

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Project No. 13387-000]****Liberty University, Inc., Notice of Competing Preliminary Permit Application Accepted for Filing and Soliciting Comments and Motions To Intervene**

March 12, 2009.

On March 6, 2009, Liberty University, Inc., filed an application, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Scott's Mill Project No. 13387 to be located on the James River in Amherst and Bedford Counties, Virginia.

The proposed project would consist of: (1) The existing 15-foot-high, 925-foot-long Scott's Mill dam; (2) an existing 316-acre reservoir with a normal water surface elevation of 511 feet mean sea level; (3) a new powerhouse containing 4 generating units with a total installed capacity of 4.8 MW; (4) a new 70 to 500-foot-long underground transmission cable; and (5) appurtenant facilities. The estimated annual generation is 10,500 MWh.

*Applicant Contact:* Lee Beaumont, Assistant to the Chancellor, 1971 University Blvd., Lynchburg, VA 24502 (434) 592-3315.

*FERC Contact:* Tom Dean (202) 502-6041.

*Competing Application:* This application competes with Project No. 13302-000 filed October 14, 2008. The deadline to file a competing application or notice of intent ended February 6, 2009.

*Deadline for filing comments and motions to intervene:* 60 days from the issuance of this notice. Comments and motions to intervene may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "eFiling" link. If unable to be filed electronically, documents may be paper-filed. To paper-file, an original and eight copies should be mailed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. For more information on how to submit these types of filings please go to the Commission's Web site located at <http://www.ferc.gov/filing-comments.asp>. More information about this project can be viewed or printed on

the "eLibrary" link of the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Click-on general search and enter the docket number (P-13387) in the docket number field to access the document. For assistance, call toll-free 1-866-208-3372.

**BILLING CODE****DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Docket Nos. CP09-76-000; PF06-34-000]****Questar Overthrust Pipeline Company; Notice of Application**

March 12, 2009.

Take notice that on March 5, 2009, Questar Overthrust Pipeline Company (Overthrust), 180 East 100 South, Salt Lake City, Utah 84111, filed an application to section 7(c) of the Natural Gas Act (NGA) seeking authority to expand its interstate natural-gas transmission system by constructing and operating two new compressor packages. One compressor package will be located at a new Compressor Station called Point of Rocks and the other compressor package will be installed in a vacant bay in an existing building at the existing Rock Springs Compressor Station. The proposed Point of Rocks station and the Rock Springs station are both located within Sweetwater County, Wyoming, all as more fully set forth in the application. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Overthrust explains that the proposed new pipeline facilities, known as the Overthrust Compression Expansion Project (Compression Expansion), will enable it to transport an additional 300,000 Dth/d of natural gas from receipt points at Opal, Wyoming, to the existing interconnect with REX near Wamsutter, Wyoming. It is further explained that Overthrust has

negotiated a Transportation Service Agreement with Encana Marketing (USA) Inc. that has subscribed for the entire 300,000 Dth/d of incremental capacity created by the project.

Overthrust states that by letter dated October 9, 2008, in Docket No. PF06-34-000, the Commission's Office of Energy Projects granted Overthrust's September 26, 2008, request to utilize the Commission's Pre-Filing Process for the planned Compression Expansion. Overthrust has also submitted an applicant-prepared Draft Environmental Assessment that was prepared during the Pre-Filing Process that was included with this application.

Any questions regarding Overthrust's proposal in this application should be Directed to L. Bradley Burton, Manager, Federal Regulatory Affairs, Questar Pipeline Company, 180 East 100 South, P.O. Box 45360, Salt Lake City, Utah 84145, telephone: (801) 324-2459 or e-mail: [brad.burton@questar.com](mailto:brad.burton@questar.com) or Tad M. Taylor, Division Counsel, Questar Pipeline Company, 180 East 100 South, P.O. Box 45360, Salt Lake City, Utah 84145, telephone: (801) 324-5531.

On October 9, 2008, the Commission staff granted Overthrust's request to utilize the National Environmental Policy Act (NEPA) Pre-Filing Process and assigned Docket No. PF06-34-000 to staff activities involving the project. Now, as of the filing of this application on March 5, 2009, the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP09-76-000, as noted in the caption of this notice.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all

Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right

to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

*Comment Date:* April 2, 2009.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP03-33-005]

#### Wyckoff Gas Storage Company LLC; Notice of Application

March 12, 2009.

On March 2, 2009, Wyckoff Gas Storage Company, LLC, ("Wyckoff"), 6733 South Yale, Tulsa, OK 74136, pursuant to sections 7(b) and 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations, filed an abbreviated application to amend its certificates of public convenience and necessity issued in CP03-33-000 *et al.* for authority to enter into a payment in lieu of taxes transaction with the Steuben County Industrial Development Agency. This transaction would provide Wyckoff with property, sales, and use tax exemptions for the facilities at its certificated storage field in Steuben County, New York. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "e-Library" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC

at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (866) 208-3676, or for TTY, (202) 502-8659.

Any questions regarding this application should be directed to John A. Boone, Wyckoff Gas Storage Company, LLC, 6733 South Yale, Tulsa, OK 74136, (918) 491-4440, (918) 491-4422 (fax), or [johnbo@kfoc.net](mailto:johnbo@kfoc.net).

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in
