DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: International Trade Administration (ITA).

Title: Internet Web site Forms.

Form Number(s): ITA-4148P.

OMB Control Number: 0625-0237.

Type of Request: Regular submission.

Burden Hours: 3,559.

Number of Respondents: 21,335.

Average Hours per Response: 5-10 minutes.

Needs and Uses: The International Trade Administration's (ITA) U.S. Commercial Service (CS) is mandated by Congress to broaden and deepen the U.S. exporter base. The CS accomplishes this by providing counseling, programs and services to help U.S. firms export and conduct business in overseas markets. This information collection enables the CS to provide appropriate export services to U.S. exporters.

The dissemination of international market information and potential business opportunities for U.S. exporters are critical components of the Commercial Service's export assistance programs and services. U.S. companies conveniently access and indicate their interest in these services by completing and submitting the appropriate forms via ITA and CS U.S. Export Assistance Center Web sites.

The forms ask U.S. exporters standard questions about their company details, export experience, information about the products or services they wish to export and exporting goals. A few questions are tailored to a specific program type and will vary slightly with

each program. CS staff use this information to gain an understanding of client's needs and objectives so that they can provide appropriate and effective export assistance tailored to an exporter's particular requirements.

U.S. companies that are interested in obtaining export assistance or participating in a CS export-related program will provide the CS with information about:

- The export-related programs and services that they wish to participate in;
- Company background such as product/service to be exported, industry, company size, export experience, company contact information, and client name and contact information;

- Exporting goals and objectives such as markets of interest, industries, potential end-users; and
- Previous contact information with CS, such as the U.S. Export Assistance Center(s), CS staff, etc.

The collected information will be used by CS staff in counseling and assisting clients and in fulfilling U.S. firms' requests for export assistance services and programs.

The CS requests approval for the following nine information collection instruments:

Currently Approved

- Preliminary Consultation.
- Local Event.
- ShowTime.
- Market Express Bulletin.
- Export.gov Registration (current and new versions).
- Reporting International Success.

New

- Industry Focused Program.

- Business Service Providers.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Wendy L.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Quarterly Survey of State and Local Government Tax Revenues.

Form Number(s): F-71, F-72, F-73.

OMB Control Number: 0607-0112.

Type of Request: Regular submission.

Burden Hours: 7,159.

Number of Respondents: 7,108.

Average Hours per Response: 15 minutes.

Needs and Uses: The U.S. Census Bureau requests an extension of the current expiration date of the Quarterly Survey of State and Local Government Tax Revenues to ensure accurate collection of information about state and local government tax collections. These tax collections, amounting to nearly \$1.3 trillion annually, constitute approximately 47 percent of all governmental revenues. Quarterly measurement of, and reporting on, these massive fund flows provides valuable insight into trends in the national economy and that of individual states. Information collected on the type and quantity of taxes collected gives comparative data on how the various levels of government fund their public sector obligations.

The Census Bureau uses the three forms covered by this statement to collect state and local government tax data for this long established data series. The Bureau of Economic Analysis, the Federal Reserve Board, the Department of Treasury, the Department of Housing
