SUPPLEMENTARY INFORMATION:

Background

NTIA authorizes the U.S. Government's use of the radio frequency spectrum. 47 U.S.C. § 902(b)(2)(A). The NTIA Manual is the compilation of policies and procedures that govern the use of the radio frequency spectrum by the U.S. Government. Federal government agencies are required to follow these policies and procedures in their use of the spectrum.

Part 300 of title 47 of the Code of Federal Regulations provides information about the way in which NTIA regularly revises the NTIA Manual and public availability of this document and all revisions. The NTIA Manual is scheduled for revision in January, May, and September of each year. Federal agencies are required to comply with the specification in the NTIA Manual according to 47 U.S.C. 901 *et seq.*, Executive Order 12046 (March 27, 1978), 43 FR 13349, 3 CFR 1978 Comp., p. 158, when requesting frequency assignments for use of the radio frequency spectrum. This rule hereby incorporates by reference the Manual of Regulations and Procedures for Federal Radio Frequency Management, January 2008 Edition, September 2008 Revision, National Telecommunications and Information Administration, United States Department of Commerce. The Director of the Federal Register approves this incorporation by reference in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. You may obtain a copy from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, by referring to Catalog Number 903-008-00000-8. You may inspect a copy at the Office of Spectrum Management, 1401 Constitution Avenue, NW., Room 1087, Washington, DC 20230, or call (202) 482-8124, or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

This rule updates section 300.1(b) to specify the version of the NTIA Manual with which Federal agencies must comply when requesting frequency assignments for use of the radio frequency spectrum. Section 300.1(b) also amends the regulations by replacing "May 1992" with "January 2008" and "June 1993" with

"September 2008." Upon the effective date of this rule, Federal agencies must comply with the requirements set forth in the January 2008 edition of the NTIA Manual, as revised through September 2008.

NTIA also amends its regulations at section 300.1(c) to update the address where Federal agencies may request a copy of the NTIA Manual. The complete NTIA Manual is available from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, by referring to Catalog Number 903-008-00000-8. A reference copy of the NTIA Manual, including all revisions in effect, is available online at <http://www.ntia.doc.gov/osmhome/redbook/redbook.html>. The NTIA Manual is on file at the NARA. Paperwork Reduction Act

This action does not contain collection of information requirements subject to the Paperwork Reduction Act (PRA). Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the PRA, unless that collection displays a currently valid OMB Control Number.

Executive Order 12866

This rule has been determined to be not significant for purposes of Executive Order 12866.

Administrative Procedure Act/Regulatory Flexibility Act

NTIA finds good cause under 5 U.S.C. 553(b)(3)(B) to waive prior notice and opportunity for public comment as it is unnecessary. This action amends the regulations to modify a section heading and to delete a section addressing incorporation by reference because it is no longer the manner in which NTIA promulgates and distributes the NTIA Manual to Federal agencies. These changes do not impact the rights or obligations of the public. The NTIA Manual applies only to Federal agencies. Because these changes impact only Federal agencies, NTIA finds it unnecessary to provide for the notice and comment requirements of 5 U.S.C. 553.

Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the
