Abstract: In 1985, the Banking Supervisory Agencies issued procedures to be used by banks and certain other financial institutions operating in the United States to report known or suspected criminal activities to the appropriate law enforcement and Banking Supervisory Agencies. Beginning in 1994, the Banking Supervisory Agencies and the FinCEN redesigned the reporting process resulting in the Suspicious Activity Report, which became effective in April 1996. The report is authorized by the following regulations: 31 CFR 103.18 (FinCEN); 12 CFR 21.11 (OCC); 12 CFR 563.180 (OTS); 12 CFR 208.62(c), 211.5(k), 211.24(f), and 225.4(f) (Board); 12 CFR 353.3 (FDIC); 12 CFR 748.1 (NCUA). The regulations were issued under the authority contained in the following statutes: 31 U.S.C. 5318(g) (FinCEN); 12 U.S.C. 93a, 1818, 1881–84, 3401–22, 31 U.S.C. 5318 (OCC); 12 U.S.C. 1463 and 1464 (OTS); 12 U.S.C. 248(a)(1), 625, 1818, 1844(c), 3105(c)(2) and 3106(a) (Board); 12 U.S.C. 1818–1820 (FDIC); 12 U.S.C. 1766(a), 1789(a) (NCUA).

Current Action: The Banking Supervisory Agencies and the FinCEN propose to renew, without revision, the currently approved form.²

Type of Review: Renewal of a currently approved collection.

Affected Public: Business, for-profit institutions, and non-profit institutions.

Estimated Number of Respondents:

² The form being renewed was approved by OMB effective June 30, 2007. On May 1, 2007, FinCEN published a **Federal Register** notice (72 FR 23891) (http://www.fincen.gov/statutes_regs/frn/pdf/sar_fr_notice.pdf) announcing the delayed implementation of the revised Suspicious Activity Report (SAR) forms. The revised SAR forms that support joint filings were originally scheduled to become effective on June 30, 2007 and mandatory on December 31, 2007. The delay in implementation does not impact ongoing suspicious activity reporting. Filers should continue to use the July 2003 form until further notice (http://www.fincen.gov/forms/files/f9022-47_sar-di.pdf). FinCEN will establish new dates for using the revised SAR forms in a future notice. Depository institutions will be provided ample lead time to incorporate the approved version.

BILLING CODE 4810–02–P

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs.

ACTION: Notice of Amendment of System of Records “Compensation, Pension, Education, and Rehabilitation Records—VA (58VA21/22/28)”—VA.

SUMMARY: As required by the Privacy Act of 1974, 5 U.S.C. 552a(e)(4), notice is hereby given that the Department of Veterans Affairs (VA) proposes to modify, alter, amend, rename and republish in its entirety existing system of records “Compensation, Pension, Education, and Rehabilitation Records—VA (58VA21/22/28)”.

DATES: Comments on this amended system must be received no later than May 1, 2009. If no public comment is received during the period allowed for comments, the amended system will become effective May 1, 2009.

ADDRESSES: Written comments concerning the proposed System of

Records may be submitted through <http://www.Regulations.gov>; by mail or hand-delivery to the Director, Regulations Management (O2REG), Department of Veterans Affairs, 810 Vermont Ave., NW., Room 1068, Washington, DC 20420; or by fax to (202) 273-9026. Copies of comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1063B, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays). Please call (202) 461-4902 for an appointment. (This is not a toll-free number.) In addition, during the comment period, comments may be viewed online through the Federal Docket Management System (FDMS) at <http://www.Regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Michael F. Palmer, Procedures Analyst, Compensation and Pension Service, Department of Veterans Affairs, 810 Vermont Ave., NW., Washington, DC 20420, (202) 461-9732.

