Model
(3) DC-8-61, DC-8-62, and DC-8-63 airplanes.
(4) DC-8-61F, DC-8-62F, and DC-8-63F airplanes.
(5) DC-8-71, DC-8-72, and DC-8-73 airplanes.
(6) DC-8-71F, DC-8-72F, and DC-8-73F airplanes.

Unsafe Condition

(d) This AD results from fuel system reviews conducted by the manufacturer. We are issuing this AD to prevent pump inlet friction (i.e., overheating or sparking) when the fuel pumps are continually run as the center wing fuel tank becomes empty, and/or electrical arc burnthrough, which could result in a fuel tank fire or explosion.

Compliance

(e) Comply with this AD within the compliance times specified, unless already done.

Airplane Flight Manual (AFM) Revision

(f) Within 14 days after the effective date of this AD, revise the Certificate Limitations Section of the Boeing DC-8 AFM to include the following procedures that preclude dry running of fuel pumps and/or electrical arc burnthrough (this may be done by inserting a copy of this AD into the AFM):

“During level flight, the applicable alternate or center wing auxiliary tank boost pump switch must be placed in the OFF position no more than 5 minutes after the auto fill light is continuously illuminated.

DO NOT reset any tripped fuel pump circuit breakers.”

Alternative Methods of Compliance (AMOCs)

(g)(1) The Manager, Los Angeles Aircraft Certification Office (ACO), FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. Send information to ATTN: William Bond, Aerospace Engineer, Propulsion Branch, ANM-140L, FAA, Los Angeles ACO, 3960 Paramount Boulevard, Lakewood, California 90712-4137; telephone (562) 627-5253; fax (562) 627-5210.

(2) To request a different method of compliance or a different compliance time for this AD, follow the procedures in 14 CFR 39.19. Before using any approved AMOC on any airplane to which the AMOC applies, notify your appropriate principal inspector (PI) in the FAA Flight Standards District Office (FSDO), or lacking a PI, your local FSDO.

[Docket No. FAA-2008-1129; Airspace Docket No. 08-ANM-7]

Establishment of Class E Airspace; Ten Sleep, WY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action will establish Class E airspace at Ten Sleep, WY. Additional controlled airspace is necessary to accommodate aircraft using a new Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) at Red Reflet Ranch Airport, Ten Sleep, WY. This will improve the safety of Instrument Flight Rules (IFR) aircraft executing the new RNAV GPS SIAP at Red Reflet Ranch Airport, Ten Sleep, WY.

DATES: *Effective Date:* 0901 UTC, July 2, 2009. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:**History**

On February 13, 2009, the FAA published in the **Federal Register** a notice of proposed rulemaking to establish controlled airspace at Ten Sleep, WY (74 FR 7204). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9S signed October 3, 2008, and effective October 31, 2008, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in that Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace at Ten Sleep, WY. Controlled airspace is

necessary to accommodate IFR aircraft executing new RNAV (GPS) SIAPs at Red Reflet Ranch Airport, Ten Sleep, WY.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 discusses the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Red Reflet Ranch Airport, Ten Sleep, WY.

International Services Surveys: BE-150, Quarterly Survey of Cross-Border Credit, Debit, and Charge Card Transactions

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Final rule.

SUMMARY: This final rule amends regulations of the Bureau of Economic Analysis, Department of Commerce (BEA) to set forth the reporting requirements for a new mandatory survey entitled the BE-150, Quarterly Survey of Cross-Border Credit, Debit, and Charge Card Transactions. The survey will collect from major U.S. credit card companies data on cross-border credit, debit, and charge card transactions between U.S. cardholders traveling abroad and foreign businesses and between foreign cardholders traveling in the United States and U.S. businesses. The BE-150 survey will be conducted on a quarterly basis beginning with the first quarter of 2009.

