

**SUPPLEMENTARY INFORMATION:****I. Abstract**

The Office of Management and Budget (OMB) regulations at 5 CFR part 1320, which implement the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*, require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (*see* 5 CFR 1320.8 (d)).

On November 14, 2005, the Departments of Agriculture, the Interior, and Commerce published regulations at 7 CFR part 1, 43 CFR part 45, and 50 CFR part 221, to implement section 241 of the Energy Policy Act of 2005 (EPAAct), Public Law 109–58, which the President signed into law on August 8, 2005. Section 241 of the EPAAct adds a new section 33 to the Federal Power Act (FPA), 16 U.S.C. 823d, that allows the license applicant or any other party to the license proceeding to propose an alternative to a condition or prescription that one or more of the Departments develop for inclusion in a hydropower license issued by the Federal Energy Regulatory Commission (FERC) under the FPA. This provision requires that the Departments of Agriculture, the Interior and Commerce collect the information covered by 1094–0001.

Under FPA section 33, the Secretary of the Department involved must accept the proposed alternative if the Secretary determines, based on substantial evidence provided by a party to the license proceeding or otherwise available to the Secretary, (a) that the alternative condition provides for the adequate protection and utilization of the reservation, or that the alternative prescription will be no less protective than the fishway initially proposed by the Secretary, and (b) that the alternative will either cost significantly less to implement or result in improved operation of the project works for electricity production.

In order to make this determination, the regulations require that all of the following information be collected: (1) A description of the alternative, in an equivalent level of detail to the Department's preliminary condition or prescription; (2) an explanation of how the alternative: (i) If a condition, will provide for the adequate protection and utilization of the reservation; or (ii) if a prescription, will be no less protective than the fishway prescribed by the bureau; (3) an explanation of how the alternative, as compared to the preliminary condition or prescription, will: (i) cost significantly less to implement; or (ii) result in improved

operation of the project works for electricity production; (4) an explanation of how the alternative or revised alternative will affect: (i) energy supply, distribution, cost, and use; (ii) flood control; (iii) navigation; (iv) water supply; (v) air quality; and (vi) other aspects of environmental quality; and (5) specific citations to any scientific studies, literature, and other documented information relied on to support the proposal.

This notice of proposed renewal of an existing information collection is being published by the Office of Environmental Policy and Compliance, Department of the Interior, on behalf of all three Departments, and the data provided below covers anticipated responses (alternative conditions/prescriptions and associated information) for all three Departments.

### Bureau of Indian Affairs

#### Environmental Impact Statement for the Renewed Application for the Proposed Los Coyotes Band of Cahuilla and Cupeño Indians Fee-to-Trust Acquisition and Casino-Hotel Project, San Bernardino County, CA

**AGENCY:** Bureau of Indian Affairs, Interior.

**ACTION:** Notice of Correction; Republication and Correction.

**SUMMARY:** The Bureau of Indian Affairs (BIA) is republishing in its entirety a document it published in the March 27, 2009 **Federal Register** to correct the comment deadline listed in the **DATES** section. The correct comment deadline

is listed in the **DATES** section of this notice.

**DATES:** Comments on the scope of the EIS will be accepted until May 11, 2009.

**ADDRESSES:** You may mail or hand carry written comments to Dale Morris, Regional Director, Pacific Regional Office, Bureau of Indian Affairs, 2800 Cottage Way, Sacramento, California 95825.

**FOR FURTHER INFORMATION CONTACT:** John Rydzik, Chief, Division of Environment, Cultural Resources Management and Safety, BIA Pacific Region (916) 978–6051.

**SUPPLEMENTARY INFORMATION:** This notice corrects the comment deadline published in the March 27, 2009

**Federal Register**. There is no substantive change to the original notice; therefore, the description of the notice published on March 27, 2009 is reprinted here, as follows.

This notice advises the public that the BIA is correcting its previous NOI to prepare an environmental impact statement (EIS) for the Los Coyotes Band of Cahuilla and Cupeño Indians' renewed application for a Proposed Fee-to-Trust Acquisition and Casino-Hotel Project in San Bernardino County, California, which was published on June 6, 2008 (73 FR 32354). The NOI did not include the names of two additional cooperating agencies; provided a larger acreage of land to be transferred from fee to trust status; and contained some inaccuracies in the details of the proposed casino and hotel project. Therefore, this notice is being published, pursuant to the BIA National Environmental Policy Act (NEPA) Handbook, Section 6.4(A)(1), to supplement the June 2008 NOI by:

- Adding the U.S. Environmental Protection Agency and the City of Barstow, California, as cooperating agencies, in addition to the National Indian Gaming Commission and the Los Coyotes Band of Cahuilla and Cupeño Indians;

- Establishing that the proposed land acquisition would involve approximately 23.1 acres, rather than the 45 acres stated in the June 2008 NOI; and

- Correcting the proposed project details represent a smaller proposed development compared to the Los Coyotes Band of Cahuilla Cupeño Indians' original application (specifically, the corrected details are that the proposed project would include a proposed casino of approximately 89,003 square feet, a 160-room hotel, 3,000 parking spaces, and associated food and beverage facilities, retail space,

banquet/meeting space and administrative space).

Alternatives identified for analysis include the proposed action, a no-action alternative, a reduced-intensity development alternative, a non-gaming alternative, and an alternative development location alternative. Additional information, including a map of the project site, is available by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Dated: March 30, 2009.
