(e) *Grants to Outlying Areas*—Pub. L. 95-134, permitting the consolidation of grants to the outlying areas, does not apply to funds received under this program authority.

Within this absolute priority, we are particularly interested in applications that address the following invitational priorities.

Background:

The Secretary is especially interested in applications that propose programs of personnel preparation and professional development to address the inequitable distribution of highly qualified special education teachers between low and high poverty schools. Teacher quality is one of the most important factors in improving student achievement and eliminating achievement gaps between our neediest students and their more advantaged peers. Research shows that effective teaching is integral to improving the academic achievement of students who are at greatest risk of not meeting high academic standards. It is critical that children with disabilities from low-income and minority backgrounds have the same access to highly qualified special education teachers as do children with disabilities attending low poverty schools. One of the principal goals of the American Recovery and Reinvestment Act of 2009 (ARRA), Pub. L. 111-5, is making improvements in teacher effectiveness and in the equitable distribution of qualified teachers for all children, particularly children who are most in need. Section 14005(d)(2) of the ARRA recognizes that States need to make

significant progress in remedying the inequitable distribution of highly qualified teachers between low and high poverty schools and to ensure that low-income and minority children are not taught at higher rates by inexperienced, unqualified, or out-of-field teachers.

These invitational priorities, which focus on applications that promote teacher effectiveness to reduce inequities in highly qualified special education teacher distribution between low and high poverty schools, are consistent with the absolute priority for this program to improve results for children with disabilities through the delivery of high quality instruction and the recruitment, retention, and hiring of highly qualified special education teachers.

Invitational Priorities: Under 34 CFR 75.105(c)(1) we do not give an application that meets one of these invitational priorities a competitive or absolute preference over other applications.

These Priorities Are:

(1) Projects that will improve effectiveness of special education teachers of children with disabilities from low-income or minority backgrounds attending high poverty schools.

(2) Projects that will address inequities in the distribution of highly qualified special education teachers between low and high poverty schools.

(3) Projects that will work to ensure that low-income and minority children with disabilities are not taught at higher rates than other children by inexperienced, unqualified, or out-of-field teachers.

Program Authority: 20 U.S.C. 1451 through 1455.

Applicable Regulations: (a) EDGAR in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 97, 98, and 99. (b) The notice of final priority for this program published in the **Federal Register** on June 9, 2006 (71 FR 33578).

Note: The regulations in 34 CFR part 79 apply to all applicants except Federally recognized Indian tribes.

V. *Application Review Information*

1. *Selection Criteria:* The selection criteria for this program are from 34 CFR 75.210 and are listed in the application package.

2. *Peer Review:* In the past, the Department has had difficulty finding peer reviewers for certain competitions because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the

Department to find peer reviewers by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.

VI. *Award Administration Information*

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notice (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. *Performance Measures:* The goal of the SPDG Program is to reform and improve State systems for personnel preparation and professional development in early intervention, educational, and transition services in order to improve results for children with disabilities. Under the Government Performance and Results Act of 1993, the Department has developed performance measures to assess the success of the program in meeting these

goals. These measures are: (1) The percent of personnel receiving professional development through the SPDG Program based on scientific- or evidence-based instructional practices; (2) the percentage of SPDG projects that have implemented personnel development/training activities that are aligned with improvement strategies identified in their State Performance Plan; (3) the percentage of professional development/training activities provided through the SPDG Program based on scientific- or evidence-based instructional/behavioral practices; (4) the percentage of professional development/training activities based on scientific- or evidence-based instructional/behavioral practices, provided through the SPDG Program, that are sustained through ongoing and comprehensive practices (e.g., mentoring, coaching, structured guidance, modeling, continuous inquiry, etc.); (5) in States with SPDG projects that have special education teacher retention as a goal, the Statewide percentage of highly qualified special education teachers in State-identified professional disciplines (e.g., teachers of children with emotional disturbance, deafness, etc.), consistent with sections 602(a)(10) and 612(a)(14) of IDEA, who remain teaching after the first three years of employment; (6) the percentage of SPDG projects that successfully replicate the use of scientific- or evidence-based instructional/behavioral practices in schools; and (7) the percentage of SPDG projects whose cost per personnel receiving professional development on scientific- or evidence-based practices is within a specified range.

Each grantee must annually report its performance on these measures in the project's annual performance report to the Department in accordance with section 653(d) of IDEA and 34 CFR 75.590.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On May 30, 2002, the Department of Energy (DOE) issued Order No. EA-264 authorizing ENMAX to transmit electric energy from the United States to Canada as a power marketer using international transmission facilities located at the United States border with Canada. On May 19, 2004, DOE issued Order No. EA-264-A which renewed that authorization for a five-year period. That Order will expire on May 19, 2009. On April 7, 2009, ENMAX filed an application with DOE to renew the export authority contained in Order No. EA-264-A for an additional five-year term.

The electric energy which ENMAX proposes to export to Canada would be surplus energy purchased from electric utilities, Federal power marketing agencies, and other entities within the United States.

The construction, operation, maintenance, and connection of each of the international transmission facilities to be utilized by ENMAX has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

Additional copies are to be filed directly with Penny Haldane, Regulatory Affairs Specialist, ENMAX Corporation, 141-50 Ave SE, Calgary, AB T2G 4S7. A final decision will be made on this application after the environmental impacts have been

evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at http://www.oe.energy.gov/permits_pending.htm, or by e-mailing Odessa Hopkins at Odessa.Hopkins@hq.doe.gov.
