3.3 Flats—Machine Compatibility

Flat-size mailpieces meeting the standards in 1.0 and 3.0, but unable to meet the minimum flexibility standards described in 1.3, are not eligible for automation prices unless the mailpieces demonstrate flats-machine compatibility. Rigid flat-size mailpieces in paper, polywrap or similar packaging that allows for the pieces to be grasped and inducted into USPS flat-sorting equipment may qualify for automation prices when meeting the following standards:

- a. Mailpieces must be enclosed in envelopes or similar packaging capable of withstanding normal processing on USPS flat-sorting equipment.
b. Mailpieces must be approved for automation flats pricing by the USPS. Mailers seeking approval for mailpieces under this standard must contact their local manager, business mail entry for instructions on submitting sample mailpieces to the Pricing and Classification Service Center (PCSC) (see 608.8.0 for address) for analysis and possible testing. Mailpieces having a previous approval from the PCSC for automation flats prices, granted after May 2007, are not required to be resubmitted for a new approval. These and all other approvals granted under 3.3 expire in May 2010.
c. Mailpieces approved for automation flats pricing under this standard must print the endorsement "Automation Flat" directly under or to the left of the postage imprint.

POSTAL REGULATORY COMMISSION

39 CFR Part 3020

[Docket Nos. MC2009-21 and CP2009-26; Order No. 197]

New Domestic Mail Product

AGENCY: Postal Regulatory Commission. ACTION: Final rule.

SUMMARY: The Commission is adding the Postal Service's Priority Mail Contract 5 negotiated service agreement to the Competitive Product List. This action is consistent with changes in a recent law governing postal operations. Republication of the lists of market dominant and competitive products is also consistent with new requirements in the law.

DATES: Effective April 6, 2009 and is applicable beginning March 30, 2009.

FOR FURTHER INFORMATION CONTACT: Stephen L. Sharfman, General Counsel, 202-789-6820 and stephen.sharfman@prc.gov.

SUPPLEMENTARY INFORMATION:

Regulatory History, 74 FR 12406 (March 24, 2009).

I. Background

The Postal Service seeks to add a new product identified as Priority Mail Contract 5 to the Competitive Product List. For the reasons discussed below, the Commission approves the Request.

On March 13, 2009, the Postal Service filed a formal request pursuant to 39 U.S.C. 3642 and 39 CFR 3020.30 et seq. to add Priority Mail Contract 5 to the Competitive Product List. The Postal Service asserts that the Priority Mail Contract 5 product is a competitive product "not of general applicability" within the meaning of 39 U.S.C. 3632(b)(3). This Request has been assigned Docket No. MC2009-21.

The Postal Service contemporaneously filed a contract related to the proposed new product pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. The contract has been assigned Docket No. CP2009-26.

1 Request of the United States Postal Service to Add Priority Mail Contract 5 to Competitive Product List and Notice of Establishment of Rates and Class Not of General Applicability, March 13, 2009 (Request).

In support of its Request, the Postal Service filed the following materials: (1) A redacted version of the Governors' Decision authorizing the new product which also includes an analysis of Priority Mail Contract 5;² (2) a redacted version of the contract which, among other things, provides that the contract will expire 1 year from the effective date, which is proposed to be 1 day after the Commission issues all regulatory approvals;³ (3) requested changes in the Mail Classification Schedule product list;⁴ (4) a Statement of Supporting Justification as required by 39 CFR 3020.32;⁵ and (5) certification of compliance with 39 U.S.C. 3633(a).⁶

In the Statement of Supporting Justification, Mary Prince Anderson, Acting Manager, Sales and Communications, Expedited Shipping, asserts that the service to be provided under the contract will cover its attributable costs, make a positive contribution to coverage of institutional costs, and will increase contribution toward the requisite 5.5 percent of the Postal Service's total institutional costs. Request, Attachment D, at 1. W. Ashley Lyons, Manager, Corporate Financial Planning, Finance Department, certifies that the contract complies with 39 U.S.C. 3633(a). See *id.*, Attachment E.

The Postal Service filed much of the supporting materials, including the unredacted Governors' Decision and the unredacted contract, under seal. In its Request, the Postal Service maintains that the contract and related financial information, including the customer's name and the accompanying analyses that provide prices, terms, conditions, and financial projections, should remain confidential. *Id.* at 2–3.

In Order No. 193, the Commission gave notice of the two dockets, appointed a public representative, and provided the public with an opportunity to comment.⁷

II. Comments

Comments were filed by the Public Representative.⁸ No comments were

submitted by other interested parties. The Public Representative states that the Postal Service's filing complies with applicable Commission rules of practice and procedure, and concludes that the Priority Mail Contract 5 agreement comports with the requirements of title 39. *Id.* at 4. He further states that the agreement appears to be beneficial to the general public. *Id.* at 1.

The Public Representative believes that the Postal Service has provided adequate justification for maintaining confidentiality in this case. *Id.* at 2–3. He indicates that several contractual provisions are mutually beneficial to the parties and general public. *Id.*

III. Commission Analysis

The Commission has reviewed the Request, the contract, the financial analysis provided under seal that accompanies it, and the comments filed by the Public Representative.

