[DA 09-52; MB Docket No. 04-318; RM-11040]

Radio Broadcasting Service; Culebra and Vieques, PR

AGENCY: Federal Communications Commission.

ACTION: Final rule; denial of petition for reconsideration.

SUMMARY: The Audio Division, Media Bureau, has issued a *Memorandum Opinion and Order* that denies a Petition for Reconsideration filed by Western New Life, Inc. ("Petitioner"), permittee and operator by Special Temporary Authority ("STA") of Station WJZG(FM), Channel 293A, Culebra, Puerto Rico, directed against the *Report and Order* in MB Docket No. 04-318. The *Memorandum Opinion and Order* denies Petitioner's request to substitute Channel 291A for Channel 254A at Culebra, Puerto Rico, in an attempt to obtain a permanent authorization for Station WJZG(FM). It also denies Petitioner's request to accommodate the foregoing allotment by deleting vacant Channel 291B at Vieques, Puerto Rico. Petitioner's alternative proposal to substitute Channel 254A for Channel

291B at Vieques so that Station WJZG(FM) could obtain a permanent authorization on Channel 291A at Culebra is also denied.

Endangered and Threatened Wildlife and Plants; Partial 90-Day Finding on a Petition To List 206 Species in the Midwest and Western United States as Threatened or Endangered With Critical Habitat

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of 90-day petition finding.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce a 90-day finding on 165 species from a petition to list 206 species in the mountain-prairie region of the United States as threatened or endangered under the Endangered Species Act of 1973, as amended (Act). We find that, for these 165 species, the petition does not present substantial scientific or commercial information indicating that listing may be warranted. Therefore, for these 165 species, we will not initiate a further status review in response to this petition; however, we are making no determination at this time on whether substantial information has been presented on the remaining 39 species included in the petition. A finding (or findings) will be made on the remaining 39 species at a later date. We ask the public to submit to us any new information that becomes available concerning the status of these 165 species, or threats to them or their habitat, at any time. This information will help us monitor and encourage the conservation of these species. An additional 2 species of the 206 were reviewed in a concurrent 90-day finding and, therefore, were not considered in this finding (see Petition).

DATES: The finding announced in this document was made on February 5, 2009. You may submit new information concerning this species for our consideration at any time.

ADDRESSES: This finding is available on the Internet at <http://www.regulations.gov>. Supporting information we used in preparing this finding is available for public inspection, by appointment, during normal business hours, at the U.S. Fish and Wildlife Service, Mountain-Prairie Regional Ecological Services Office, P.O.
