Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

BNSF Railway Company

(*Waiver Petition Docket Number FRA–2008–0157*)

The BNSF Railway Company (BNSF) seeks a waiver of compliance with the Locomotive Safety Standards, 49 CFR 229.23 (requiring a periodic inspection at least every 92 days) and 229.25 (requiring specific tests at every periodic inspection) for BNSF General Electric *Evolution* series and Electro-Motive Diesel *ACe* series locomotives.

BNSF states in their request that each of the subject locomotives are equipped with new self-diagnostic technology and advanced computer control, and that the locomotives were designed by the manufacturer to be maintained at a 6 month interval. BNSF further indicates that if the waiver is granted, the required 92 day periodic inspection will be performed at 184 day intervals on the subject locomotives, and that qualified mechanical forces will perform at least one of the required daily inspections every 31 days. FRA non-complying conditions discovered on locomotives en-route or during any daily inspection will be moved to a mechanical facility capable of making required repairs.

If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance from certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Union Pacific Railroad Company*(Docket Number FRA-2008-0166)*

The Union Pacific Railroad Company (UP) seeks a waiver of compliance from certain provisions of 49 CFR part 218, *Railroad Operating Practices*.

Specifically, UP is requesting a waiver of Blue Signal Requirements as prescribed in 49 CFR 218.25 *Workers on a main track*, in Kansas City, KS and Kansas City, MO. These tracks are in the middle of the Kansas City facilities and are used for functions normally performed on yard tracks. Trains passing through the Kansas City Terminal stop for fuel, locomotive inspection, or adding or removing power from the train. To perform this work on the main track, UP must provide blue signal protection under 49 CFR 218.25. This request is for the following track locations:

- Main 1 and Main 2 between Manchester and Troost. (MX279–MX281);
- Main 1 and Main 2 at 18th St. Between KX004 and KX006;
- Mainline at 10th St. (KX287–KX289).

UP is requesting flexibility to treat these main tracks at the Kansas City facilities as tracks other than main tracks so they can have the option of protecting its employees working on, under, or between rolling equipment in accordance with § 218.25 *Workers on a main track*, or § 218.27 *Workers on track other than main track*, or a combination of both. UP believes that the safest and most efficient method of protecting its employees in the Kansas City facilities is through the use of a combination of blue signal protection and remotely controlled switches. UP believes that this request is similar to a waiver originally granted to the SP at El Paso, TX, and renewed to the UP under Docket Number FRA-2000-7669. UP states they have operated under the requirements of that waiver without any adverse effect on safety of operations and would like to have the same conditions for this request.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.
