Type of Review: New.

Title: State Fiscal Stabilization Fund MOE Guidance.

Abstract: This guidance supplements the April 2009 Guidance on the State Fiscal Stabilization Fund program and provides additional information on the statutory maintenance-of-effort (MOE) requirements and the process through which a State applies for an MOE waiver.

Additional Information: ED is requesting that the Office of Management and Budget (OMB) approves this information request on an emergency basis, by May 1, 2009. Since the passage of ARRA, OESE staff has worked with ED's Budget Service and the Office of General Counsel to develop a guidance that meets the intent and purposes of the Stabilization program. Using the regular clearance process would put ED well past the 120-day mark for awarding the Stabilization funds that are specified in the Act, which would clearly go against Congress' intent. Not approving this emergency request would cause harm to many States and the students they serve and would delay ED's ability to award the funds to some States in a timely manner.

Frequency: One time.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs.

Abstract: This is a request to extend by one year the expiration date for the data collection instruments for the Impact Evaluation of a School-Based Violence Prevention Program so that data collection can be completed. Both a curriculum-based program and a whole-school program are being implemented together so that the impact of a hybrid model of school-based violence prevention can be tested, as was recommended by experts in the field of school-based violence prevention. The beginning of data collection was delayed due to difficulty in site recruitment. The extension will allow the contractor to complete the third and final year of extent data collection.
