SUPPLEMENTARY INFORMATION:

I. Background

MEDCAC, formerly known as the Medicare Coverage Advisory Committee (MCAC), provides advice and recommendations to CMS regarding clinical issues. (For more information on MCAC, see the December 14, 1998 **Federal Register** (63 FR 68780).) This notice announces a public meeting of the Committee. During this meeting, the Committee will discuss the use of Bayesian statistics to interpret evidence in making coverage decisions. The meeting will introduce Bayesian concepts, contrast Bayesian approaches with frequentist approaches, and provide some examples of using Bayesian techniques for meta-analyses. Background information about this topic, including panel materials, is available at <http://www.cms.hhs.gov/coverage>. We encourage the

participation of appropriate organizations with expertise in Bayesian statistics, meta-analyses, and clinical trial design and analyses.

II. Meeting Format

This meeting is open to the public. The Committee will hear oral presentations from the public for approximately 45 minutes. The Committee may limit the number and duration of oral presentations to the time available. Comments should focus on issues specific to the list of topics that we have proposed to the Committee. The list of research topics to be discussed at the meeting will be available prior to the meeting on the CMS Web site at http://www.cms.hhs.gov/mcd/index_list.asp?list_type=mcac. We require that speakers publicly declare at the meeting any financial involvement with manufacturers (or their competitors) of any items or services being discussed.

The Committee will deliberate openly on the topics under consideration. Interested persons may observe the deliberations, but the Committee will not hear further comments during this time except at the request of the chairperson. The Committee will also allow a 15-minute unscheduled open public session for any attendee to address issues specific to the topics under consideration. At the conclusion of the day, the members will vote and the Committee will make its recommendation(s) to CMS.

III. Registration Instructions

CMS' Coverage and Analysis Group is coordinating meeting registration. While there is no registration fee, individuals must register to attend. You may register by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice by the deadline listed in the **DATES** section of this notice. Please provide your full name (as it appears on your state-issued driver's license), address, organization, telephone, fax number(s), and e-mail address. You will receive a registration confirmation with instructions for your arrival at the CMS complex or you will be notified the seating capacity has been reached.

IV. Security, Building, and Parking Guidelines

This meeting will be held in a Federal Government building; therefore, Federal security measures are applicable. We recommend that confirmed registrants arrive reasonably early, but no earlier than 45 minutes prior to the start of the meeting, to allow additional time to

clear security. Security measures include the following:

- Presentation of government-issued photographic identification to the Federal Protective Service or Guard Service personnel.
- Inspection of vehicle's interior and exterior (this includes engine and trunk inspection) at the entrance to the grounds. Parking permits and instructions will be issued after the vehicle inspection.
- Inspection, via metal detector or other applicable means of all persons brought entering the building. We note that all items brought into CMS, whether personal or for the purpose of presentation or to support a presentation, are subject to inspection. We cannot assume responsibility for coordinating the receipt, transfer, transport, storage, set-up, safety, or timely arrival of any personal belongings or items used for presentation or to support a presentation.

Note: Individuals who are not registered in advance will not be permitted to enter the building and will be unable to attend the meeting. The public may not enter the building earlier than 45 minutes prior to the convening of the meeting.

All visitors must be escorted in areas other than the lower and first floor levels in the Central Building.

Submission for OMB Review; Comment Request

Title: State High Performance Bonus System (HPBS) Transmission File Layouts for HPBS Work Measures.

OMB No.: 0970-0230.

Description: There is no longer a High Performance Bonus associated with this information collection. The Deficit Reduction Act of 2005 (Pub. L. 109-171) eliminated the funding for the High Performance Bonus (HPB), but we are

still requesting that States continue to submit data necessary to calculate the work measures previously reported under the HPB.

Specifically, The TANF program was reauthorized under the Deficit Reduction Act of 2005. The statute eliminated the funding for the HPB under section 403(a)(4). Nevertheless the Department is required under section 413(d) to annually rank State performance in moving TANF recipients into private sector employment. We are, therefore, requesting that States

continue to transmit monthly files of adult TANF recipients necessary to calculate the work measures performance data. To the extent States do not provide the requested information, we will extract the matching information from the TANF Data Report. This may result in calculation of the work performance measures based on sample data, which would provide us less precise information on States' performance.

The Transmission File Layouts form provides the format that States will

continue to use for the quarterly electronic transmission of monthly data on TANF adult recipients. States that have separate TANF-MOE files on these programs are also requested to transmit similar files. We are not requesting any changes to the Transmission File Layouts form.

Respondents: Respondents may include any of the 50 States, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
State High Performance Bonus System (HPBS) Transmission File Layouts for HPBS Work Measures	42	2	12	1,008

Estimated Total Annual Burden Hours: 1,008.

All requests should be identified by the title of the information collection. E-mail address: infocollection@acf.hhs.gov.
