

per year.¹⁰⁵ The Commission does not consider this a substantial number.¹⁰⁶ Based on this understanding, the Commission certifies that this rule will not have a significant economic impact on a substantial number of small entities. Accordingly, no regulatory flexibility analysis is required.

VII. Comment Procedures

151. The Commission invites interested persons to submit comments on the matters and issues proposed in this notice to be adopted, including any related matters or alternative proposals that commenters may wish to discuss. Comments are due May 26, 2009. Comments must refer to Docket Nos. RM08–19–000, RM08–19–001, RM09–5–000 and RM06–16–005, and must include the commenter's name, the organization they represent, if applicable, and their address in their comments.

152. The Commission encourages comments to be filed electronically via the eFiling link on the Commission's Web site at <http://www.ferc.gov>. The Commission accepts most standard word processing formats. Documents created electronically using word processing software should be filed in native applications or print-to-PDF format and not in a scanned format. Commenters filing electronically do not need to make a paper filing.

153. Commenters that are not able to file comments electronically must send an original and 14 copies of their comments to: Federal Energy Regulatory Commission, Secretary of the Commission, 888 First Street NE., Washington, DC 20426.

154. All comments will be placed in the Commission's public files and may be viewed, printed, or downloaded remotely as described in the Document Availability section below. Commenters on this proposal are not required to

serve copies of their comments on other commenters.

VIII. Document Availability

155. In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the Internet through FERC's Home Page (<http://www.ferc.gov>) and in FERC's Public Reference Room during normal business hours (8:30 a.m. to 5 p.m. Eastern time) at 888 First Street, NE., Room 2A, Washington DC 20426.

156. From FERC's Home Page on the Internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

157. User assistance is available for eLibrary and the FERC's Web site during normal business hours from FERC Online Support at 202–502–6652 (toll free at 1–866–208–3676) or e-mail at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502–8371, TTY (202) 502–8659. E-mail the Public Reference Room at public.reference.room@ferc.gov.

By direction of the Commission.
Kimberly D. Bose,
Secretary.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket No. USCG–2009–0106]

RIN 1625–AA08

Special Local Regulation for Marine Events; Temporary Change of Dates for Recurring Marine Events in the Fifth Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to temporarily change the enforcement period of special local regulations for recurring marine events in the Fifth Coast Guard District. These regulations apply to only five recurring marine events that conduct on water activities such as power boat races, swimming

competitions, and harbor celebrations. Special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in portions of the Chester River, MD; Rappahannock River, VA; Elizabeth River, Southern Branch, VA; North Atlantic Ocean, Ocean City, MD; and Pasquotank River during each event.

DATES: Comments and related material must either be submitted to our online docket via <http://www.regulations.gov> on or before April 24, 2009 or reach the Docket Management Facility by that date.

ADDRESSES: You may submit comments identified by docket number USCG–2009–0106 using any one of the following methods:

(1) *Federal eRulemaking Portal:*

<http://www.regulations.gov>.

(2) *Fax:* 202–493–2251.

(3) *Mail:* Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590–0001.

(4) *Hand delivery:* Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202–366–9329.

To avoid duplication, please use only one of these methods. For instructions on submitting comments, see the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call Dennis Sens, Project Manager, Fifth Coast Guard District, Prevention Division, at 757–398–6204 or e-mail at Dennis.M.Sens@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted, without change, to <http://www.regulations.gov> and will include any personal information you have provided.

Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG–2009–0106),

¹⁰⁵ *Id.*

¹⁰⁶ The Regulatory Flexibility Act defines a “small entity” as “one which is independently owned and operated and which is not dominant in its field of operation.” See 5 U.S.C. 601(3) and 601(6); 15 U.S.C. 632(a)(1). In *Mid-Tex Elec. Coop. v. FERC*, 773 F.2d 327, 340–43 (DC Cir. 1985), the court accepted the Commission's conclusion that, since virtually all of the public utilities that it regulates do not fall within the meaning of the term *small entities* as defined in the Regulatory Flexibility Act, the Commission did not need to prepare a regulatory flexibility analysis in connection with its proposed rule governing the allocation of costs for construction work in progress (CWIP). The CWIP rules applied to all public utilities. The revised *pro forma* OATT will apply only to those public utilities that own, control or operate interstate transmission facilities. These entities are a subset of the group of public utilities found not to require preparation of a regulatory flexibility analysis for the CWIP rule.

indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online, or by fax, mail or hand delivery, but please use only one of these means. We recommend that you include your name and a mailing address, an e-mail address, or a phone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, select the Advanced Docket Search option on the right side of the screen, insert "USCG-2009-0106" in the Docket ID box, press Enter, and then click on the balloon shape in the Actions column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, select the Advanced Docket Search option on the right side of the screen, insert USCG-2009-0106 in the Docket ID box, press Enter, and then click on the item in the Docket ID column. You may also visit either the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays; or the Fifth Coast Guard District, Prevention Division, 431 Crawford Street, Portsmouth, VA 23704, between 10 a.m. and 2 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets

in the January 17, 2008 issue of the **Federal Register** (73 FR 3316).

