SYSTEM NAME:

Delete entry and replace with "Command and Control Management System Records."

* * * * *

SAFEGUARDS:

Delete entry and replace with "The Command and Control Management System (C2MS)" provides detailed and specific access levels and permissions to ensure that only authorized users have access to read and or write information, or perform other operations with the system. Access will be granted using the Common Access Card (CAC) or username/password security model. A combination of physical, personnel, and system-enforced security mechanisms control access. All accesses, whether procedural or system-enforced, is adjudicated based on each person's authorized "need-to-know."

NOTIFICATION PROCEDURE:

Delete entry and replace with "Individuals seeking to determine whether this system of records contains information about themselves should address written inquiries to the Department of Air Force, 552d Air Control Group (552 ACG), ATTN: C2MS PGM, 7575 Sentry Blvd, Suite 117, Tinker AFB, OK 73127-9037.

Individuals may also contact the system manager at each unit utilizing C2MS or the Host Database Manager. Official mailing addresses are published as an appendix to the Air Force's compilation of systems of records notices.

The requester must submit a written request to 552d Air Control Group (552 ACG), Attn: C2MS Program Manager, 7575 Sentry Blvd, Ste 117, Tinker AFB, OK 73145-2713.

Requests for information should be as specific as possible. The requester must describe the records that he/she seeks in enough detail to enable C2MS personnel to locate them in a reasonable amount of time. Request such as "all documents related to * * * are extremely difficult and costly to process because they require extensive search of numerous C2MS files. In contrast, a request for a specific document can generally be processed quicker. Such requests should include specific information about each record sought, such as the date, title or name, author, recipient and subject matter of the record.

A C2MS request can be made for any record. However, this does not mean that the C2MS discloses all of the

requested records. If the information is of a sensitive nature, C2MS will specify which exemption permits the withholding."

RECORD ACCESS PROCEDURES:

Delete entry and replace with "Individuals seeking access to information about themselves contained in this system should address written inquiries to 552d Air Control Group (552 ACG), ATTN: C2MS PGM, 7575 Sentry Blvd, Suite 117, Tinker AFB, OK 73127-9037.