The BE-150 survey data will be used by BEA in estimating the travel component of the U.S. International Transactions Accounts (ITAs). In constructing the estimates, these data

will be used in conjunction with data BEA is collecting separately from U.S. and foreign travelers on the Survey of International Travel Expenditures on the methods these travelers used to pay for their international travel, such as credit, debit, and charge card purchases, cash withdrawals, currency brought from home, and travelers' checks.

DATES: This final rule will be effective May 8, 2009.

FOR FURTHER INFORMATION CONTACT:

Chris Emond, Chief, Special Surveys Branch, (BE-50), Balance of Payments Division, Bureau of Economic Analysis, U.S. Department of Commerce, Washington, DC 20230; e-mail christopher.emond@bea.gov; or phone (202) 606-9826.

SUPPLEMENTARY INFORMATION: In the September 18, 2008 **Federal Register**, 73 FR 54095, BEA published a notice of proposed rulemaking to amend 15 CFR 801.9 to set forth reporting requirements for a new mandatory survey entitled BE-150, Quarterly Survey of Cross-Border Credit, Debit, and Charge Card Transactions. No comments were received on the proposed rule. Thus, the proposed rule is adopted without change.

Description of Changes

The BE-150 survey is a mandatory survey and will be conducted, beginning with transactions for the first quarter of 2009, by BEA under the International Investment and Trade in Services Survey Act (22 U.S.C. 3101-3108), hereinafter, "the Act." For the initial quarter of coverage, BEA will send the survey to potential respondents in April of 2009; responses will be due by May 30, 2009.

The BE-150 survey will collect from the U.S. credit card companies data covering cross-border credit, debit, and charge card transactions between U.S. cardholders traveling abroad and foreign businesses and between foreign cardholders traveling in the United States and U.S. businesses—by country of the transaction (for U.S. cardholders) or by country of residency of the cardholder (for foreign cardholders). Credit card companies that operate networks used to clear and settle credit card transactions between issuing banks and acquiring banks would be responsible for reporting on this survey. Issuing banks, acquiring banks, and individual cardholders will not be required to report. Data will be collected by the type of transaction, by type of card, by spending category, and by country. Data on credit card transactions of U.S. cardholders traveling abroad and foreign cardholders traveling in the

United States will be collected at an aggregate level from the U.S. credit card companies; data on the transactions of individuals will not be collected.

Survey Background

The Bureau of Economic Analysis (BEA), U.S. Department of Commerce, will conduct the survey under the International Investment and Trade in Services Survey Act (22 U.S.C. 3101-3108), hereinafter, "the Act." Section 4(a) of the Act (22 U.S.C. 3103(a)) provides that the President shall, to the extent he deems necessary and feasible, conduct a regular data collection program to secure current information related to international investment and trade in services and publish for the use of the general public and United States Government agencies periodic, regular, and comprehensive statistical information collected pursuant to this subsection.

In Section 3 of Executive Order 11961, as amended by Executive Orders 12318 and 12518, the President delegated the responsibilities under the Act for performing functions concerning international trade in services to the Secretary of Commerce, who has redelegated them to BEA.

The survey provides a basis for compiling the travel account of the United States international transactions accounts. In constructing the estimates, these data will be used in conjunction with data BEA is collecting separately from U.S. and foreign travelers on the Survey of International Travel Expenditures on the methods these travelers used to pay for international travel expenditures. With the two data sources, BEA will be able to estimate total expenditures by foreign travelers in the United States (U.S. exports) and total expenditures by U.S. travelers abroad (U.S. imports) by country and region.

Executive Order 12866

This final rule has been determined to be not significant for purposes of E.O. 12866.

Executive Order 13132

This final rule does not contain policies with Federalism implications sufficient to warrant preparation of a Federal assessment under E.O. 13132.

Paperwork Reduction Act

The collection-of-information in this final rule has been approved by the Office of Management and Budget (OMB) under control number 0608-0072 pursuant to the requirements of the Paperwork Reduction Act.