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one to the Docket Management Facility at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

Marine events are frequently held on the navigable waters within the boundary of the Fifth Coast Guard District. The on-water activities that typically comprise marine events include sailing regattas, powerboat races, swim races and holiday parades. For a description of the geographical area of each Coast Guard Sector—Captain of the Port Zone, please see 33 CFR 3.25.

This regulation proposes to temporarily change the enforcement period of special local regulations for recurring marine events within the Fifth Coast Guard District. This proposed regulation applies to five marine events in 33 CFR 100.501, Table to § 100.501.

Annually, the District of Columbia Aquatics Club sponsors the "Maryland Swim for Life," on the waters of the Chester River near Chestertown, MD. The regulation at 33 CFR 100.501 is effective annually for the Maryland Swim for Life marine event. The event is an open water swimming competition held on the waters of the Chester River, near Chestertown, Maryland. Approximately 150 swimmers will start from Rolph's Wharf and swim up-river 2.5 miles then swim downriver returning back to Rolph's Wharf. A large fleet of support vessels accompany the swimmers. Therefore, to ensure the safety of participants and support vessels, 33 CFR 100.501 would be enforced for the duration of the event. Under provisions of 33 CFR 100.501, from 5:30 a.m. to 2:30 p.m. on July 11, 2009, vessels may not enter the regulated area unless they receive permission from the Coast Guard Patrol Commander. Vessel traffic may be allowed to transit the regulated area only when the Patrol Commander determines it is safe to do so.

On June 6, 2009, the Rappahannock River Boaters Association (RRBA) will sponsor the "2009 RRBA Spring Radar Shootout," on the waters of the Rappahannock River near Layton, Virginia. The regulation at 33 CFR 100.501 is effective annually for this river boat race marine event. The event

consists of approximately 35 powerboats participating in high-speed competitive races, traveling along a 3-mile straight line racecourse. Participating boats race individually within the designated course. A fleet of spectator vessels is anticipated to gather nearby to view the competition. Due to the need for vessel control during the event, vessel traffic will be temporarily restricted to provide for the safety of participants, spectators and transiting vessels. The regulation at 33 CFR 100.501 would be enforced for the duration of the event. Under provisions of 33 CFR 100.501, from 12 p.m. to 5 p.m. on June 6, 2009, or rain date June 7, 2009, vessels may not enter the regulated area unless they receive permission from the Coast Guard Patrol Commander.

Norfolk Festevents Ltd., Norfolk, VA sponsors the annual "Norfolk Harborfest Celebration," on the waters of the Elizabeth River between Norfolk and Portsmouth, VA. The regulation at 33 CFR 100.501 is effective annually for the Norfolk Harborfest marine event. This annual celebration of Norfolk Harbor consists of a variety of on the water activities that include an Opening Ceremony—Parade of Sail; jet ski, water ski, wake board demonstrations; Fire boat demonstrations; Lazy Lizzie Anything That Floats Parade and Race; Dinghy Parade; Search and Rescue demonstrations by USCG & USN; and Quick and Dirty Boat Race. Evening pyrotechnic displays "fireworks" will be fired from barge(s) on the Elizabeth River as part of the Harborfest celebration. A large fleet of spectator vessels is anticipated to view the Harborfest activities. Therefore, to ensure the safety of participants, spectators and transiting vessels, 33 CFR 100.501 would be enforced for the duration of the event. Under provisions of 33 CFR 100.501, from 9 a.m. July 3, 2009 to 11 p.m. on July 5, 2009, vessels may not enter the regulated area unless they receive permission from the Coast Guard Patrol Commander. Vessel traffic will be allowed to transit the regulated area between on the water events, when the Patrol Commander determines it is safe to do so.

