consider all comments we receive on or before the closing date for comments. We will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. We may change this proposal in light of the comments we receive.

Availability of Rulemaking Documents

You can get an electronic copy using the Internet by:

- (1) Searching the Federal eRulemaking Portal at http://www.regulations.gov;
- (2) Visiting the Office of Rulemaking's Web page at http://www.faa.gov/avr/arm/index.cfm; or
- (3) Accessing the Government Printing Office's Web page at http://www.gpoaccess.gov/fr/index.html.

You can also get a copy by sending a request to the Federal Aviation Administration, Office of Rulemaking, ARM–1, 800 Independence Avenue, SW., Washington, DC 20591, or by calling (202) 267–9680. Make sure to identify the docket number, notice number, or amendment number of this rulemaking.

Proprietary or Confidential Business Information

Do not file in the docket information that you consider to be proprietary or confidential business information. Send or deliver this information directly to the person identified in the FOR FURTHER INFORMATION CONTACT section of this document. You must mark the information that you consider proprietary or confidential. If you send the information on a disk or CD–ROM, mark the outside of the disk or CD–ROM and also identify electronically within the disk or CD–ROM the specific information that is proprietary or confidential.

Under 14 CFR 11.35(b), when we are aware of proprietary information filed with a comment, we do not place it in the docket. We hold it in a separate file to which the public does not have access, and place a note in the docket that we have received it. If we receive a request to examine or copy this information, we treat it as any other request under the Freedom of Information Act (5 U.S.C. 552). We process such a request under the DOT procedures found in 49 CFR part 7.

Background

On January 12, 2009, the Federal Aviation Administration (FAA) issued Notice No. 08–07, Qualification, Service, and Use of Crewmembers and Aircraft Dispatchers (74 FR 1280). Comments to that document were to be received on or before May 12, 2009.

By letter dated April 3, 2009, the Air Transport Association of America, Inc., Air Carrier Association of America, Regional Airline Association, and National Air Carrier Association on behalf of their members, and Airbus Americas, Inc. requested that the FAA extend the comment period for Notice No. 08–07 for 180 days. They requested the extension so the public has sufficient time to review and comment on the extensive and complex proposed rule.

While the FAA concurs with the petitioners' requests for an extension of the comment period on Notice No. 08-07, the FAA believes that a 180-day extension would be excessive. As Notice No. 08-07 is lengthy, the FAA provided a 120-day comment period. Although the FAA agrees that additional time for comments may be needed, this need must be balanced against the need to proceed expeditiously with an important rulemaking. The FAA believes an additional 90 days would be adequate for these petitioners to provide meaningful comment to Notice No. 08-07. The FAA does not anticipate any further extension of the comment period for this rulemaking.

Extension of Comment Period

In accordance with section 11.47(c) of title 14, Code of Federal Regulations, the FAA has reviewed the petition made by the Air Transport Association of America, Inc., Air Carrier Association of America, Regional Airline Association, and the National Air Carrier Association on behalf of their members, and Airbus Americas, Inc. for extension of the comment period to Notice No. 08-07. These petitioners have shown a substantive interest in the proposed rule and good cause for the extension. The FAA has determined that extension of the comment period is consistent with the public interest, and that good cause exists for taking this action.

Accordingly, the comment period for Notice No. 08–07 is extended until August 10, 2009.

Issued in Washington, DC, on April 15, 2009.

Pamela Hamilton-Powell,

Director, Office of Rulemaking.

[Docket No. FAA-2009-0248; Airspace Docket No. 09-AWP-2]

RIN 2120-AA66

Establishment of VOR Federal Airway V-625; Arizona

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking

(NPRM).

SUMMARY: This action proposes to establish VOR Federal Airway 625 (V–625) between the Nogales, AZ, Very High Frequency Omnidirectional Range/Tactical Air Navigation (VORTAC) and the ULAPI, AZ, intersection. Specifically, the FAA is proposing this action to establish a coordination point to facilitate border crossing flights between Mexico and the United States. DATES: Comments must be received on or before June 4, 2009.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, M—30, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001; telephone: (202) 366–9826. You must identify FAA Docket No. FAA–2009–0248 and Airspace Docket No. 09–AWP–2 at the beginning of your comments. You may also submit comments through the Internet at http://www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Ken McElroy, Airspace and Rules Group, Office of System Operations Airspace and AIM, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA–2009–0248 and Airspace Docket No. 09–AWP–2) and be submitted in triplicate

to the Docket Management Facility (see ADDRESSES section for address and phone number). You may also submit comments through the Internet at http://www.regulations.gov.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA–2009–0248 and Airspace Docket No. 09–AWP–2." The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the Internet at http://www.regulations.gov.
Recently published rulemaking documents can also be accessed through the FAA's web page at http://www.faa.gov/airports_airtraffic/air_traffic/publications/airspace amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see ADDRESSES section for address and phone number) between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the office of the Western Service Center, Operations Support Group, Federal Aviation Administration, 1601 Lind Avenue, SW., Renton, WA 98055.

Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, (202) 267–9677, for a copy of Advisory Circular No. 11–2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

History

In November 2008, Albuquerque ARTCC requested the establishment of a new airway for the coordination of border crossing flights between Mexico and the United States. This action responds to that request.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 to establish VOR Federal Airway 625 (V–625) between the Nogales, AZ, Very High Frequency Omnidirectional Range/Tactical Air Navigation (VORTAC) and the ULAPI, AZ, intersection. Specifically, the FAA is proposing this action to establish a coordination point to facilitate border crossing flights between Mexico and the United States.

Domestic VOR Federal Airways are published in paragraph 6010(a) of FAA Order 7400.9S, signed October 3, 2008 and effective October 31, 2008, which is incorporated by reference in 14 CFR 71.1. The Domestic VOR Federal Airway listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes a VOR Federal Airway in Arizona.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E,

"Environmental Impacts: Policies and Procedures," prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p.389.

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.9S, Airspace Designations and Reporting Points, signed October 3, 2008 and effective October 31, 2008, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

V-625 [New]

From Nogales, AZ, to int Nogales 154T/142M excluding that airspace in Mexico.

Issued in Washington, DC, on April 13, 2009.
