The Critical Infrastructure Partnership Advisory Council (CIPAC)

AGENCY: Directorate for National Protection and Programs, DHS.

ACTION: Update of CIPAC council membership.

SUMMARY: The Department of Homeland Security (DHS) announced the establishment of the Critical

Infrastructure Partnership Advisory Council (CIPAC) by notice published in the **Federal Register** on March 24, 2006. That notice identified the purpose of CIPAC as well as its membership. This notice provides (i) the quarterly CIPAC membership update, (ii) instructions on how the public can obtain the CIPAC membership roster and other information on the Council, and (iii) information on recently completed CIPAC meetings.

FOR FURTHER INFORMATION CONTACT:

Nancy Wong, Director Partnership Programs and Information Sharing Office, Partnership and Outreach Division, Office of Infrastructure Protection, National Protection and Programs Directorate, United States Department of Homeland Security, Washington, DC 20528, telephone (703) 235-3999 or via e-mail at CIPAC@dhs.gov.

Responsible DHS Official: Nancy J. Wong, Director Partnership Programs and Information Sharing Office, Partnership and Outreach Division, Office of Infrastructure Protection, National Protection and Programs Directorate, United States Department of Homeland Security, Washington, DC 20528, telephone (703) 235-3999 or via e-mail at CIPAC@dhs.gov.

SUPPLEMENTARY INFORMATION: *Purpose and Activity:* CIPAC facilitates interaction between government officials and representatives of the community of owners and/or operators for each of the critical infrastructure or

key resource (CIKR) sectors defined by Homeland Security Presidential Directive 7 (HSPD-7) and identified in the National Infrastructure Protection Plan (NIPP). The scope of activities covered by CIPAC includes planning; coordinating among government and CIKR owner/operator security partners; implementing security program initiatives; conducting operational activities related to critical infrastructure protection security measures, incident response, recovery, infrastructure resilience, reconstituting CIKR assets and systems for both man-made as well as naturally occurring events; and sharing threat, vulnerability, risk mitigation, and infrastructure continuity information and best practices.

Organizational Structure: CIPAC members are organized into eighteen HSPD-7 critical infrastructure and/or key resource sectors. Within all of the sectors containing private sector CIKR owners/operators there generally exists a Sector Coordinating Council (SCC) that includes CIKR owners and/or operators or their representative trade associations. Each of the sectors also has a Government Coordinating Council (GCC) whose membership includes a lead Federal agency that is defined as the Sector Specific Agency (SSA), and all of the relevant Federal, State, local, Tribal, and/or Territorial government agencies (or their representative bodies) whose mission interests also involve the scope of the CIPAC activities for that particular sector.

CIPAC Membership: CIPAC Membership includes (i) CIKR owner and/or operator members of an SCC; (ii) trade association members who are members of a SCC representing the interests of CIKR owners and/or operators. CIKR owners and operators own and invest in infrastructure assets or in the systems and processes to secure them. CIKR owners and/or operators are held responsible by the public for CIKR operations and the response and recovery when their CIKR assets and systems are disrupted; (iii) each sector's Government Coordinating Council (GCC); and, based upon DHS' recent establishment of this council; (iv) State, local, Tribal, and Territorial governmental officials comprising the DHS State, Local, Tribal, Territorial GCC.

CIPAC Membership Roster and Council Information: The current roster of CIPAC membership is published on the CIPAC Web site (<http://www.dhs.gov/cipac>) and is updated as the CIPAC membership changes. Members of the public may visit the CIPAC Web site at any time to obtain current CIPAC membership as well as the current and historic list of CIPAC meetings and agendas.

SUPPLEMENTARY INFORMATION:

Background

On July 13, 2006, the Detroit International Bridge Company submitted a bridge permit application to the USCG for construction of a new companion bridge adjacent to the existing Ambassador Bridge between Detroit, MI and Windsor, ON, Canada. The new bridge will provide six lanes of travel, three in each direction. One lane in each direction will be dedicated

to low-risk commercial traffic and the other lanes will be open to general automobile and commercial traffic. The existing bridge, which is approximately 80 years old, will be closed to general traffic and used in the event of an emergency that results in the new bridge becoming unavailable, as well as for official government vehicles, bridge company vehicles, and special occasions. A draft Environmental Assessment was issued by the USCG for this project in May 2007. Since May 2007, substantial coordination has taken place with other expert agencies including, but not limited to, the Environmental Protection Agency, the Federal Highway Administration, the Advisory Council on Historic Preservation, Transport Canada, the Canadian Environmental Assessment Agency, representatives from the Michigan State Legislature, Michigan State Historic Preservation Office, the Southeast Michigan Council of Governments, and the Michigan Department of Transportation. As a result of this coordination, a Memorandum of Agreement pursuant to Section 106 of the National Historic Preservation Act has been executed and a Final Environmental Assessment/Draft Finding of No Significant Impact has been prepared.

The meeting is being held at the request of Congressman John Dingell, Michigan's 15th District Representative, to update the public on the proposed project, the environmental document and the USCG bridge permitting process.
