Abstract: The Ensuring Continued Access to Student Loans Act of 2008 (Pub. L. No. 110-227) (the ECASLA) which was signed into law on May 7, 2008, amended the Higher Education Act of 1965, as amended (the HEA) by adding a new Section 459A that provides the U.S. Department of Education (the Department) with temporary authority to purchase student loans from Federal Family Education Loan (FFEL) Program lenders. The documents included with this submission establish the terms and conditions that will govern certain loan purchases through the replication for the 2009-2010 academic year of the Loan Participation Purchase Program and the Loan Purchase Commitment Program that have been established for the 2007-2008 and 2008-2009 academic years.

DEPARTMENT OF ENERGY

A123 Systems, Inc.

AGENCY: Office of the General Counsel, Department of Energy.

ACTION: Notice of intent to grant exclusive patent license.

SUMMARY: Notice is hereby given with an intent to grant to A123 Systems, Inc. of Watertown, Massachusetts an exclusive license to practice the inventions described in U.S. Patent Application No. 11/768,977, entitled "High Power and High Energy Density Battery." The inventions are owned by the United States of America, as represented by the U.S. Department of Energy (DOE).

DATE: Written comments or nonexclusive license applications are to be received at the address listed below no later than March 11, 2009.

ADDRESSES: Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, 1000 Independence Ave., SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Annette R. Reimers, Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, Forrestal Building, Room 6F-067, 1000 Independence Ave., SW., Washington, DC 20585; Telephone (202) 586-3815. **SUPPLEMENTARY INFORMATION:** 35 U.S.C. 209 provides federal agencies with authority to grant exclusive licenses in federally-owned inventions, if, among other things, the agency finds that the public will be served by the granting of the license. The statute requires that no exclusive license may be granted unless public notice of the intent to grant the license has been provided, and the agency has considered all comments received in response to that public notice before the end of the comment period.

A123 Systems, Inc. of Watertown, Massachusetts has applied for an exclusive license to practice the inventions embodied in U.S. Patent Application No. 11/768,977 and has plans for commercialization of the inventions. The exclusive license will be subject to a license and other rights retained by the U.S. Government and other terms and conditions to be negotiated. DOE intends to negotiate to grant the license, unless, within 30 days of this notice, the Assistant General Counsel for Technology Transfer and Intellectual Property, Department of Energy, Washington, DC 20585, receives in writing any of the following, together with supporting documents:

(i) A statement from any person setting forth reason why it would not be in the best interests of the United States to grant the proposed license; or

(ii) An application for a nonexclusive license to the invention in which applicant states that it already has
