**SUPPLEMENTARY INFORMATION:** On December 24, 2008, the Federal Emergency Management Agency (FEMA), Department of Homeland Security (DHS), published a **Federal Register** notice “Voluntary Private Sector Accreditation and Certification Preparedness Program,” announcing PS-Prep, a DHS program established under the authority of Title IX of the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-53, 121 Stat. 266, 338 (Aug. 3, 2007). See 73 FR 79140; also available at <http://www.regulations.gov/search/index.jsp> (Docket ID FEMA-2008-0017). As discussed in the notice, DHS is developing PS-Prep to raise the level of private sector preparedness through a number of means, including: (i) Establishing a system for DHS to adopt private sector preparedness standards; (ii) encouraging creation of those standards; (iii) developing a method for a private sector entity to obtain a certification of conformity with a particular DHS-adopted private sector standard, and encouraging such certification; and (iv) making preparedness standards adopted by DHS more widely available.

The December 24, 2008 **Federal Register** notice (Docket ID FEMA-2008-0017) seeks recommendations from private sector stakeholders and the public at large regarding the private sector standards that DHS should adopt, both initially and over time (73 FR at 79142). The December 24, 2008 **Federal Register** notice also states that DHS intends to hold two public meetings in Washington, DC to provide a forum for public comment (See 73 FR 79145).

This notice announces the second stakeholder outreach meeting. FEMA is hosting this public meeting to discuss issues of interest pertaining to PS-Prep. The purpose of this meeting is to provide an open forum for additional comment and dialogue with DHS on PS-Prep. Individuals desiring to participate will have the opportunity to make a brief, formal or informal, presentation of

not more than 10 minutes and then, if desired, engage in a questions and answers session with DHS staff responsible for implementing PS-Prep. The specific issues to be discussed at this meeting include any of the material addressed in the December 24, 2008 **Federal Register** notice to include (i) cost considerations, such as fees for standards, certification, and preparedness costs related to size of business enterprise; (ii) the impact of existing practices, standards and regulations on participation in PS-Prep; (iii) understanding the spectrum of private sector preparedness, specifically from self-declaration of conformance to third-party certification; (iv) the role of the Federal Government in private sector preparedness; (v) key factors that influence participation in PS-Prep; (vi) the number and type of standards to be adopted by DHS; (vii) scalability of the certification, specifically related to location, products, services, and organizational components; (viii) priorities for national preparedness compared to business preparedness; and (ix) suggestion for effective outreach strategies and tactics to promote PS-Prep.

Public attendance is encouraged.

Dated: February 3, 2009.