Statutory requirements. The Commission's statutory responsibilities in this instance entail assigning Priority Mail Contract 5 to either the Market Dominant Product List or to the Competitive Product List. 39 U.S.C. 3642. As part of this responsibility, the Commission also reviews the proposal for compliance with the Postal Accountability and Enhancement Act (PAEA) requirements. This includes, for proposed competitive products, a review of the provisions applicable to rates for competitive products. 39 U.S.C. 3633.

Product list assignment. In determining whether to assign Priority Mail Contract 5 as a product to the Market Dominant Product List or the Competitive Product List, the Commission must consider whether the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products.

39 U.S.C. 3642(b)(1). If so, the product will be categorized as market dominant. The competitive category of products shall consist of all other products.

The Commission is further required to consider the availability and nature of enterprises in the private sector engaged in the delivery of the product, the views of those who use the product, and the likely impact on small business concerns. 39 U.S.C. 3642(b)(3).

The Postal Service asserts that its bargaining position is constrained by the existence of other shippers who can provide similar services, thus precluding it from taking unilateral action to increase prices without the

risk of losing volume to private companies. Request, Attachment D, para. (d). The Postal Service also contends that it may not decrease quality or output without risking the loss of business to competitors that offer similar expedited delivery services. *Id.* It further states that the contract partner supports the addition of the contract to the Competitive Product List to effectuate the negotiated contractual terms. *Id.* at para. (g). Finally, the Postal Service states that the market for expedited delivery services is highly competitive and requires a substantial infrastructure to support a national network. It indicates that large carriers serve this market. Accordingly, the Postal Service states that it is unaware of any small business concerns that could offer comparable service for this customer. *Id.* at para. (h).

No commenter opposes the proposed classification of Priority Mail Contract 5 as competitive. Having considered the statutory requirements and the support offered by the Postal Service, the Commission finds that Priority Mail Contract 5 is appropriately classified as a competitive product and should be added to the Competitive Product List.

Cost considerations. The Postal Service presents a financial analysis showing that Priority Mail Contract 5 results in cost savings while ensuring that the contract covers its attributable costs, does not result in subsidization of competitive products by market dominant products, and increases contribution from competitive products.

Based on the data submitted, the Commission finds that Priority Mail Contract 5 should cover its attributable costs (39 U.S.C. 3633(a)(2)), should not lead to the subsidization of competitive products by market dominant products (39 U.S.C. 3633(a)(1)), and should have a positive effect on competitive products' contribution to institutional costs (39 U.S.C. 3633(a)(3)). Thus, an initial review of proposed Priority Mail Contract 5 indicates that it comports with the provisions applicable to rates for competitive products.

The electronic files submitted in support of the Request did not include all supporting data. Future requests must provide all electronic files showing calculations in support of the financial models associated with the request. A failure to provide such information may delay resolution of requests in the future.

Other considerations. The Postal Service shall promptly notify the Commission of the scheduled termination date of the agreement. If the agreement terminates earlier than anticipated, the Postal Service shall

inform the Commission prior to the new termination date. The Commission will then remove the product from the Mail Classification Schedule at the earliest possible opportunity.

In conclusion, the Commission approves Priority Mail Contract 5 as a new product. The revision to the Competitive Product List is shown below the signature of this order and is effective upon issuance of this order.

IV. Ordering Paragraphs

It is Ordered:

1. Priority Mail Contract 5 (MC2009–21 and CP2009–26) is added to the Competitive Product List as a new product under Negotiated Service Agreements, Domestic.

2. The Postal Service shall notify the Commission of the scheduled termination date and update the Commission if termination occurs prior to that date, as discussed in this order.

3. The Secretary shall arrange for the publication of this order in the **Federal Register**.

49 CFR Part 232

[Docket No. FRA–2004–17529; Notice No.
 7]

RIN 2130–AB94

Adjustments to the Minimum and Maximum Civil Monetary Penalties for Violations of Federal Railroad Safety Laws or Federal Railroad Administration Safety Regulations; Correction

AGENCY: Federal Railroad
 Administration (FRA), Department of
 Transportation (DOT).

ACTION: Correcting amendment.

SUMMARY: On December 30, 2008, FRA
 published a final rule, pursuant to two
 statutes, which increased the minimum,
 ordinary maximum, and aggravated
 maximum civil monetary penalty it may
 apply when assessing a civil penalty for
 a violation of a railroad safety statute or
 regulation under its authority. (73 FR
 79698). In preparing that final rule for
 publication, an error was made: FRA
 instructed that the numerical amount
 “\$16,000” be removed from footnote 1
 of appendix A to 49 CFR part 232 of the
 final rule and the numerical amount
 “\$25,000” be added in its place. The
 instruction should have directed the
 removal of the numerical amount
 “\$11,000” and the addition of
 “\$25,000” in its place.

DATES: The correction to the final rule
 is effective on April 6, 2009.

FOR FURTHER INFORMATION CONTACT:
 Stephen N. Gordon, Trial Attorney,
 Office of Chief Counsel, FRA, 1200 New
 Jersey Avenue, SE., Mail Stop 10,
 Washington, DC 20590 (telephone 202–

SUPPLEMENTARY INFORMATION: An error
 was included in the final rule published
 on December 30, 2008. (73 FR 79698).
 FRA failed to account for an October 16,
 2008 amendment to footnote 1 in
 appendix A to part 232. The October 16,
 2008 amendment inadvertently changed
 the total ordinary maximum civil
 penalty amount normally assessed per
 day for two or more violations within a
