Notice of No Sales

Under 19 CFR 351.213(d)(3), the Department may rescind a review where there are no exports, sales, or entries of subject merchandise during the POR. If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the POR, it should notify the Department within 30 days of publication of this notice in the **Federal Register**. The Department will consider rescinding the review only if the producer or exporter, as appropriate, submits a properly filed and timely statement certifying that it had no exports, sales, or entries of subject

merchandise during the POR. All submissions must be made in accordance with 19 CFR 351.303 and are subject to verification in accordance with section 782(i) of the Act. Six copies of the submission should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on every party on the Department's service list.

Respondent Selection

Section 777A(c)(1) of the Act directs the Department to calculate individual dumping margins for each known exporter and producer of the subject merchandise. Where it is not practicable to examine all known producers/exporters of subject merchandise because of the large number of such companies, section 777A(c)(2) of the Act permits the Department to limit its examination to either: (1) a sample of exporters, producers or types of products that is statistically valid based on the information available at the time of selection; or (2) exporters and producers accounting for the largest volume of subject merchandise from the exporting country that can be reasonably examined. Due to the large number of firms requested for these administrative reviews and the resulting administrative burden to review each company for which a request has been made, the Department is exercising its authority to limit the number of respondents selected for review. See section 777A(c)(2) of the Act. In selecting the respondents for individual review, the Department intends to select respondents based on U.S. Customs and

Border Protection (CBP) data for U.S. imports during the POR.

We intend to release the CBP data under administrative protective order (APO) to all parties having an APO within five days of publication of this **Federal Register** notice, and to make our decisions regarding respondent selection within 20 days of publication of this notice. The Department invites comments regarding the CBP data and respondent selection within 10 days of publication of this **Federal Register** notice.

Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. Instructions for filing such applications may be found on the Department's Web site at <http://ia.ita.doc.gov/apo>.

This initiation and notice are in accordance with section 751(a)(1) of the Act and 19 CFR 351.221(c)(1)(i).

Dated: March 31, 2009.

Gary Taverman,

*Acting Deputy Assistant Secretary for

Market Development Cooperator Program (MDCP) 2009

AGENCY: International Trade Administration (ITA), Department of Commerce.

ACTION: Notice of funding availability.

SUMMARY: ITA announces the availability of funding for the FY 2009 Market Development Cooperator Program (MDCP). Through this program, ITA helps to underwrite the start-up costs of foreign market development ventures that industry organizations are often reluctant to undertake without Federal government support. The intent of this program is to support ITA's mission to create economic opportunity for U.S. workers and firms by promoting international trade and investment, strengthening industry competitiveness, and ensuring fair trade.

DATES: *Public Meeting:* The Department will hold a public meeting to discuss MDCP proposal preparation, procedures, and selection process on Wednesday, April 22, 2009. The ninety-minute meeting will begin at 2 p.m. in Room B841B, at the Herbert Clark Hoover Building, 14th and Constitution Avenue, NW., Washington, DC. The Department will not discuss specific proposals at this meeting. Attendance is not required. Interested parties may participate via telephone conference. Dial-in instructions will be posted on the Internet at trade.gov/mdcp. Interested parties can also obtain dial-in instructions from Mrs. Tonya Milstead at 202-482-5093.

Applications: The Department must receive completed applications by 5 p.m. Eastern Daylight Time, Tuesday, June 2, 2009. Late applications will not be accepted. Applicants whose applications have been accepted will be notified via e-mail or fax within ten days of the submission deadline.

ADDRESSES: Application packages will be available at <http://www.grants.gov>. Applicants are strongly encouraged to submit their applications via <http://www.grants.gov>. A hard-copy application kit can be obtained by contacting Mr. Brad Hess, U.S. Department of Commerce, HCHB 3215, 14th Street and Constitution Avenue, NW., Washington, DC 20230. Although grants.gov is the preferred method of submission, hard-copy applications may be submitted to the address noted above.

FOR FURTHER INFORMATION CONTACT: Mr. Brad Hess, Manager, Market Development Cooperator Program, Manufacturing and Services, ITA, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Room 3215, Washington, DC 20230.

SUPPLEMENTARY INFORMATION: Trade associations, State departments of trade, and other non-profit industry organizations are eligible to apply for an MDCP award. These organizations are particularly effective in reaching small- and medium-size enterprises (SMEs). Through MDCP cooperative agreements the Department provides technical and financial assistance that these organizations match. Organizations compete for a limited number of MDCP awards. (The program's eligibility requirements effectively preclude applications from individuals and private companies.) MDCP awards help to underwrite the start-up costs of new ventures that organizations are often reluctant to undertake without Federal government support. MDCP strengthens the competitiveness of U.S. industry by fostering projects that result in increased exports and/or market share for non-agricultural goods and services produced in the United States. As an active partner, ITA will, as appropriate, guide and assist organizations in achieving project objectives. ITA encourages organizations to propose projects that (1) best strengthen their industry through market development; and (2) leverage the partnership between the organization and ITA.

1. Definitions

Several definitions are provided in section VIII of the Federal Funding Opportunity notice (FFO), which is available at <http://www.trade.gov/mdcp>.
