ACTION: Notice; request for nominations.

SUMMARY: Nominations are being sought for appointment by the Secretary of Commerce to serve on the Marine Fisheries Advisory Committee (MAFAC or Committee) beginning in October 2009. MAFAC is the only Federal advisory committee with the responsibility to advise the Secretary of Commerce (Secretary) on all matters concerning living marine resources that are the responsibility of the Department of Commerce. The Committee makes recommendations to the Secretary to assist in the development and implementation of Departmental regulations, policies and programs critical to the mission and goals of the NMFS. Nominations are encouraged from all interested parties involved with or representing interests affected by NMFS actions in managing living marine resources. Nominees should possess demonstrable expertise in a field related to the management of living

marine resources and be able to fulfill the time commitments required for two annual meetings. Individuals serve for a term of three years for no more than two consecutive terms if re-appointed. NMFS is seeking qualified nominees to fill upcoming vacancies being created by the expiration of existing appointments this October, thereby bringing the Committee to its full complement of 21 members.

Taking and Importing Marine Mammals; Taking Marine Mammals Incidental to Rocket Launches from Kodiak, AK

AGENCY: National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice; Issuance of a Letter of Authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA) and implementing regulations, notification is hereby given that a 1-year Letter of Authorization (LOA) has been issued to the Alaska Aerospace Development Corporation (AADC), to take Steller sea lions (*Eumetopias jubatus*) and Pacific harbor seals (*Phoca vitulina richardsi*) incidental to rocket launches from the Kodiak Launch Complex (KLC).

DATES: Effective April 15, 2009, through April 14, 2010.

ADDRESSES: The LOA and supporting documentation are available by writing to Michael Payne, Chief, Permits, Conservation, and Education Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910-3225, by telephoning one of the contacts listed here (see **FOR FURTHER INFORMATION CONTACT**), or online at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm>. Documents cited in this notice may be viewed, by appointment, during regular business hours, at the aforementioned address.

FOR FURTHER INFORMATION CONTACT: Howard Goldstein or Jaclyn Daly, Office of Protected Resources, NMFS, (301)

713-2289, or Brad Smith, Alaska Regional Office, NMFS, (907) 271-3023.

SUPPLEMENTARY INFORMATION:

Background

Section 101(a)(5)(A) of the MMPA (16 U.S.C. 1361 *et seq.*) directs the National Marine Fisheries Service (NMFS) to allow, on request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and regulations are issued. Under the MMPA, the term "taking" means to harass, hunt, capture, or kill or to attempt to harass, hunt, capture or kill marine mammals.

Authorization may be granted for periods up to five years if NMFS finds, after notification and opportunity for public comment, that the taking will have a negligible impact on the species or stock(s) of marine mammals and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses. In addition, NMFS must prescribe regulations that include permissible methods of taking and other means effecting the least practicable adverse impact on the species and its habitat and on the availability of the species for subsistence uses, paying particular attention to rookeries, mating grounds, and areas of similar significance. The regulations must include requirements for monitoring and reporting of such taking.

Regulations governing the taking of Steller sea lions and harbor seals, by harassment, incidental to rocket launches at KLC, became effective on February 27, 2006 (71 FR 4297), and remain in effect until February 28, 2011. For detailed information on this action, please refer to that document. These regulations include mitigation, monitoring, and reporting requirements for the incidental taking of marine mammals during rocket launches at KLC.

Summary of Request

NMFS received a request for an LOA pursuant to the aforementioned regulations that would authorize, for a period not to exceed 1 year, take of marine mammals incidental to rocket launches at KLC.

Summary of Activity and Monitoring Under the Current LOA

In compliance with the 2008 LOA, AADC submitted a report on the rocket launches at KLC. A summary of those reports (R&M Consultants, 2008) follows.
