

certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD–2009–0037 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR Part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in section 388.4 of MARAD's regulations at 46 CFR part 388.

DATES: Submit comments on or before May 21, 2009.

ADDRESSES: Comments should refer to docket number MARAD–2009–0037. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except Federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Joann Spittle, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue, SE., Room W21–203, Washington, DC 20590. Telephone 202–366–5979.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended service of the vessel *Island Flyer* is:

Intended Use: "Fully crewed charters."

Geographic Region: "Florida."

Privacy Act

Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477–78).

Dated: April 14, 2009.

By Order of the Maritime Administrator.

Leonard Sutter,

Secretary, Maritime Administration.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Agency Information Collection Activity Seeking OMB Approval

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA invites public comments about our intention to request the Office of Management and Budget's (OMB) revision of a current information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on December 23, 2008, vol. 73, no. 247, pages 78866–78867. This information collection is required for compliance with the final rule that codifies special flight rules and airspace and flight restrictions for certain operations in the Washington, DC Metropolitan Area.

DATES: Please submit comments by May 21, 2009.

FOR FURTHER INFORMATION CONTACT: Carla Mauney at Carla.Mauney@faa.gov.

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: Washington, DC Metropolitan Area Special Flight Rules.

Type of Request: Extension without change of a currently approved collection.

OMB Control Number: 2120–0706.

Form(s): There are no FAA forms associated with this collection.

Affected Public: A total of 17,097 Respondents.

Frequency: This information is collected on occasion.

Estimated Average Burden per Response: Approximately 2.9 hours per response.

Estimated Annual Burden Hours: An estimated 49,223 hours annually.

Abstract: This information collection is required for compliance with the final rule that codifies special flight rules and airspace and flight restrictions for certain operations in the Washington, DC Metropolitan Area.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202) 395–6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street, NW., Washington, DC 20503.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on April 14, 2009.

Carla Mauney,

FAA Information Collection Clearance Officer, IT Enterprises Business Services Division, AES–200.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Office of Commercial Space Transportation; Notice of Availability and Request for Comment on the Environmental Assessment (EA) for the Jacksonville Aviation Authority (JAA) Launch Site Operator License at Cecil Field, Florida (FL)

AGENCY: Federal Aviation Administration (FAA), Department of Transportation.

ACTION: Notice of availability, notice of public meeting, and request for comment.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended ((NEPA) 42 U.S.C. 4321 *et seq.*), Council on Environmental Quality NEPA implementing regulations (40 CFR Parts 1500–1508), and FAA Order 1050.1E, Change 1, the FAA is announcing the availability of and requesting comments on the EA for the Jacksonville Aviation Authority (JAA) Launch Site Operator License at Cecil Field, FL.

The EA was prepared in response to an application for a Launch Site Operator License from the JAA. Under the Proposed Action, the FAA would issue a Launch Site Operator License to JAA to operate a facility for horizontal launches and landings of suborbital manned reusable launch vehicles (RLVs). These vehicles, when operated out of Cecil Field, could carry space flight participants, scientific experiments, or payloads. The proposed launch site is located within the city limits of the City of Jacksonville, FL in Duval County, approximately 15 miles southwest of downtown Jacksonville. The EA addresses the potential environmental impacts of issuing a Launch Site Operator License for the Proposed Action and the No Action Alternative.

The FAA has posted the EA on the FAA/AST Web site at <http://ast.faa.gov>. In addition, CDs of the EA were sent to persons and agencies on the distribution list (found in Chapter 7 of the EA). A paper copy and a CD version of the EA may be reviewed for comment during regular business hours at the following locations:

Jacksonville Public Library—Argyle Branch, 7973 Old Middleburg Road South, Jacksonville, FL 32222.
 Jacksonville Public Library—Webb Wesconnett Regional, 6887 103rd Street, Jacksonville, FL 32210.
 Jacksonville Public Library—West Regional, 1425 Chaffee Road South, Jacksonville, FL 32221.
 Jacksonville Public Library—Main Branch, 303 N Laura St., Jacksonville, FL 32202.
 Green Cove Springs Library, 403 Ferris St., Green Cove Springs, FL 32043.

