26 hours and \$138.

The collection of information has been approved by OMB under control number 1212-0030 through March 31, 2009. PBGC is requesting that OMB extend its approval for another three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Issued in Washington, DC, this 29th day of January, 2009.

John H. Hanley,

Director, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation.

SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

In the Matter of Global 1 Investment Holdings Corporation, Respondent; Order of Suspension of Trading

February 2, 2009.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Global 1 Investment Holdings Corporation ("Global") because Global is delinquent in filing periodic reports with the Commission and because of questions regarding the accuracy and completeness of Global's representations to investors and prospective investors in Global's public filings with the Commission and Global's publicly-available press releases. Among other things, there are questions regarding the accuracy and completeness of Global's public assertions in its Form 10-QSB report purportedly for the quarter ended December 31, 2007, filed with the Commission on February 14, 2008, indicating by way of example that Global has created \$500 million to be used as collateral in structured credit transactions and that Global has the current ability and expertise to develop and produce small feature films and videos for a direct to the consumer distribution model.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in Global's securities.

Therefore, *It Is Ordered*, pursuant to Section 12(k) of the Securities Exchange
