

**DEPARTMENT OF ENERGY****Federal Energy Regulatory  
Commission****[Docket No. ER09-856-000]****Grayling Generating Station Limited  
Partnership; Notice of Filing**

April 13, 2009.

Take notice that on March 16, 2009, Grayling Generating Station Limited Partnership filed an application seeking approval of a proposed rate tariff and supporting cost data for an annual Reactive Support and Voltage Control from Generation Sources Service tariff for its generation facility to be collected pursuant to Schedule 2 of the Open Access Transmission Tariff of the Midwest Independent System Transmission Operator, Inc.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

*Comment Date:* 5 p.m. Eastern Time on April 20, 2009.

**ENVIRONMENTAL PROTECTION  
AGENCY****[FRL-8893-8]****Cross-Media Electronic Reporting Rule  
State Approved Program Revision  
Approval: State of North Dakota**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's approval, under regulations for Cross-Media Electronic Reporting, of the State of North Dakota's request to revise their EPA-authorized National Primary Drinking Water Regulations Implementation authorized program to allow electronic reporting of specific reports; this notice also announces an opportunity to request a public hearing on this action.

**DATES:** EPA's approval is effective on May 20, 2009 if no timely request for a public hearing is received and accepted by the Agency.

**FOR FURTHER INFORMATION CONTACT:** Evi Huffer, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, (202) 566-1697, [huffer.evi@epa.gov](mailto:huffer.evi@epa.gov), or David Schwarz, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, (202) 566-1704, [schwarz.david@epa.gov](mailto:schwarz.david@epa.gov). All requests for a hearing should be submitted to both of the above contacts.

**SUPPLEMENTARY INFORMATION:** On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as Part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Under Subpart D of CROMERR, State, tribe or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a

revision or modification of those programs and get EPA approval. Subpart D also provides standards for such approvals based on consideration of the electronic document receiving systems that the State, tribe, or local government will use to implement the electronic reporting. Additionally, in § 3.1000(b) through (e) of 40 CFR part 3, Subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the State, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the Subpart D procedures must show that the State, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable Subpart D requirements.

On September 30, 2008, the State of North Dakota Department of Public Health (NDDPH) submitted an application for their Environmental Health Section Electronic Reporting Information System (ERIS) addressing revisions to their EPA-authorized 40 CFR Part 142 National Primary Drinking Water Regulations Implementation program.

EPA has reviewed NDDPH's request to revise their EPA-authorized program and, based on this review, EPA has determined that the application for the program and specific reports identified in this Notice, when compared to the Federal regulations, meet the standards for approval of authorized program revisions set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve NDDPH's request for revision to their authorized program is being published in the **Federal Register**.

Specifically, EPA has approved NDDPH's request for revision to the following authorized program to allow electronic reporting for the specified reports:

- *Program:* Part 142—National Primary Drinking Water Regulations Implementation; *Reports:* drinking water data that does not require signature or includes an electronic signature, submitted under section 141.31.

NDDPH was notified of EPA's determination to approve its application with respect to the authorized program and specific reports listed above in a letter dated April 10, 2009.

Also, in today's notice, EPA is informing interested persons that they may request a public hearing on EPA's

action to approve the State of North Dakota's request to revise its authorized public water system program under 40 CFR part 142, in accordance with 40 CFR 3.1000(f). Requests for hearings must be submitted to EPA within 30 days of publication of today's **Federal Register** notice. Such requests must include the following information:

(1) The name, address and telephone number of the individual, organization or other entity requesting a hearing;

(2) A brief statement of the requesting person's interest in EPA's determination, information demonstrating why this determination should be rescinded, and any other information that the requesting person intends to submit at such hearing; and

(3) The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

In the event a hearing is requested and accepted, EPA will provide notice of the hearing in the **Federal Register** not less than 15 days prior to the scheduled hearing date. Frivolous or insubstantial requests for hearing may be denied by EPA. Following such a public hearing, EPA will review the record of the hearing and issue an order either affirming today's determination or rescinding such determination. If no timely request for a hearing is received and accepted, this action will become effective 30 days after today's notice is published, pursuant to CROMERR section 3.1000(f)(4).

Dated: April 8, 2009.

## FEDERAL RESERVE SYSTEM

### Federal Open Market Committee; Domestic Policy Directive of March 17 and 18, 2009

In accordance with § 271.25 of its rules regarding availability of information (12 CFR part 271), there is set forth below the domestic policy directive issued by the Federal Open Market Committee at its meeting held on March 17 and 18, 2009.<sup>1</sup>

The Federal Open Market Committee seeks monetary and financial conditions that will foster price stability and promote sustainable growth in output. To further its long-run objectives, the Committee seeks conditions in reserve markets consistent with federal funds trading in a range of 0 to ¼ percent. The Committee directs the Desk to purchase GSE debt GSE-guaranteed MBS, and longer-term Treasury securities during the intermeeting period with the aim of providing support to private credit markets and economic activity. The timing and pace of these purchases should depend on conditions in the markets for such securities and on a broader assessment of private credit market conditions. The Committee anticipates that the combination of outright purchases and various liquidity facilities outstanding will cause the size of the Federal Reserve's balance sheet to expand significantly in coming months. The Desk is expected to purchase up to \$200 billion in housing-related GSE debt by the end of this year. The Desk is expected to purchase at least \$500 billion in GSE-guaranteed MBS by the end of the second quarter of this year and is expected to purchase up to \$1.25 trillion of these securities by the end of this year. The Committee also directs the Desk to purchase longer-term

<sup>1</sup> Copies of the Minutes of the Federal Open Market Committee at its meeting held on March 17 and 18, 2009, which includes the domestic policy directive issued at the meeting, are available upon request to the Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The minutes are published in the Federal Reserve Bulletin and in the Board's annual report.

Treasury securities during the intermeeting period. Over the next six months, the Desk is expected to purchase up to \$300 billion of longer-term Treasury securities. The System Open Market Account Manager and the Secretary will keep the Committee informed of ongoing developments regarding the System's balance sheet that could affect the attainment over time of the Committee's objectives of maximum employment and price stability.

By order of the Federal Open Market Committee, April 9, 2009.

**Brian F. Madigan,**

*Secretary, Federal Open Market Committee.*

## GENERAL SERVICES ADMINISTRATION

[OMB Control No. 3090-0262]

### General Services Administration Acquisition Regulation; Submission for OMB Review; Identification of Products With Environmental Attributes

**AGENCY:** General Services Administration.

**ACTION:** Notice of request for public comments regarding an extension to an existing OMB clearance.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the General Services Administration will be submitting to the Office of Management and Budget (OMB) a request to review and approve a renewal of a currently approved information collection requirement regarding identification of products with environmental attributes. A request for public comments was published at 73 FR 74721, December 9, 2008. No comments were received.

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected.

**DATES:** Submit comments on or before: May 20, 2009.

**FOR FURTHER INFORMATION CONTACT:** Mr. Warren Blankenship, Procurement Analyst, Contract Policy Division, at telephone (202) 501-1900.

**ADDRESSES:** Submit comments regarding this burden estimate or any other aspect
