

goal areas that are not described within this RFI? If yes, please describe them, the value of the research, and the reason for federal government involvement as opposed to private sector or academia.

d. In your opinion, if the objectives of the goal areas are met, will technology transfer within these goal areas create dynamic and sustainable markets? If yes, please identify the opportunities and risks.

e. Are there opportunities to partner that are currently not being pursued by the ITS Program? If yes, please describe the opportunity and how risk/reward would be shared. What barriers must be overcome in order for the research program to be deployed in the future?

f. Given limitations on funding, which research goals and objectives are the most important to pursue? Please explain your basis.

g. What are any remaining concerns?  
(2) *Additional Information:*

Respondents are also encouraged to provide any additional information that describe alternative concepts, technologies, or research areas that would benefit the establishment of the next multi-year strategic agenda for the ITS Program. In particular, the ITS JPO is interested in descriptions of future technologies and systems that will build from and continue to provide transformational change to the transportation system, but that in current form, are still highly exploratory in nature.

Please note that this is NOT a solicitation for proposals, quotes, or bids. Unsolicited proposals will not be addressed by DOT staff who review the submissions to this RFI. Those parties who are interested in such matters are encouraged to consult "A Guide to Federal Highway Administration Policies and Procedures for Submitting Unsolicited Proposals", available at the following URL: <http://www.fhwa.dot.gov/AAA/gtup.htm>. Also, please do not include any proprietary information in your response.

Please also note that the docket is open to the public to view the responses and any personally identifiable information will be noted. We are happy to accept responses with names associated with them, as well as those submitted anonymously.

Finally, the ITS JPO acknowledges the short duration for providing responses to this RFI and requests responses within 30 days of the issuing of this RFI.
