The Exchange believes that the process used to set the proposed Temporary Member access fee and the proposed Temporary Member access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-12 with respect to the original Temporary Member access fee.⁶ Similarly, the Exchange believes that the process used to set the proposed ITP access fee and the proposed ITP access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-77 with respect to the original ITP access fee.⁷

Each of the proposed access fees will remain in effect until such time either that the Exchange submits a further rule filing pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ to modify the applicable access fee or the applicable status (*i.e.*, the Temporary Membership status or the ITP status) is terminated. Accordingly, the Exchange may, and likely will, further adjust the proposed access fees in the future if the Exchange determines that it would be appropriate to do so taking into consideration lease rates for transferable CBOE memberships prevailing at that time.

The procedural provisions of the CBOE Fee Schedule related to the assessment of each proposed access fee are not proposed to be changed and will remain the same as the current procedural provisions relating to the assessment of that access fee.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(4) of the Act,¹⁰ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among persons using its facilities.

⁶ See Securities Exchange Act Release No. 57293 (February 8, 2008), 73 FR 8729 (February 14, 2008) (SR-CBOE-2008-12), which established the original Temporary Member access fee, for detail regarding the rationale in support of the original Temporary Member access fee and the process used to set that fee, which is also applicable to this proposed change to the Temporary Member access fee as well.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and subparagraph (f)(2) of Rule 19b-4¹² thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-59700; File No. SR-CBOE-2009-009]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Order Approving a Proposed Rule Change To Amend its Rules Prohibiting Members From Functioning as Market Makers

April 2, 2009.

I. Introduction

On February 18, 2009, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to revise CBOE Rule 6.8C to eliminate certain restrictions prohibiting members

from functioning as market makers. The proposed rule change was published for comment in the **Federal Register** on February 26, 2009.³ The Commission received no comments on the proposal. This order approves the proposal.

II. Description of the Proposal

The Exchange proposes to amend Rule 6.8C, *Prohibition Against Members Functioning as Market Makers*, to eliminate certain of its restrictions. Rule 6.8C currently provides that a member, acting either as principal or agent, may neither enter nor permit the entry of orders into the Exchange's electronic order routing system if (i) the orders are limit orders for the account or accounts of the same beneficial owner(s); and (ii) the limit orders are entered in such a manner that the beneficial owner(s) effectively is operating as a market maker by holding itself out as willing to buy and sell such securities on a regular or continuous basis. The Exchange proposes that these restrictions be amended to apply only to customer orders (*i.e.*, non-broker-dealer orders) that are not Voluntary Professional orders.⁴ The restrictions would no longer be applicable to instances where a member is acting as principal on its own behalf or is acting as agent on behalf of other broker-dealer orders or Voluntary Professional orders. The Exchange noted that it is retaining the restriction for customers who are not Voluntary Professionals because such customers have priority at any price over the bids and offers of market makers, other broker-dealers, and Voluntary Professionals.

In addition, in those instances where its restrictions are applicable, Rule 6.8C currently provides that, in determining whether a beneficial owner effectively is operating as a market maker, the Exchange will consider, among other things, the simultaneous or near simultaneous entry of limit orders to buy and sell the same security, the entry of multiple limit orders at different prices in the same security, and the multiple acquisition and liquidation of

positions in the security during the same day. The Exchange proposes to remove the last condition pertaining to the multiple acquisition and liquidation of positions from its list of factors used for determining whether a beneficial owner is operating as a market maker. The Exchange noted that this activity no longer should be considered as a factor in determining whether a beneficial owner is effectively acting as a market maker.

III. Discussion

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange⁵ and, in particular, the requirements of Section 6 of the Act.⁶ Specifically, the Commission finds that the proposal is consistent with Section 6(b)(5) of the Act,⁷ in that the proposal has been designed to promote just and equitable principles of trade, and to protect investors and the public interest.

The Commission believes that it is consistent with the Act for an options exchange not to prohibit a user of its market from operating as a market maker without registering as such. The Commission previously approved rules at other options exchanges that do not impose such a prohibition,⁸ or impose such a prohibition on customers only.⁹ The Commission notes that while the Exchange will continue to prohibit

⁶ 15 U.S.C. 78f.

⁷ 15 U.S.C. 78f(b)(5).

⁸ See Securities Exchange Act Release No. 57478 (March 12, 2008), 73 FR 14521 (March 18, 2008) (approving rules governing the trading of options on the NASDAQ Options Market).

⁹ See Securities Exchange Act Release No. 59472 (February 27, 2009), 74 FR 9843 (March 6, 2009) (approval of rules for the trading of listed options on NYSEAlternext).

The Commission notes that any entity that acts as "dealer," as defined in Section 3(a)(5) of the Act, 15 U.S.C. 78c(a)(5), would be required to register with the Commission under Section 15 of the Act, 15 U.S.C. 78o, and the rules and regulations thereunder, or qualify for any exception or exemption from registration. Activity that may cause a person to be deemed a dealer includes "quoting a market in or publishing quotes for securities (other than quotes on one side of the market on a quotations system generally available to non-broker-dealers, such as a retail screen broker for government securities)." See Definitions of Terms in and Specific Exemptions for Banks, Savings Associations, and Savings Banks Under Sections 3(a)(4) and 3(a)(5) of the Securities Exchange Act of 1934, Securities Exchange Act Release No. 47364, 68 FR 8686, 8689, note 26 (February 24, 2003) (quoting OTC Derivatives Dealers, Securities Exchange Act Release No. 40594 (October 23, 1998), 63 FR 59362, 59370, note 61 (November 3, 1998)).

customers who are not Voluntary Professionals from operating as market makers, those customers will continue to have priority over the bids and offers of market makers, other broker-dealers, and Voluntary Professionals.

The Commission also believes that the Exchange's proposal to remove the condition pertaining to the multiple acquisition and liquidation of positions from its list of factors used for determining whether a beneficial owner is operating as a market maker is consistent with the Act. The Commission believes that the remaining factors are sufficient to enable the Exchange to determine whether a user of its market is operating as a market maker.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-CBOE-2009-09) is approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹
