### Bonneville Power Administration

#### Notice of Final Policy; Revised Policy on Determining Net Requirements of Pacific Northwest Utility Customers Under Sections 5(b)(1) and 9(c) of the Northwest Power Act

**AGENCY:** Bonneville Power Administration (BPA), Department of Energy.

**ACTION:** Notice of final policy.

**SUMMARY:** In July 2007, the Bonneville Power Administration released its Long-Term Regional Dialogue Final Policy (RD Policy) and associated Record of Decision (ROD). The RD Policy proposed specific, related changes to BPA's May 2000 Policy on Determining Net Requirements Under Sections 5(b)(1) and 9(c) of the Northwest Power Act (5(b)/9(c) Policy) that BPA identified as necessary for the successful implementation of the RD Policy. Accordingly, BPA conducted a limited-scope review of its 5(b)/9(c) Policy for the purpose of supporting the implementation of the RD Policy.

Section II.B.8 of the RD Policy describes the limited changes to the 5(b)/9(c) Policy. BPA issued its 2008 Proposal for Modifications to BPA's Policy on Determining Net Requirements Under Sections 5(b) and 9(c) of the Northwest Power Act for public comment in September 2008. Proposed modifications to the 5(b)/9(c)

Policy were limited to the changes stated in the RD Policy and necessary enabling language. Upon review and consideration of comment, BPA is now releasing its Revised Policy on Determining Net Requirements of Pacific Northwest Utility Customers Under Sections 5(b)(1) and 9(c) of the Northwest Power Act and its associated ROD.

**DATES:** On March 19, 2009, the BPA Administrator signed the 5(b)/9(c) ROD adopting the Revised Policy on Determining Net Requirements of Pacific Northwest Utility Customers Under Sections 5(b)(1) and 9(c) of the Northwest Power Act.

**ADDRESSES:** The Revised 5(b)/9(c) Policy and ROD are available on the BPA Web site at <http://www.bpa.gov/power/pl/regionaldialogue/implementation/documents/>. Copies are also available by contacting BPA's Public Information Center at (800) 622-4520.

### Federal Energy Regulatory Commission

[Docket No. CP09-81-000]

#### Atmos Energy Corporation; Notice of Application

March 24, 2009.

Take notice that on March 13, 2009, Atmos Energy Corporation, Lincoln Centre II, 5430 LBJ Freeway, Dallas, Texas 75240, filed in Docket No. CP09-81-000, an application pursuant to section 7(f) of the Natural Gas Act (NGA), as amended, and part 157 of the regulations of the Federal Energy Regulatory Commission (Commission), for a service area determination for the Bristol, Tennessee and Bristol, Virginia area, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. There is an "eSubscription" link on the Web site that enables subscribers to receive e-

mail notification when a document is added to a subscribed docket(s). For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to James H. Jeffries IV, Moore & Van Allen PLLC, Bank of America Corporate Center, 100 North Tryon Street, Suite 4700, Charlotte, North Carolina 28202-4003, telephone 704-331-1000, e-mail [jimjeffries@mvalaw.com](mailto:jimjeffries@mvalaw.com).

Pursuant to section 157.9 of the Commission's rules, within 90 days of this Notice the Commission staff will either complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the

Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.
