B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying

information (subject heading, **Federal Register** date and page number).

ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.

iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

iv. Describe any assumptions and provide any technical information and/or data that you used.

v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have a typical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. What Action is the Agency Taking?

EPA is announcing its receipt of several pesticide petitions filed under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, proposing the establishment or modification of regulations in 40 CFR part 174 or part 180 for residues of pesticide chemicals in or on various food commodities. EPA has determined that the pesticide petitions described in this notice contain the data or information prescribed in FFDCA section 408(d)(2); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data support granting of the pesticide petitions. Additional data may be needed before EPA can make a final determination on these pesticide petitions.

Pursuant to 40 CFR 180.7(f), a summary of each of the petitions that is

the subject of this notice, prepared by the petitioner, is included in a docket EPA has created for each rulemaking. The docket for each of the petitions is available on-line at <http://www.regulations.gov>.

As specified in FFDCA section 408(d)(3), (21 U.S.C. 346a(d)(3)), EPA is publishing notice of the petition so that the public has an opportunity to comment on this request for the establishment or modification of regulations for residues of pesticides in or on food commodities. Further information on the petition may be obtained through the petition summary referenced in this unit.

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: The Commission is required to report annually to Congress on the status of competition in markets for the delivery of video programming. This document extends the deadlines for filing comments and reply comments in response to the notice of inquiry for the 14th Annual Report to Congress, which requested data as of June 2007. The Commission needs to bring its reporting up to date and plans to issue a single report for 2007, 2008, and 2009. The Commission will issue a supplemental notice of inquiry to request information for 2008 and 2009. The supplemental notice will establish a single deadline for the filing of information for 2007 and 2008, consistent with this extension of time, and a slightly later deadline for the filing of 2009 information. A single set of deadlines for 2007 and 2008 will avoid duplication of effort by commenters and streamline Commission review of the submitted information.

DATES: Interested parties may file comments on or before April 28, 2009, and reply comments on or before May 28, 2009.

ADDRESSES: You may submit comments, identified by MB 07-269, by any of the following methods:

Synopsis of Order

1. On January 16, 2009, the Commission released its 13th Annual Report to Congress on the status of competition in the market for the delivery of video programming. See *Annual Assessment of the Status of Competition in the Market for the Delivery of Video Programming*, Notice of Inquiry, MB Docket No. 07-269, FCC 07-207. See also 74 FR 6875, Feb. 11, 2009. To fulfill its obligation to report annually on the state of competition in the video marketplace, pursuant to 47 U.S.C. 548(g), the Commission needs to bring

its reporting up to date. Accordingly, the Commission will issue a single report covering 2007, 2008, and 2009. To provide a record for the development of this combined report, the Commission will issue a supplemental notice of inquiry in this proceeding, as soon as possible, to request information for 2008 and 2009. The supplemental notice will establish a single deadline for the filing of information for 2007 and 2008 and a slightly later deadline for the filing of information for 2009. The establishment of a single set of filing deadlines for 2007 and 2008 will avoid duplication of effort by commenters and will streamline Commission review of the submitted information, thereby conserving commenters' and Commission resources.

2. Comments in response to the pending NOI seeking information as of June 30, 2007, are due on February 27, 2009, and reply comments are due on March 27, 2009. To provide time for the Commission to solicit additional data and comment pertaining to 2008 and 2009, and to afford commenters the opportunity to file their 2007 and 2008 information concurrently, we are hereby extending the comment periods announced in the NOI to coincide with the filing deadlines we expect to establish for the additional information for 2008. Accordingly, the deadlines for responding to the NOI are extended, *sua sponte* until April 28, 2009, for initial comments and until May 28, 2009, for reply comments. Comment deadlines for 2009 will be announced when the Commission issues its Supplemental NOI.

Procedural Matters

3. **Authority.** This *Order* is issued pursuant to Sections 4(i), 4(j), 403 and 628(g) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 154(j), 403, and 548(g), and Sections 0.061, 0.204, 0.283, and 1.46 of the rules, 47 CFR 0.061, 0.204, 0.283, and 1.46.

Federal Communications Commission.
