

appropriate. Thus, the Commission approves Rule 123C(8)(a)(1) on a Pilot basis, to end six months after the date of this order.

The Commission finds the proposal to permanently establish the provisions allowing for temporary suspension of Rule 123C's restriction on canceling or reducing market-at-the-close and limit-at-the-close orders to be consistent with the Act. The Exchanges' ability to suspend these restrictions is narrowly drawn—it would only affect MOC or LOC orders that are both clearly erroneous and would cause a significant dislocation in the closing price—in order to ensure its use will be consistent with the removal of impediments to, and perfection of the mechanism of, free and open markets on the Exchanges. Similarly, the requirement for overview by an Executive Floor Governor or qualified NYSE Euronext employee should help to ensure that only in extreme situations involving significant price dislocation at the close are the provisions of Rule 128(C)(8) employed.

Finally, given that the Exchanges anticipate their uses of Rule 123C(8) to suspend Exchange rules will be infrequent and, moreover, given the quick decisions required in many cases where an extreme market condition is declared, the Commission accepts the Exchanges' assertion that requiring the Exchange to notify Commission staff in advance may be unduly burdensome. Accordingly, the Commission finds the proposed amendment to Rule 48(c)(2), requiring each Exchange to notify Commission staff of the declaration of an extreme market condition as soon as practicable after the fact, to be consistent with the Act.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²¹ that the proposed rule changes, as amended (SR-NYSE-2009-18 and SR-NYSEAltr-2009-15) be, and they hereby are, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²²

Florence E. Harmon,

Deputy Secretary.

BILLING CODE 8010-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-59747; File No. SR-NYSEArca-2009-20]

Self-Regulatory Organizations; NYSE Arca, Inc.; Order Granting Accelerated Approval of a Proposed Rule Change Relating to the Listing and Trading of the Safety First Trust Certificates Linked to the S&P 500® Index

April 10, 2009.

On March 6, 2009, NYSE Arca, Inc. ("NYSE Arca" or "Exchange"), through its wholly owned subsidiary, NYSE Arca Equities, Inc. ("NYSE Arca Equities"), filed with the Securities and Exchange Commission ("Commission") pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade the Safety First Trust Series 2009-1, Principal-Protected Trust Certificates Linked to the S&P 500® Index ("Certificates").³ The proposed rule change was published in the **Federal Register** on March 19, 2009.⁴ The Commission received no comments on the proposal. This order approves the proposed rule change on an accelerated basis.

I. Description of the Proposal

NYSE Arca proposes to list and trade the Certificates under NYSE Arca Equities Rule 5.2(j)(7), which governs the listing of Trust Certificates.⁵ The Certificates are preferred securities of Safety First Trust Series 2009-1 ("Trust") and will mature on a specified date in 2014 ("Maturity Date"). Investors will receive at maturity for each certificate held intact an amount in cash equal to \$10 plus a "Supplemental

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ See Registration Statement, Safety First Trust Series 2009-1, dated October 31, 2008 (Nos. 333-154914, 154914-08, and 154914-11); Registration Statement for Safety First Trust Series 2009-1, dated February 18, 2009 (Nos. 333-157386 and 333-157386-01) (collectively, "Registration Statement").

⁴ See Securities Exchange Act Release No. 59562 (March 12, 2009), 74 FR 11794 ("Notice").

⁵ Trust Certificates pay an amount at maturity based upon the performance of an underlying index or indexes of equity securities ("Equity Index Reference Asset"); instruments that are direct obligations of the issuing company, either exercisable throughout their life (*i.e.*, American style) or exercisable only on their expiration date (*i.e.*, European style), entitling the holder to a cash settlement in U.S. dollars to the extent that the foreign or domestic index has declined below (for a put warrant) or increased above (for a call warrant) the pre-stated cash settlement value of the index ("Index Warrants"); or a combination of two or more Equity Index Reference Assets or Index Warrants. See NYSE Arca Equities Rules 5.2(j)(7)(i)-(iii).

Distribution Amount," which may be positive or zero. The Supplemental Distribution Amount will be based on the percentage change of the value of the S&P 500 Index ("Index") during the term of the Certificates. The Supplemental Distribution Amount for each Certificate will equal the product of (a) \$10, (b) the percentage change in the value of the Index, and (c) the Participation Rate, which is 90%–100%,⁶ provided that the Supplemental Distribution Amount will not be less than zero.⁷ A holder of the Certificates has an interest in two separate securities of Citigroup Funding Inc., the issuer of the Certificates: (1) Equity index participation securities; and (2) equity index warrants.

Additional information about the Trust and the Certificates, including without limitation, the Maturity Date, valuation and pricing dates, equity index participation securities, equity index warrants, and risks can be found in the Notice and the Registration Statement.