DATES: The public comment period for the Draft EA begins with the publication of this NOA. To ensure that all comments can be addressed in the Final EA, comments on the draft must be received by the FAA no later than May 20, 2009.

The FAA is holding a public hearing on the Draft EA. The public hearing will be held on May 14, 2009 from 6 to 9 p.m. at the Cecil Commerce Center, 13561 Lake Newman St., Jacksonville,

FL. Meeting registration and a general poster session will occur from 6 to 6:30 p.m. The FAA will present information about the Draft EA and licensing process at 6:30 p.m. followed by a public comment period in which members of the public will be provided the opportunity to provide both written and oral comments on the Draft EA. A court reporter will transcribe the oral comments.

ADDRESSES: Comments regarding the EA should be mailed to FAA Cecil Field EA, c/o ICF International, 9300 Lee Highway, Fairfax, VA, 22031. Comments can also be sent by e-mail to CecilField@icfi.com or fax to (703) 934-3951.

ADDITIONAL INFORMATION: Under the Proposed Action, the FAA would issue a Launch Site Operator License to JAA that would allow them to operate Cecil Field for horizontal suborbital RLV launches. JAA has identified two types of horizontally launched RLVs, Concept X and Concept Z, which are considered typical vehicles that would be launched from Cecil Field. The RLVs would launch and land on Runway 18L–36R, the primary north-south runway at Cecil Field. Both proposed RLVs would take-off from Cecil Field under jet power. Rocket operations would occur in a designated offshore area, approximately 60 miles east of the Florida coast. The RLVs would return to Cecil Field as maneuverable gliders.

JAA proposes to use Cecil Field's existing infrastructure, such as hangars, control tower, and runways for commercial space launch operations. Therefore, JAA does not anticipate new construction activities at Cecil Field related to the proposed spaceport.

The activities analyzed under the Proposed Action that would support, either directly or indirectly, licensed launches include:

- Transporting the vehicle, vehicle components, and propellants to Cecil Field via road, rail, air, or a combination of these methods.
- Assembling the various vehicle components.
- Conducting checkout activities.
- Loading the propellants into the launch vehicle.
- Loading the pilot, passengers, and other payload.
- Towing or moving the launch vehicle to the proper launch or takeoff location.
- Departing Cecil Field as an aircraft.
- Igniting the rocket engines once the vehicle has reached a designated area over the Atlantic Ocean.
- Collecting any debris from the runway prior to vehicle landing.

- Recovering and transporting the launch vehicle from the runway after landing.

The only alternative to the Proposed Action analyzed in the EA is the No Action Alternative. Under this alternative, the FAA would not issue a Launch Site Operator License to JAA, and there would be no commercial space launches from Cecil Field. The site would continue to be available for existing general aviation and training-related activities.

Resource areas were considered to provide a context for understanding and assessing the potential environmental effects of the Proposed Action, with attention focused on key issues. The resource areas considered included climate and air quality; coastal resources; compatible land use; Department of Transportation Act: Section 4(f) resources; farmlands; fish, wildlife, and plants; floodplains; hazardous materials, pollution prevention, and solid waste; historical, architectural, archaeological, and cultural resources; light emissions and visual resources; natural resources, energy supply, and sustainable design; noise; socioeconomic; water quality; wetlands; wild and scenic rivers; children's environmental health and safety risks; environmental justice; construction impacts; secondary (induced) impacts; airports/airport users; airspace; transportation; and cumulative impacts.

FOR FURTHER INFORMATION CONTACT: Stacey M. Zee (AST-100), Office of Commercial Space Transportation, 800 Independence Avenue, SW., Room 331, Washington, DC 20591, telephone (202) 267-9305; E-mail stacey.zee@faa.gov.

Issued in Washington, DC on: April 15, 2009.

Michael McElligott,

Manager, Space Systems Development Division.
