Mail, e-mail, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer

I. The information collection below is pending at SSA. SSA will submit it to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than June 29, 2009. 1. Integrated Registration Services (IRES) System—20 CFR 401.45—0960–0626

The IRES System verifies the identity of individuals, businesses, organizations, entities, and government agencies to use SSA’s eService Internet and telephone applications for requesting and exchanging business data with SSA. The requestor provides information, prescribed by SSA, to establish his or her identity. Once SSA verifies identity, IRES will issue the requestor a user identification number (User ID) and a password to conduct business with SSA. Respondents are employers and third party submitters of wage data, business entities providing taxpayer identification information, and data exchange partners conducting business in support of SSA programs.

Type of Request: Revision of an OMB-approved information collection.

Respondent types	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated annual burden hours
Appointed Representatives Registering via Internet	200,000	1	5	16,667
All Other Business Services Online (BSO) Respondents Registering via Internet	1,300,000	1	5	108,333

Total	1,708,794	163,279

2. Request for Internet Services— Password Authentication—20 CFR 401.45—0960-0632

SSA has a password infrastructure and process for verifying the identity of individuals who choose to use the Internet and the automated telephone response system to conduct personal business with SSA in an electronic

environment. To obtain a password from SSA's Individual Password Services, we ask an individual for certain information, prescribed by SSA. SSA uses the information to authenticate an individual prior to issuing a temporary password. Once SSA authenticates an individual, and the individual creates a permanent

password, he or she may use SSA's password protected services, e.g., account status, change of address, direct deposit elections, or changes. The respondents are individuals electing to do personal business with SSA through an electronic medium.

Type of Request: Extension of an OMB-approved information collection.

Automated systems	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated annual burden hours
Internet Requestors	3,092,069	1	10	515,345
Telephone Requestors	122,266	1	10	20,378
Totals	3,214,335	535,723

3. Social Security Number Verification Services—20 CFR 401.45—0960-0660

Internal Revenue Service regulations obligate employers to provide wage and tax data to SSA using Form W-2 or its electronic equivalent. As part of this process the employer must furnish the employee's name and Social Security number (SSN). The employee's name and SSN must match SSA's records for SSA to post earnings to the employee's

earnings record, which SSA maintains. SSA offers several cost-free methods for employers to verify employee information. The cost-free methods include:

(1) *Internet-based service, known as the Social Security Number Verification Service (SSNVS)*—employers can verify if the reported names and SSNs of their employees match SSA's records;

(2) *The Employee Verification Service (EVS)*—employers verify, via paper and

telephone, whether the reported names and SSNs of their employees match SSA's records;

(3) *SSA's National 800 Number*—an automated telephone employee verification service (TNEV) that allows callers with an SSA-authorized PIN and password to verify employees' names and SSNs through TNEV.

Type of Request: Revision of an OMB-approved information collection.

Verification system	Number of respondents	Frequency of response	Number of responses	Average burden per response (minutes)	Total annual burden (hours)
EVS	15,000	2	30,000	10	5,000
EVS One-Time Registration	50	1	50	2	2
SSNVS	200,000	60	12,000,000	5	1,000,000
TNEV	35,000	16	560,000	9	84,000
Totals	250,050	12,590,050	1,089,002

II. SSA has submitted the information collections we list below to OMB for clearance. Your comments on the information collections would be most useful if OMB and SSA receive them within 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than May 28, 2009. You can obtain a copy of the OMB clearance packages by calling the SSA Reports Clearance Officer at 410-965-3758 or by writing to the above e-mail address.

SSA's regional review components use Form SSA-536 to facilitate the contract medical or psychological consultant's review of the Childhood Disability Evaluation Form (SSA-538). The SSA-536 records the reviewing consultant's assessment of the adjudicating component's evaluation. SSA requires the consultant to complete an SSA-536 for each Title XVI childhood disability case he or she

reviews. The respondents are consultants who review the adjudicating component's completed Childhood Disability Evaluation Form (SSA-538).

