

interview a few weeks after the initial interview. The purpose of the validation interview is to verify that the initial interview took place as the interviewer reported and to assess the data quality of selected questionnaire items.

The BLS proposes to record randomly selected segments of the main interviews during round 13. Recording interviews helps the BLS and NORC to ensure that the interviews actually took place and that interviewers are reading the questions exactly as worded and entering the responses properly. Recording also helps to identify parts of the interview that might be causing problems or misunderstandings for interviewers or respondents. Each respondent will be informed that the interview may be recorded for quality control, training, and research purposes. If the respondent objects to the recording of the interview, the interviewer will confirm to the respondent that the interview will not be recorded and then proceed with the interview.

During round 13, the BLS proposes to administer a noninterview respondent questionnaire to sample members who have missed at least 5 consecutive rounds and who do not complete the round 13 interview on first approach. Responses to this questionnaire will

enable the BLS and NORC to learn more about long-term nonrespondents and therefore understand attrition patterns and any nonresponse bias. Other changes in round 13 include collecting permission forms from respondents to obtain their college transcripts. Permission forms will be sought from respondents who have received a high school diploma or General Education Development (GED) credential or completed coursework in a postsecondary degree program. Collection of permission forms is contingent on available funding.

The round 13 questionnaire includes questions on workplace injuries and illnesses and on exercise activity, diet and nutrition, and oral health. The questionnaire also includes additional questions on days of work missed due to emotional or mental health problems. Respondents who report serving on active military duty will be asked a series of questions on their military service. Military veterans also will be asked about their experience with programs designed to help service members make the transition from military to civilian life.

**III. Desired Focus of Comments**

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

*Type of Review:* Revision of a currently approved collection.

*Agency:* Bureau of Labor Statistics.

*Title:* National Longitudinal Survey of Youth 1997.

*OMB Number:* 1220-0157.

*Affected Public:* Individuals or households.

Form	Total respondents	Frequency	Total responses	Average time per response (min)	Estimated total burden (hours)
NLSY97 Pretest: June–July 2009 .....	150	Annually .....	150	65	163
Main NLSY97: September 2009–May 2010 .....	7,350	Annually .....	7,350	65	7,963
Round 13 Validation Interview .....	147	Annually .....	147	4	10
Noninterview Respondent Questionnaire .....	120	Annually .....	120	10	20
College Transcript Release Form .....	6,311	Once .....	6,311	1.5	158
<b>Total</b> .....	<b>7,620</b>	.....	<b>14,078</b>	.....	<b>8,314</b>

The difference between the total number of respondents and the total number of responses reflects the fact that about 6,311 are expected to complete the main interview and the college transcript release form. In addition, about 147 respondents will be interviewed twice, once in the main survey and a second time in the 4-minute validation interview.

*Total Burden Cost (capital/startup):* \$0.

*Total Burden Cost (operating/maintenance):* \$0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, this 18th day of February, 2009.