II. Discussion and Commission's Findings

The Commission has carefully reviewed the proposed rule change and finds that it is consistent with the requirements of Section 6 of the Act⁸ and the rules and regulations thereunder applicable to a national securities exchange.⁹ In particular, the Commission finds that the proposal is consistent with Section 6(b)(5) of the Act,¹⁰ which requires, among other things, that the Exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transaction in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission finds that the proposal to list and trade the Certificates on the Exchange is consistent with

⁶ The Participation Rate will be determined at the time of issuance of the Certificates.

⁷ The Trust payments will not be guaranteed pursuant to a financial guaranty insurance policy. See Commentary .10 to NYSE Arca Equities Rule 5.2(j)(7).

⁸ 15 U.S.C. 78f.

⁹ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹⁰ 15 U.S.C. 78f(b)(5).

²¹ 15 U.S.C. 78s(b)(2).

²² 17 CFR 200.30-3(a)(12).

Section 11A(a)(1)(C)(iii) of the Act,¹¹ which sets forth Congress' finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure the availability to brokers, dealers, and investors of information with respect to quotations for and transactions in securities. The Exchange will disseminate quotation and last-sale data information via the Consolidated Tape. The value of the Index is calculated on at least a 15-second basis and is widely disseminated by major market data vendors and financial publications.

The Commission further believes that the proposal to list and trade the Certificates is reasonably designed to promote fair disclosure of information that may be necessary to price the Certificates. If the value of the Index is not being disseminated as required, the Exchange may halt trading during the day on which the interruption first occurs. If such interruption persists past the trading day in which it occurred, the Exchange will halt trading no later than the beginning of the trading day following the interruption. The Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in Trust Certificates.¹² Standard & Poor's ("S&P"),¹³ which publishes the Index, is not a registered broker-dealer, and Citigroup Funding, Inc. is not affiliated with S&P. With respect to any index upon which the value of an issue of Trust Certificates is based and that is maintained by a broker-dealer, the Exchange would require that such broker-dealer erect a "firewall" around personnel responsible for the maintenance of such index or who have access to information concerning adjustments to the index, and the index would be required to be calculated by a third party who is not a broker-dealer. In addition, the Exchange states that it has a general policy prohibiting the distribution of material, non-public information by its employees.

The Certificates will be subject to the requirements of NYSE Arca Equities Rule 5.2(j)(7), including the continued listing criteria. Additionally, NYSE Arca states that: (1) At least one million publicly held trading units will be

issued prior to listing and trading on the Exchange, with at least 400 public beneficial holders; (2) the issuer, Citigroup Funding, Inc., has total assets of at least \$100 million and a net worth of at least \$10 million; and (3) the issuer will be required to have either (a) a minimum tangible net worth of \$250,000,000, or (b) a minimum tangible net worth of \$150,000,000 and the original issue price of the Certificates, combined with all of the issuer's other Trust Certificates listed on a national securities exchange or otherwise publicly traded in the United States, must not be greater than 25% of the issuer's tangible net worth at the time of issuance.¹⁴

Further, the Exchange has represented that the Certificates are equity securities subject to the Exchange's rules governing the trading of equity securities, including the Exchange's equity margin rules. In support of this proposal, the Exchange has made the following representations:

(1) The Exchange's surveillance procedures are adequate to properly monitor Exchange trading of the Certificates in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws. The Exchange may obtain information via the Intermarket Surveillance Group ("ISG") from other exchanges who are members of the ISG.

(2) Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Certificates. Specifically, the Information Bulletin will discuss the following: (a) The procedures for purchases and exchanges of Trust Certificates; (b) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading an issue of Trust Certificates; (c) trading hours; and (d) trading information. In addition, the Information Bulletin will reference that an issue of Trust Certificates is subject to various fees and expenses described in the applicable prospectus.

This approval order is based on the Exchange's representations.

III. Accelerated Approval

The Commission finds good cause, pursuant to Section 19(b)(2) of the Act,¹⁵ for approving the proposal prior to the thirtieth day after the date of

publication of the Notice in the **Federal Register**. The Commission notes that it has previously approved for listing and trading on the Exchange other issues of Trust Certificates issued by Citigroup Funding, Inc. based on the Index that have similar characteristics and payout provisions to the Certificates.¹⁶ In addition, no comments were received on the proposed rule change during the 21-day comment period, and the Commission believes that the Exchange's proposal to list and trade the Certificates under NYSE Arca Equities Rule 5.2(j)(7) does not present any novel or significant regulatory issues. The Commission believes that accelerating approval of this proposal should benefit investors by creating, without undue delay, additional competition in the market for Trust Certificates.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁷ that the proposed rule change (SR-NYSEArca-2009-20) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁸

Florence E. Harmon,
Deputy Secretary.