2. Identifying Information for Possible Direct Payment of Authorized Fees—0960-0730

SSA will use this information to issue a Form 1099-MISC, if applicable. The respondents are attorneys and other individuals who represent claimants for benefits before SSA.

Type of Request: Revision of an OMB-approved information collection.

Number of Respondents: 10,000.

BILLING CODE 4191-02-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. USTR-2008-0036]

Additional Delay in Modification of Action Taken in Connection With WTO Dispute Settlement Proceedings on the European Communities' Ban on Imports of U.S. Beef and Beef Products

AGENCY: Office of the United States Trade Representative.

ACTION: Notice and modification of action.

SUMMARY: On January 15, 2009, the United States Trade Representative ("Trade Representative") announced modifications ("January 15 modifications") to the action taken in July 1999 in connection with the World Trade Organization ("WTO") authorization of the United States in the *EC-Beef Hormones* dispute to suspend concessions and related obligations with respect to the European Communities ("EC"). See 74 FR 4265 (Jan. 23, 2009). The January 15 modifications initially had an effective date of March 23, 2009. The Trade Representative subsequently delayed the effective date of the additional duties imposed under the

January 15 modifications until April 23, 2009. The effective date of the removal of duties under the January 15 modifications remained March 23, 2009. See 74 FR 11613 (March 18, 2009); 74 FR 12402 (March 24, 2009). In order to allow additional time to reach agreement with the EC on an interim solution that would provide benefits to the U.S. beef industry, the Trade Representative has decided to delay the effective date of the additional duties imposed under the January 15 modifications from April 23, 2009 until May 9, 2009.

Effective Date: The additional duties under the January 15 modifications shall be effective with respect to products that are entered, or withdrawn from warehouse, for consumption on or after May 9, 2009.

FOR FURTHER INFORMATION CONTACT:

Roger Wentzel, Director, Agricultural Affairs, (202) 395-6127 or David Weiner, Director for the European Union, (202) 395-4620 for questions concerning the *EC-Beef Hormones* dispute; or William Busis, Associate General Counsel and Chair of the Section 301 Committee, (202) 395-3150, for questions concerning procedures under Section 301.

SUPPLEMENTARY INFORMATION: For background concerning the *EC-Beef Hormones* WTO dispute, the January 15 modifications, and the initial delay in the effective date of the modifications, see 74 FR 4265 (Jan. 23, 2009), 74 FR 11613 (March 18, 2009), and 74 FR 12402 (March 24, 2009).

Pursuant to Section 305 of the Trade Act of 1974, the Trade Representative has determined that a further delay in implementation of the January 15 modifications would be desirable to obtain a satisfactory solution with respect to the EC's ban on U.S. beef. Accordingly, the Trade Representative has decided to delay the effective date of the additional duties imposed under the January 15 modifications from April 23, 2009 until May 9, 2009. The actions to be delayed are: (i) The imposition of increased duties on additional products, (ii) the application to products of additional EC member States of the increased duties on currently covered products, and (iii) the increase in the level of duties on one of the products that is being maintained on the product list. These are the same actions that were previously delayed until April 23, 2009.

The increased duties under the January 15 modifications are set out in Annex II of the notice published at 74 FR 12402 (March 24, 2009). In order to delay the effective date of the increased

duties until May 9, 2009, (i) the date of "April 23, 2009" set out in the second line of Part A of Annex II of the notice published at 74 FR 12402 is hereby changed to "May 9, 2009"; and (ii) the date of "April 23, 2009" set out in the second line of Part B of Annex II of the notice published at 74 FR 12402 is hereby changed to "May 9, 2009". Any merchandise covered under Part B of Annex II of the notice published at 74 FR 12402 that is admitted to a U.S. foreign-trade zone on or after May 9, 2009 must be admitted in "privileged foreign status" as defined in 19 CFR 146.41. Questions concerning customs matters may be directed to Renee Chovanec, International Coordination, Office of International Trade, U.S. Customs and Border Protection, 202-863-6384.

William Busis,

Chair, Section 301 Committee.
