**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Bureau of Economic Analysis (BEA) is responsible for the compilation of the U.S. international transactions accounts (ITAs), which it publishes quarterly in news releases, on its Web site, and in its monthly journal, the *Survey of Current Business*. These accounts provide a statistical summary of all U.S. international transactions and, as such, are one of the major statistical products of BEA. They are used extensively by both government and private organizations for national and international economic policy formulation and for analytical purposes. The information collected in this survey is used to develop the "transportation" portion of the ITAs. Potential respondents are U.S. agents of foreign ocean carriers operating in the United States. The information is collected on an annual basis from U.S. agents who handle 40 or more port calls by foreign ocean vessels and the covered expenses for all foreign ocean vessels handled by the U.S. agent were \$250,000 or more. U.S. agents who handle fewer than 40 port calls or where the total annual covered expenses for all foreign ocean vessels handled by the U.S. agent are below \$250,000 are exempt from reporting.

Without this information, an integral component of the ITAs would be omitted. No other government agency collects comprehensive annual data on foreign ocean carriers' expenses in the United States. There are no changes proposed to the form or instructions.

**II. Method of Collection**

The survey forms will be sent to respondents each quarter via US mail; the surveys are also available from our Web site. Respondents return the surveys one of four ways: U.S. mail, electronically using BEA's electronic collection system (eFile), fax or e-mail. Responses will be due within 50 days after the close of each calendar quarter.

**III. Data**

*OMB Number:* 0608-0012.

*Form Number:* BE-29.

*Type of Review:* Regular submission.

*Affected Public:* Businesses or other for-profit organizations.

*Estimated Number of Respondents:* 149.

*Estimated Time per Response:* 4 hours.

*Estimated Total Annual Burden Hours:* 596.

*Estimated Total Annual Cost to Public:* \$0.

**IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