SUPPLEMENTARY INFORMATION: This system of records contains information regarding applicants for and beneficiaries of benefits chiefly administered by the Veterans Benefits Administration (VBA) of the Department of Veterans Affairs (VA). This system is a core system for VBA programs. This system of records does not directly address health or memorial benefits administered respectively by the Veterans Health Administration or the National Cemetery Administration, the other two of the three Administrations within VA. This system was first published on March 3, 1976, and last amended on September 2, 2008, by the addition of routine use number 72, that was erroneously printed as number 70. Our comprehensive review of this system found that many routine uses could be modified, altered, amended or deleted. The Department proposes to reduce the existing 72 routine uses to 64 routine uses to reflect the present state of disclosure authority. Accordingly, the Department proposes to delete existing routine uses 30 and 31, which authorized disclosure on the basis of a valid subpoena issued by a competent Federal, State, or municipal court. Subsequent case law has invalidated the legality of disclosures solely on the basis of a subpoena. The Department has made minor, non-substantive changes to the remaining existing routine uses for grammar and clarity purposes, and those changes are not further discussed. Several routine uses were merged as they contained unnecessary duplication. Overall, these changes resulted in the elimination of

eight of the existing routine uses. In addition to the changes in the routine uses identified above, the Department also proposes to add Veterans Services Network (VETSNET) and the Virtual VA Suite of Applications to this existing system of records in the storage category, as these applications reflect state of the art trends in information processing and storage.

The Veterans Service Network (VETSNET) is a suite of five applications to improve the processing of claims within the Compensation and Pension (C&P) Service business line: Share, MAP—D (Modern Award Processing—Development), RBA2000 (Rating Board Automation), Awards and FAS (Finance and Accounting System). VETSNET will transition VBA's legacy system (Benefits Delivery Network, or BDN) to a more contemporary computing infrastructure. The Virtual VA Suite of Applications is an enterprise content management (ECM) system. It is comprised of 15 different technologies that capture, manage, preserve, and deliver content and documents related to C&P Service's business processes in an electronic form through the use of the electronic folder. The electronic folder (eFolder) is an application within the Virtual VA Suite of Applications that replaces manual paper transfer, and eliminates the need for storage of paper claims folders by providing secure and efficient electronic storage of data.

Finally, the Department is renaming the system "Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records—VA" with the corresponding number of 58VA 21/22/28 to signify that this is the 58th VA system of records. The numbers 21, 22, and 28 reflect VBA's internal office routing numbers: Compensation and Pension Programs (21), Education (22) and Vocational Rehabilitation and Employment Service (28). The Report of Intent to Amend a System of Records Notice For Veterans Benefits Administration (VBA) and an advance copy of the proposed changes have been sent to the appropriate Congressional committees and to the Director of the Office of Management and Budget (OMB) as required by 5 U.S.C. 552a(r) (Privacy Act) and guidelines issued by OMB (65 FR 77677), December 12, 2000.

Approved: March 12, 2009.

John R. Gingrich,
Chief of Staff, Department of Veterans Affairs.

educational assistance in order for the VA to obtain sufficient information necessary to pay that individual or the educational or training establishment the correct monetary amounts in an expeditious manner. However, information will not be provided under this routine use to an educational institution, training establishment, or other entity when the request is clearly an attempt by that establishment to seek assistance in collection attempts against the individual.

31. Identifying information and information regarding the induction, reentrance and dismissal of a disabled veteran from a vocational rehabilitation program may be disclosed at the request of the veteran to a VA-approved vocational rehabilitation training establishment to ensure that the trainee receives the maximum benefit from training.

32. Identifying information and information regarding the extent and nature of a veteran's disabilities with respect to any limitations to be imposed on the veteran's vocational programs may be disclosed at the request of the veteran to a VA-approved vocational rehabilitation-training establishment to ensure that the trainee receives the maximum benefit from training.

33. Information regarding the type and amount of training/education received, and the name and address of a veteran, may be disclosed at the request of a veteran to local and State agencies and to prospective employers in order to assist the veteran in obtaining employment or further training.

34. The name, claims file number and any other information relating to a veteran's or beneficiary's incarceration in a penal institution and information regarding a dependent's right to a special apportionment of the incarcerated individual's VA benefit payment may be disclosed to those dependents who may be eligible for entitlement to such apportionment in accordance with 38 U.S.C. 5313, 5307.

35. The name, claims file number and any other information relating to an individual who may be incarcerated in a penal institution may, pursuant to an arrangement, be disclosed to penal institutions or to correctional authorities in order to verify information concerning the individual's incarceration status. These records may also be disclosed as part of an ongoing computer-matching program to accomplish this purpose.

36. Identifying information, except for the name and address of a veteran, may be disclosed to a State agency for the purpose of conducting a computer match to determine if income and employment data are being properly reported to VA and to detect the unwarranted payment of benefits under title 38 U.S.C.