The Offshore Performance Association (OPA) Racing LLC annually sponsors the "Offshore Grand Prix," on the waters of the North Atlantic Ocean near Ocean City, MD. The regulation at 33 CFR 100.501 is effective annually for the Ocean City Offshore race marine event. The event is conducted on the waters of the North Atlantic Ocean along the shoreline near Ocean City, MD. The event consists of approximately 50 V-hull and twin-hull

inboard hydroplanes racing in heats counter-clockwise around an oval race course. A fleet of spectator vessels is anticipated to gather nearby to view the competition. Therefore, to ensure the safety of participants, spectators and transiting vessels, 33 CFR 100.501 would be enforced for the duration of the event. Under provisions of 33 CFR 100.501, from 10 a.m. May 30, 2009 to 5 p.m. on May 31, 2009, vessels may not enter the regulated area unless they receive permission from the Coast Guard Patrol Commander. Due to the need for vessel control during the event, vessel traffic will be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

The Carolina Cup Regatta, Inc. annually sponsors a power boat race on the waters of the Pasquotank River near Elizabeth City, NC. The regulation at 33 CFR 100.501 is effective annually for this power boat race marine event. The event consists of approximately 25 inboard hydroplanes racing in counter clockwise heats around an oval race course. A fleet of spectator vessels is anticipated to gather nearby to view the competition. Therefore, to ensure the safety of participants, spectators and transiting vessels, 33 CFR 100.501 will be enforced for the duration of the event. Under provisions of 33 CFR 100.501, from 9 a.m. May 16, 2009 to 5 p.m. on May 17, 2009, vessels may not enter the regulated area unless they receive permission from the Coast Guard Patrol Commander. Due to the need for vessel control during the event, vessel traffic will be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

Discussion of Proposed Rule

The Coast Guard proposes to temporarily suspend the regulations at 33 CFR 100.501 by changing the date of enforcement in the table to § 100.501. The Coast Guard proposes to temporarily change the enforcement period of special local regulations for recurring marine events within the Fifth Coast Guard District. This regulation applies to five marine events listed in the Table to § 100.501 and are listed as follows.

Chester River, Chestertown, MD

The Table to § 100.501, event No. 21 establishes the enforcement date for the Maryland Swim for Life. This regulation proposes to temporarily change the enforcement date from “June—3rd Saturday or July—3rd Saturday” to the second Saturday in July, holding the marine event on July 11, 2009. The

District of Columbia Aquatics Club, which is the sponsor for this event, intends to hold this event annually; however, they have changed the date of the event for 2009 so that it is outside the scope of the existing enforcement period. Due to the need for vessel control while swimmers are in the water along the Chester River, vessel traffic would be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

Rappahannock River, Layton, VA

The Table to § 100.501, event No. 40 establishes the enforcement date for the “2009 RRBA Spring Radar Shootout”. This regulation proposes to temporarily change the enforcement date from “June—last Saturday” to the first Saturday in June, holding the marine event on June 6, 2009. The temporary special local regulations will be enforced from 12 p.m. to 5 p.m. on June 6, 2009, and will restrict general navigation in the regulated area during the event. The Rappahannock River Boaters Association (RRBA), which is the sponsor for this event, intends to hold this event annually; however, they have changed the date of the event for 2009 so that it is outside the scope of the existing enforcement period. Except for participants and vessels authorized by the Coast Guard Patrol Commander, no person or vessel will be allowed to enter or remain in the regulated area. These regulations are needed to control vessel traffic during the event to enhance the safety of participants, spectators and transiting vessels.

Elizabeth River, Norfolk, VA

The Table to § 100.501, event No. 37 establishes the enforcement date for Norfolk Harborfest. This regulation proposes to temporarily change the enforcement date from “June—1st Friday, Saturday and Sunday” to the first Friday, Saturday and Sunday in July, holding the marine event on July 3, through July 5, 2009. The Norfolk Festevents Ltd., which is the sponsor for this event, intends to hold this event annually; however, they have changed the date of the event for 2009 so that it is outside the scope of the existing enforcement period. Due to the need for vessel control during various on water activities along the Elizabeth River, vessel traffic would be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

North Atlantic Ocean, Ocean City, MD

The Table to § 100.501, event No. 38 establishes the enforcement date for the Ocean City Maryland Offshore Grand

Prix. This regulation proposes to temporarily change the enforcement date from “June—1st Friday and Saturday” to the last Saturday and Sunday in May, holding the marine event on May 30 and 31, 2009. The Offshore Performance Association (OPA) Racing LLC, which is the sponsor for this event, intends to hold this event annually; however, they have changed the date of the event for 2009 so that it is outside the scope of the existing enforcement period. Due to the need for vessel control while high performance power boats race along the shoreline at Ocean City, MD, vessel traffic would be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

