Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps

are available for inspection as indicated on the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Assistant Administrator of the Mitigation Directorate has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded

from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

BILLING CODE 9110-12-P

SUMMARY: In this document that was released on March 26, 2009, the Commission announces that effective April 28, 2009, the application fees charged to licensees and permittees will increase to reflect the change in the Consumer Price Index (CPI-U).

DATES: Effective April 28, 2009.

FOR FURTHER INFORMATION CONTACT: CORES Helpdesk at 1-877-480-3201 (Option 4).

SUPPLEMENTARY INFORMATION: According to an Order published in the **Federal Register** at 74 FR 5107, January 29, 2009, the application fees charged to licensees and permittees by the Federal Communications Commission (FCC) will increase effective April 28, 2009 to reflect the change in the Consumer Price Index-Urban (CPI-U). Section 8(b) of the Communications Act of 1934, as amended in the Omnibus Budget Reconciliation Act of 1989, requires cost-of-living adjustments to the application fee schedule every two years after October 1, 1991. Increases in the dollar amount of all section 8

application fees are based on the percentage change in the CPI-U from the date of enactment of the legislation. The new Schedule of Application Fees reflects the net change in the CPI-U of 4.9 percent, calculated from October 2005 through October 2007 in accordance with previously § 1.1115 (currently § 1.1117) of part 1 of the Commission's rules.

Wireless Telecommunications Services application fees that have an associated regulatory fee that must be paid at the time of application filing are noted by an asterisk in the Schedule. Please refer to the most recent Wireless Telecommunications Bureau Fee Filing Guide for the total fee that is due for these specific services.

Copies of all fee filing guides for each of the Bureaus/Offices that have feeable services may be obtained on the Internet at <http://www.fcc.gov/fees/appfees.html>. Copies may also be obtained by calling Forms Distribution at (202) 418-3676 or toll free by calling 1-800-418-3676.