37. Identifying, disability, and award (type, amount and reasons for award) information may be released to the DOL (Department of Labor) in order for the DOL to conduct a computer matching program against the 'Office of Workers' Compensation Programs Federal Employees Compensation File, DOL/ESA-13, published in 46 FR 12357 on February 13, 1981. This match will permit the DOL to verify a person's eligibility for DOL payments as well as to detect situations where recipients may be erroneously receiving concurrent multiple payments from the DOL and VA, to identify areas where legislative and regulatory amendments directed toward preventing overpayments are needed, and to collect debts owed to the United States Government. This matching program is performed pursuant to the DOL Inspector General's authority under Public Law 95-452, section 4(a) to detect and prevent fraud and abuse. This disclosure is consistent with 38 U.S.C. 5701(b)(3).

38. The beneficiary's name, address, social security number and the amount (excluding interest) of any indebtedness waived under 38 U.S.C. 5302, or compromised under 4 CFR part 103 may be disclosed to the Treasury Department, Internal Revenue Service, as a report of income under 26 U.S.C. 61(a)(12).

39. Identifying information, including social security number, except for the name and address, may be disclosed to a Federal, State, County or Municipal agency for the purpose of conducting computer matches to obtain information to validate the entitlement of an individual, who is receiving or has received veterans' benefits under Title 10 or Title 38, United States Code. The name and address of individuals may also be disclosed to a Federal agency under this routine use if required by the Federal agency in order to provide information.

40. Identifying information, including the initials and abbreviated surname, the social security number, the date of birth and coding indicating the category of the individual's records, the degree of disability, the benefit program under which benefits are being paid and the computed amount of VA benefits for a calendar year may be released to the

Department of the Treasury, Internal Revenue Service (IRS) in order for IRS to conduct a computer matching program against the Internal Revenue Service's Forms 1040, Schedule R, Credit for the Elderly and the Permanently and Totally Disabled. This match will permit IRS to determine the eligibility for and the proper amount of Elderly and Disabled Credits claimed on IRS Form 1040, Schedule R. This matching program is performed pursuant to the provisions of Internal Revenue Code Section 7602. This disclosure is consistent with 38 U.S.C. 5701(b)(3).

41. Identifying information, such as name, social security number, VA claim number, date and place of birth, etc., in this system may be disclosed to an employer or school having information relevant to a claim in order to obtain information from the employer or school to the extent necessary to determine that eligibility for VA compensation or pension benefits continues to exist or to verify that there has been an overpayment of VA compensation or pension benefits. Any information in this system also may be disclosed to any of the above-entitled individuals or entities as part of ongoing computer matching programs to accomplish these purposes.

42. The name of a veteran, or other beneficiary, other information as is reasonably necessary to identify such individual, and any other information concerning the individual's indebtedness by virtue of a person's participation in a benefits program administered by VA, may be disclosed to the Treasury Department, Internal Revenue Service, for the collection of Title 38, U.S.C. benefit overpayments, overdue indebtedness, and/or costs of services provided to an individual not entitled to such services, by the withholding of all or a portion of the person's Federal income tax refund.

43. Veterans' addresses which are contained in this system of records may be disclosed to the Defense Manpower Data Center, upon its official request, for military recruiting command needs, Department of Defense civilian personnel offices' mobilization studies and mobilization information, debt collection, and Individual Ready Reserve (IRR) Units' locator services.

44. The name, address, VA file number, date of birth, date of death, social security number, and service information may be disclosed to the Defense Manpower Data Center. The Department of Defense will use this information to identify retired veterans and dependent members of their families who have entitlement to

Department of Defense benefits but who are not identified in the Defense Enrollment Eligibility Reporting System (DEERS) program and to assist in determining eligibility for Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) benefits. This purpose is consistent with 38 U.S.C. 5701. These records may also be disclosed as part of an ongoing computer-matching program to accomplish this purpose.

45. The name, address, VA file number, social security number, sex of veteran, date(s) of birth of the veteran and dependents, current benefit pay amounts for compensation or pension, pay status, check amount, aid and attendance status, veteran and spouse annual income amounts and type and combined degree of disability will be disclosed to the Department of Health and Human Services. The Social Security Administration will use the data in the administration of the Supplemental Security Income (SSI) payment system as prescribed by Public Law 92-603. These records may also be disclosed as part of an ongoing computer-matching program to accomplish these purposes. This purpose is consistent with 38 U.S.C. 5701.

