

SUMMARY: The Defense Science Board task force on Joint Professional Military Education will meet in closed session.

DATES: May 21–22, 2009.

ADDRESSES: SAIC, 4001 N. Fairfax Drive, Arlington, VA 22203.

FOR FURTHER INFORMATION CONTACT: CDR Kenneth Spurlock, Navy Military Assistant, Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301–3140, via e-mail at *Kenneth.spurlock@osd.mil*, or via phone at (703) 571–0083.

SUPPLEMENTARY INFORMATION: The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Board will discuss the identification of leader competencies—joint, service, and generic—to include parsing their inter-relationship; the current PME practices in the Services and joint communities; expansion of the JPME; service and joint community plans to modify JPME practices; how the Service and Joint PME programs support one another; advances in learning approaches and methods from academia, the private sector and other government agencies; the ability to administer JPME education in a more efficient and effective manner; and the ability to rapidly incorporate lessons learned from current operations into joint and Service JPME curricula.

In accordance with section 10(d) of the Federal Advisory Committee Act, Public Law 92–463, as amended (5 U.S.C. App. 2) and 41 CFR 102–3.155, the Department of Defense has determined that these Defense Science Board Quarterly meetings will be closed to the public. Specifically, the Under Secretary of Defense (Acquisition, Technology and Logistics), with the coordination of the DoD Office of General Counsel, has determined in writing that all sessions of these meetings will be closed to the public because they will be concerned throughout with matters listed in 5 U.S.C. 552b(c)(1) and (4).

Interested persons may submit a written statement for consideration by the Defense Science Board. Individuals submitting a written statement must submit their statement to the Designated Federal Official at the address detailed above, at any point; however, if a written statement is not received at least 10 calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the Defense Science Board. The

Designated Federal Official will review all timely submissions with the Defense Science Board Chairperson, and ensure they are provided to members of the Defense Science Board before the meeting that is the subject of this notice.

Office of the Secretary

Science and Technology Reinvention Laboratory Personnel Management Demonstration Project, Department of the Air Force, Air Force Research Laboratory (AFRL)

AGENCY: Office of the Deputy Under Secretary of Defense (Civilian Personnel Policy) (DUSD(CPP)), Department of Defense (DoD).

ACTION: Notice of amendment of the demonstration project plan.

SUMMARY: Section 342(b) of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 1995, as amended (10 U.S.C. 2358 note) by section 1109 of NDAA FY 2000 and section 1114 of NDAA FY 2001, authorizes the Secretary of Defense to conduct personnel demonstration projects at DoD laboratories designated as Science and Technology Reinvention Laboratories (STRs). The above-cited legislation authorizes DoD to conduct demonstration projects to determine whether a specified change in personnel management policies or procedures would result in improved Federal personnel management.

This amendment revises the Air Force Research Laboratory's (AFRL) personnel management demonstration project plan by providing flexibility to change the job categories in the future, eliminating the mandatory use of and providing guidance on optional use of Contribution-based Compensation System (CCS) factor weights.

DATES: This amendment to the demonstration project may be implemented beginning on the date of the publication of this notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

AFRL: Ms. Michelle Williams, AFRL/DPL, 1864 4th Street, Wright-Patterson AFB, Ohio 45433-7130.
DoD: Ms. Betty A. Duffield, CPMS-PSSC, Suite B-200, 1400 Key Boulevard, Arlington, VA 22209-5144.

SUPPLEMENTARY INFORMATION:

1. Background

The AFRL Personnel Management Demonstration Project's final plan was

published in the **Federal Register** November 27, 1996 (61 FR 60399). This demonstration project involves simplified job classifications, two types of appointment authorities, an extended probationary period, pay banding, and a CCS. Two amendments to the final plan have been published in the **Federal Register**. The first amendment to clarify which employees are subject to the extended probationary period; provide the CCS bonus to eligible employees subject to the GS-15, step 10 pay cap; and change the name of broadband level descriptor "Cooperation and Supervision" and CCS Factor 6 "Cooperation and Supervision" to "Teamwork and Leadership" was published in the **Federal Register** January 21, 2000 (65 FR 3498). The second amendment changed the amount of time required to be assessed under CCS from 180 to 90 calendar days and was published in **Federal Register** October 18, 2005 (70 FR 60495).

2. Overview

Through the past twelve CCS cycles, experience has revealed that guidelines for setting factor weights are overly restrictive and the six (originally five) job categories used for assessment may need to be modified or expanded to cover new and emergent work. This amendment gives more flexibility and authority to the Pay Pool Manager to use and set CCS factor weights and establish and use job categories as the need for new professional skills emerges within the laboratory environment.

I. Executive Summary

The Department of the Air Force established the AFRL personnel management demonstration project to be generally similar to the Department of the Navy China Lake personnel demonstration project. The AFRL demonstration project was built upon the concepts of a contribution-based compensation system, pay banding, two appointing authorities, extended probationary period, and simplified classification procedures.

II. Introduction

Purpose

The AFRL Demonstration Project provides managers, at the lowest practical level, the authority and flexibility needed to achieve a quality laboratory and quality research. The purpose of this notice is to provide flexibility to change the job categories, eliminate the mandatory use of and provide guidance on optional use of Contribution-based Compensation System (CCS) factor weights in an effort