Pasquotank River, Elizabeth City, NC

The Table to § 100.501, event No. 54 establishes the enforcement date for the Carolina Cup Regatta. This regulation proposes to temporarily change the enforcement date from “June—2nd Saturday and Sunday” to the third Saturday and Sunday in May, holding the marine event on May 16 and 17, 2009. The Carolina Cup Regatta Inc., which is the sponsor for this event, intends to hold this event annually; however, they have changed the date of the event for 2009 so that it is outside the scope of the existing enforcement period. Due to the need for vessel control while high performance power boats race along the Pasquotank River near Elizabeth City, NC, vessel traffic would be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated areas during the effective period. The regulated area is needed to control vessel traffic during the event to enhance the safety of participants and transiting vessels.

In addition to notice in the **Federal Register**, the maritime community will be provided extensive advance notification via the Local Notice to Mariners, and marine information broadcasts so mariners can adjust their plans accordingly.

Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

Although this proposed rule prevents traffic from transiting a portion of certain waterways during specified events, the effect of this regulation will not be significant due to the limited duration that the regulated area will be in effect and the extensive advance notifications that will be made to the maritime community via marine information broadcasts, local radio stations and area newspapers so mariners can adjust their plans accordingly. Additionally, this rulemaking does not change the permanent regulated areas that have been published in 33 CFR 100.501, Table to § 100.501. In some cases vessel traffic may be able to transit the regulated area when the Coast Guard Patrol Commander deems it is safe to do so.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This rule would affect the following entities, some of which might be small entities: the owners or operators of vessels intending to transit or anchor in the areas where marine events are being held. This regulation will not have a significant impact on a substantial number of small entities because it will be enforced only during marine events that have been permitted by the Coast Guard Captain of the Port. The Captain of the Port will ensure that small entities are able to operate in the areas where events are occurring when it is safe to do so. In some cases, vessels will be able to safely transit around the regulated area at various times, and, with the permission of the Patrol Commander, vessels may transit

through the regulated area. Before the enforcement period, the Coast Guard will issue maritime advisories so mariners can adjust their plans accordingly.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Fifth Coast Guard District listed under **FOR FURTHER INFORMATION CONTACT** at the beginning of this rule. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these

standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 0023.1 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and made a preliminary determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. Therefore, this rule is categorically excluded, under section 2.B.2. Figure 2–1, paragraph 34(h), of the Instruction and neither an

environmental assessment nor an environmental impact statement is required. This rule involves implementation of regulations within 33 CFR Part 100 that apply to organized marine events on the navigable waters of the United States that may have potential for negative impact on the safety or other interest of waterway users and shore side activities in the event area. The category of water activities includes but is not limited to sail boat regattas, boat parades, power boat racing, swimming events, crew racing, and sail board racing. Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule. We seek any comments or information that may lead to discovery of a significant environmental impact from this proposed rule.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

2. In the Table to § 100.501, suspend line Nos. 21, 37, 38, 40 and 54 from May 15, 2009 to July 15, 2009; and

a. From 5:30 a.m. to 2:30 p.m., on July 11, 2009, add line No. 58;

b. From 12 p.m. to 5 p.m., on June 6, 2009, add line No. 59;

c. From 9 a.m., July 3, 2009 to 11 p.m., July 5, 2009, add line No. 60;

d. From 10 a.m., May 30, 2009 to 5 p.m., May 31, 2009, add line No. 61; and

e. From 9 a.m., May 16, 2009 to 5 p.m., May 17, 2009, add line No. 62.

The additions read as follows:

§ 100.501–T05–0106 Special Local Regulations; Marine Events in the Fifth Coast Guard District.

Approval and Promulgation of Air Quality Implementation Plans: Kentucky; Approval of Section 110(a)(1) Maintenance Plans for the 1997 8-Hour Ozone Standard for the Huntington—Ashland Area, Lexington Area and Edmonson County

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the Kentucky State Implementation Plan (SIP) concerning the 8-hour ozone maintenance plans addressing the 1997 8-hour ozone standard for the following areas: the Kentucky portion of the Huntington-Ashland Area (a portion of Greenup County); Lexington Area (Fayette and Scott Counties); and Edmonson County. These maintenance plans were submitted for EPA action on May 27, 2008, by the Commonwealth of Kentucky and ensure the continued attainment of the 1997 8-hour ozone National Ambient Air Quality Standard (NAAQS) through the year 2020. These plans meet the statutory and regulatory requirements, and are consistent with EPA's guidance. EPA is proposing to