46. The names and current addresses of VA beneficiaries who are identified by finance centers of individual uniformed services of the Department of Defense and the Department of Homeland Security (Coast Guard) as responsible for the payment of Survivor Benefit Plan (SBP) premium payments to be released from this system of records to them upon their official written request for such information for their use in attempting to recover amounts owed for SBP premium payments.

47. This routine use authorizes VA to compile lists of the social security numbers and loan account numbers of all persons with VA-guaranteed and portfolio loans in default, or VA loans on which there has been a foreclosure and the Department paid a claim, and provide these records to the Department of Housing and Urban Development for inclusion in its Credit Alert Interactive Voice Response System (CAIVRS). Information included in this system may be disclosed to all participating agencies and lenders who participate in the agencies' programs to enable them to verify information provided by new loan applicants and evaluate the creditworthiness of applicants. These records may also be disclosed as part of an ongoing computer-matching program to accomplish these purposes.

48. Identifying information including social security number, abbreviated surname, first and middle initial, date of birth, sex and claim number, and excluding the full name and address, may be disclosed to the Social Security Administration for the purpose of conducting a computer match to obtain information to validate the social security number maintained in VA records.

49. Any information contained in the files of veterans whose claims were referred to VA Central Office for an advisory opinion concerning their claims that their disabilities were incurred secondary to occupational radiation exposure may be disclosed to the Department of the Navy. The information to be furnished to the Navy would include the medical opinions, dose estimates, advisory opinions, and rating decisions including veterans' names, addresses, VA claim numbers, social security numbers and medical information. The requested information may be disclosed to the Department of the Navy upon receipt of its official written request for such information for its use in the review and assessment of its occupational radiation exposure controls and training.

50. A veteran's claims file number and folder location may be disclosed to a court of proper jurisdiction that has issued a garnishment order for that veteran under 42 U.S.C. 659 through 660.

51. An individual's identifying and payment information may be disclosed to the educational institution, training establishment, or other entity the individual attends (or attended) if that individual received educational assistance from VA based on training at that educational institution, training establishment, or entity. VA will disclose this information to assist the educational institution, training establishment, or other entity in verifying the individual's receipt of VA educational assistance and to assist the individual in applying for additional financial aid (e.g. student loans).

52. The name and address of a prospective, present, or former accredited representative, claims agent or attorney and any information concerning such individual which is relevant to a refusal to grant access privileges to automated veterans' claims records, or a potential or past suspension or termination of such access privileges may be disclosed to the entity employing the individual to represent veterans on claims for veterans benefits.

53. The name and address of a former accredited representative, claim agent or

attorney, and any information concerning such individual, except a veteran's name and home address, which is relevant to a revocation of such access privileges may be disclosed to an appropriate governmental licensing organization where VA determines that the individual's conduct that resulted in revocation merits reporting.

54. A record from this system (other than the address of the beneficiary) may be disclosed to a former representative of a beneficiary to the extent necessary to develop and adjudicate a claim for payment of attorney fees to such representative from past-due benefits under 38 U.S.C. 5904(d) and Public Law 109-461 or to review a fee agreement between such representative and the beneficiary for reasonableness under 38 U.S.C. 5904(c)(2) and Public Law 109-461.

55. Disclosure of tax returns and return information received from the Internal Revenue Service (IRS) may be made only as provided by 26 U.S.C. 6103 (an IRS confidentiality statute) also covering any IRS tax return information provided as part of an ongoing computer matching program.

56. Where VA determines that there is good cause to question the legality or ethical propriety of the conduct of a person or organization representing a person in a matter before VA, a record from this system may be disclosed, on VA's initiative, to any or all of the following: (1) Applicable civil or criminal law enforcement authorities and (2) a person or entity responsible for the licensing, supervision, or professional discipline of the person or organization acting as a representative. Name and home addresses of veterans and their dependents will be released on VA's initiative under this routine use only to Federal entities.

57. The name and address of a VA beneficiary, and other information as is reasonably necessary to identify such a beneficiary, who has been adjudicated as incompetent under 38 CFR 3.353, may be provided to the Attorney General of the United States or his/her designee, for use by the Department of Justice in the National Instant Criminal Background Check System (NICS) mandated by the Brady Handgun Violence Prevention Act, Public Law 103-159.

58. Disclosure may be made to the National Archives and Records Administration and General Services Administration in record management inspections and such other activities conducted under Authority of Title 44 U.S.C.

