

original and two copies of your letter to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First St., NE, Room 1A, Washington, DC 20426.

Label one copy of the comments for the attention of Gas Branch 2, PJ11.2.

Comments will be considered by the Commission but will not serve to make the commentor a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).¹ Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your comments considered.

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208-FERC or on the FERC Internet Web site (<http://www.ferc.gov>) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries and direct links to the documents. Go to <http://www.ferc.gov/esubscribenow.htm>.

Kimberly D. Bose,
Secretary.

[Docket No. QF08-564-000]

Georgia Pacific Toledo LLC; Notice of Filing of Notice of Self-Certification of Qualifying Status of a Cogeneration Facility

March 5, 2009.

Take notice that on May 15, 2008, Georgia Pacific Toledo LLC ("GP"), 1400 SE. Butler Bridge Road, Toledo, Oregon 97391, filed with the Federal Energy Regulatory Commission a notice of self-certification of a facility as a qualifying cogeneration facility pursuant to 18 CFR 292.207(a) of the Commission's regulations.

GP states that the facility in question is a topping-cycle cogeneration facility with a primary energy source of natural gas. The cogeneration facility consists of two black liquor recovery boilers, three power boilers, and one hog fuel (bark) boiler to generate electricity and process heat to serve the resident paper mill. The facility is located in Toledo, Oregon.

GP further states that the facility is interconnected to Central Lincoln PUD ("Lincoln"), and expects from time-to-time to sell energy to or purchase supplementary, standby, back-up, and maintenance power from Lincoln.

A notice of self-certification does not institute a proceeding regarding qualifying facility status; a notice of self-certification provides notice that the entity making filing has determined the Facility meets the applicable criteria to be a qualifying facility. Any person seeking to challenge such qualifying facility status may do so by filing a motion pursuant to 18 CFR 292.207(d)(iii).

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FercOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Kimberly D. Bose,
Secretary.

Federal Energy Regulatory Commission

[Docket Nos. CP07-406-003]

Monroe Gas Storage Company, LLC; Notice of Filing

March 4, 2009.

Take notice that on February 23, 2009, Monroe Gas Storage Company, LLC (Monroe Gas), 1200 17th Street, Suite 2100, Denver, CO 80202, filed an application, pursuant to section 7 of the Natural Gas Act (NGA) and Part 157 of the Commission's Rules and Regulations, for limited amendment to its certificate of public convenience and necessity issued on December 21, 2007 under Docket No. CP07-406-000. Monroe Gas seeks authorization to implement its Revised Well Plan Project at the certificated gas storage field currently under construction in Monroe County, Mississippi (Project). The application is on file with the Commission and open for public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866)208-3676, or for TTY, contact (202) 502-8659.

The Project will involve the relocation of two wells, the addition of eight new wells, and related changes to ancillary facilities, including well pads, gathering pipelines and access roads. There will be no changes to the certificated compression and control facilities. Monroe Gas does not seek to change the overall physical capabilities of the certificated gas storage field. The Project will affect a total of approximately 33.41 acres of land which located within the boundaries of the storage field as previously certificated.

Any questions regarding the application are to be directed to William B. Mathews, Monroe Gas Storage Company, LLC, 1200 17th Street, Suite 2100, Denver, CO 80202, (303) 951-4282.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with