59. VA may disclose information from this system of records to the Department

of Justice (DoJ), either on VA's initiative or in response to DoJ's request for the information, after either VA or DoJ determines that such information is relevant to DoJ's representation of the United States or any of its components in legal proceedings before a court or adjudicative body, provided that, in each case, the agency also determines prior to disclosure that release of the records to the DoJ is a use of the information contained in the records that is compatible with the purpose for which VA collected the records. VA, on its own initiative, may disclose records in this system of records in legal proceedings before a court or administrative body after determining that the disclosure of records to the court or administrative body is a use of the information contained in the records that is compatible with the purpose for which VA collected the records.

60. Disclosure of relevant information may be made to individuals, organizations, public or private agencies, or other entities with whom VA has a contract or agreement or where there is a subcontract to perform such services as VA may deem practicable for the purposes of laws administered by VA, in order for the contractor or subcontractor to perform the services of the contract or agreement.

61. Disclosure to other Federal agencies may be made to assist such agencies in preventing and detecting possible fraud, waste, overpayment, or abuse by individuals in their operations and programs as well as identifying areas where legislative and regulatory amendments directed toward preventing overpayments. These records may also be disclosed as part of an ongoing computer-matching program to accomplish this purpose.

62. VA may on its own initiative, disclose any information or records to appropriate agencies, entities, and persons when (1) VA suspects or has confirmed that the integrity or confidentiality of information in the system of records has been compromised; (2) VA has determined that as a result of the suspected or confirmed compromise, there is a risk of embarrassment or harm to the reputations of the record subjects, harm to the economic or property interests, identity theft or fraud, or harm to the programs (whether maintained by VA or another agency or entity) that rely upon the potentially compromised information; and (3) the disclosure is to agencies, entities, or persons whom VA determines are reasonably necessary to assist or carry out the VA's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or

remedy such harm. This routine use permits disclosures by VA to respond to a suspected or confirmed data breach, including the conduct of any risk analysis or provision of credit protection services as provided in 38 U.S.C. 5724, as the terms are defined in 38 U.S.C. 5727.

63. VA may disclose information to other Federal Agencies including, but not limited to, identifying information, payment information, and vocational objectives about a veteran or service member who is receiving or has received benefits under the Vocational Rehabilitation program to be used in data analysis and development of performance measures.

64. Any information contained in this system may be disclosed by VA, as deemed necessary, to DoD for use for determinations required by DoD. VA will routinely use the information to conduct medical evaluations needed to produce VA disability ratings and to promulgate subsequent claims for benefits under Title 38 U.S.C.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

The Benefits Delivery Network (BDN), Virtual VA, Corporate WINRS, and Veterans' Service Network (VETSNET) are data telecommunication terminal systems. Records (or information contained in records) are maintained on paper documents in claims folders (C-folders), vocational rehabilitation folders, electronic file folders (*e.g.*, Virtual VA, and TIMS Files), and on automated storage media (*e.g.*, microfilm, microfiche, magnetic tape and disks). Such information may be accessed through BDN, Virtual VA, Corporate WINRS, and VETSNET terminals. BDN, Virtual VA, Corporate WINRS, and VETSNET terminal locations include VA Central Office, regional offices, VA health care facilities, Veterans Integrated Service Network (VISN) offices, Department of Defense Finance and Accounting Service Centers and the U.S. Coast Guard Pay and Personnel Center. Remote on-line access is also made available to authorized remote sites, representatives of claimants and to attorneys of record for claimants. A VA claimant must execute a prior written consent or a power of attorney authorizing access to his or her claims records before VA will allow the representative or attorney to have access to the claimant's automated claims records. Access by representatives and attorneys of record is to be used solely for the purpose of assisting an

individual claimant whose records are accessed in a claim for benefits administered by VA. Information relating to receivable accounts owed to VA, designated the Centralized Accounts Receivable System (CARS), is maintained on magnetic tape, microfiche and microfilm. CARS is accessed through a data telecommunications terminal system at St. Paul, Minnesota.

RETRIEVABILITY:

File folders, whether paper or electronic, are indexed by name of the individual and VA file number. Automated records are indexed by name, VA file number, payee name and type of benefit. Automated Records of employee productivity cannot be accessed. At the conclusion of a monthly reporting period, the generated listing is indexed by employee BDN identification number. Records in CAIVRS may only be retrieved by social security number.

SAFEGUARDS:

1. Physical Security:

(a) Access to working spaces and claims folder file storage areas in VA regional offices and centers is restricted to VA employees on a need-to-know basis. Generally, file areas are locked after normal duty hours and the offices and centers are protected from outside access by the Federal Protective Service or other security personnel. Employee claims file records and claims file records of public figures are stored in separate locked files. Strict control measures are enforced to ensure that access to and disclosure from these claims file records are limited to a need-to-know basis.

(b) Access to BDN, Virtual VA, Corporate WINRS, and VETSNET data telecommunication networks are by authorization controlled by the site security officer who is responsible for authorizing access to the BDN, Virtual VA and VETSNET by a claimant's representative or attorney approved for access in accordance with VA regulations. The site security officer is responsible for ensuring that the hardware, software and security practices of a representative or attorney satisfy VA security requirements before granting access. The security requirements applicable to the access of automated claims files by VA employees also apply to the access of automated claims files by claimants' representatives or attorneys. The security officer is assigned responsibility for privacy-security measures, especially for review of violation logs, information logs and

control of password distribution, including password distribution for claimants' representatives.

(c) Access to data processing centers is generally restricted to center employees, custodial personnel, Federal Protective Service and other security personnel. Access to computer rooms is restricted to authorized operational personnel through electronic locking devices. All other persons provided access to computer rooms are escorted.

(d) Employee production records are identified by the confidential BDN and VETSNET employee identification number, and are protected by management/supervisory personnel from unauthorized disclosure in the same manner as other confidential records maintained by supervisors.

2. BDN, Virtual VA and VETSNET System Security:

(a) Usage of the BDN, Virtual VA, Corporate WINRS and VETSNET systems is protected by the usage of "login" identification passwords and authorized function passwords. The passwords are changed periodically. These same protections apply to remote access users.

(b) At the data processing centers, identification of magnetic tapes and disks containing data is rigidly enforced using labeling techniques. Automated storage media, which are not in use, are stored in tape libraries, which are secured in locked rooms. Access to programs is controlled at three levels: Programming, auditing and operations. Access to the data processing centers where HUD maintains CAIVRS is generally restricted to center employees and authorized subcontractors. Access to computer rooms is restricted to center employees and authorized operational personnel through electronic locking devices. All other persons granted access to computer rooms are escorted. Files in CAIVRS use social security numbers as identifiers. Access to information files is restricted to authorized employees of participating agencies and authorized employees of lenders who participate in the agencies' programs. Access is controlled by agency distribution of passwords. Information in the system may be accessed by use of a touch-tone telephone by authorized agency and lender employees on a "need-to-know" basis.

RETENTION AND DISPOSAL:

Compensation, pension, and vocational rehabilitation claims file folders are retained at the servicing regional office until they are inactive for three years, after which they are transferred to the Records Management

Center (RMC) for the life of the veteran. At the death of the veteran, these records are sent to the Federal Records Center (FRC), and maintained by the FRC for 75 years, and thereafter, destroyed. Some claims file folders are electronically imaged, in which case, the electronic file folder is maintained in the same manner as the claims file folder. Once a file is electronically imaged and accepted by VA, its paper contents (with the exception of service treatment records and official legal documents), are destroyed in accordance with Records Control Schedule VB-1 Part 1 Section XIII, as authorized by the National Archives and Records Administration (NARA) of the United States.

Vocational Rehabilitation counseling records are maintained until the exhaustion of a veteran's maximum entitlement or upon the exceeding of a veteran's delimiting date of eligibility (generally, ten or twelve years from discharge or release from active duty), whichever occurs first, and then destroyed. Automated storage media containing temporary working information are retained until a claim is decided, and then destroyed. All other automated storage media are retained and disposed of in accordance with disposition authorization approved by NARA.

Education electronic file folders are retained at the servicing Regional Processing Office. Education folders may be destroyed in accordance with the times set forth in the Veterans Benefits Administration Records Management, Records Control Schedule VB-1, Part 1, Section VII, as authorized by NARA.

Employee productivity records are maintained for two years after which they are destroyed by shredding or burning. File information for CAIVRS is provided to HUD by VA on magnetic tape. After information from the tapes has been read into the computer the tapes are returned to VA for updating. HUD does not keep separate copies of the tapes.
