Discussion of Notice

I. Authority and Distribution Methodology

A. Authority

Section 515 of the Housing Act of 1949, as amended, (42 U.S.C. 1485) provides USDA Rural Development with the authority to make loans to any individual, corporation, association, trust, Indian tribe, public or private nonprofit organization, which may include a faith-based or community organization, consumer cooperative, or partnership to provide rental or cooperative housing and related facilities in rural areas for very-low, low, or moderate income persons or families, including elderly persons and persons with disabilities. Rental assistance (RA) is a tenant subsidy for very-low and low-income families residing in rural rental housing facilities with USDA Rural Development financing. It is anticipated that RA will not be available for new construction in Fiscal Year (FY) 2009.

B. Distribution Methodology

The total amount available for FY 2009 for section 515 is \$69,511,661.80, of which \$13,902,332 is available for new construction as follows:

Non-Restricted	\$1,904,373
Set-aside for nonprofits	5,237,026
Set-aside for Underserved Counties and Colonias	2,856,560
Set-aside EZ, EC, and REAP Zones	2,000,000
Designated Reserve for States with Rental Assistance Programs	1,904,373

C. Section 515 New Construction Funds

For Fiscal Year 2009, the Administrator has determined that it would not be practical to allocate funds to States because of funding limitations; therefore, Section 515 new construction funds will be distributed to States based on a National competition, as follows:

1. Applications will be divided by State. States will accept, review, score, and rank requests in accordance with 7 CFR Section 3560.56. The scoring factors are:

(a) The presence and extent of leveraged assistance for the units that will serve USDA Rural Development income-eligible tenants at basic rents as defined in 7 CFR 3560.11, comparable to those rents if USDA Rural Development provided full financing, computed as a percentage of the USDA Rural Development total development cost (TDC). Loan proposals that include leveraged/secondary funds which have been requested but have not yet been

committed will be processed as follows: The proposal will be scored based on the requested secondary funds, provided (1) the applicant includes evidence of a filed application for the funds; and (2) the funding date of the requested funds will permit processing of the loan request in the current funding cycle, or, if the applicant does not receive the requested funds, will permit processing of the next highest ranked proposal in the current year. Points will be awarded in accordance with the following table. Percentages will be rounded to the next higher whole number. (0 to 20 points)

Percentage of leveraging	Points
75 or more	20
70-74	19
65-69	18
60-64	17
55-59	16
50-54	15
45-49	14
40-44	13
35-39	12
30-34	11
25-29	10
20-24	9
15-19	8
10-14	7
5-9	6
0-4	0

(b) The units to be developed are in a colonia, tribal land, EZ, EC, or Rural Economic Area Partnership (REAP) community, or in a place identified in the State Consolidated Plan or State Needs Assessment as a high need community for multifamily housing. (20 points)

(c) Pursuant to 7 CFR Section 3560.56(c)(1)(iii), this year there will be a National Office initiative whereby preference points will be awarded to loan requests that meet the selection criteria as follows: in *States* where USDA Rural Development has an ongoing formal working relationship, agreement, or Memorandum of Understanding (MOU) with the *State* to provide *State* financial resources (*State* funds, *State* RA, HOME funds, Community Development Block Grant (CDBG) funds, or Low-Income Housing Tax Credits (LIHTC)) for USDA Rural Development proposals; or where the *State* provides preference or points to USDA Rural Development proposals in awarding such *State* resources, 20 points will be provided to loan requests that include such *State* resources in an amount equal to at least 5 percent of the TDC. Native American Housing and Self Determination Act (NAHASDA) funds may be considered a *State* resource if the tribal plan for NAHASDA funds contains provisions for partnering with

USDA Rural Development for multi-family housing. The applicant can contact its USDA Rural Development *State* office on whether a particular *State* falls into this initiative.

(d) The loan request includes donated land meeting the provisions of 7 CFR Section 3560.56(c)(1)(iv). (5 points)

(e) Pursuant to 7 CFR 3560.56(c)(1)(iii), in an effort to implement USDA's nationwide initiative to promote renewable energy and energy conservation, USDA Rural Development has adopted incentives for energy generation and energy conservation. Participation in these nationwide initiatives is voluntary, but is strongly encouraged.

Energy Generation. Applicants will be awarded points if the proposal requires the installation of energy generation systems, which will be funded by a third party. The proposal must include an overview of the energy generation system being proposed. Evidence that an energy generation system has been funded by a third party and that it has a quantifiable positive impact on reducing energy consumption will be required. (10 points)

Energy Conservation. Applicants will be awarded points to construct (or substantially rehabilitate) housing that earns the *Energy Star* label for new residential construction. Units earning the *Energy Star* label must be independently verified to meet guidelines for energy efficiency as set by the U.S. Environmental Protection Agency. All procedures used in verifying a unit for the *Energy Star* label must comply with national Home Energy Ratings System (HERS) guidelines. *Energy Star* guidelines for residential construction apply to homes that are three stories or less and single or low-rise multi-family residential buildings.

The Applicant will include in the summary an explanation of how it plans to incorporate *Energy Star*. Construction plans pertaining to energy efficiency must be developed with, reviewed, and accepted by a HERS certified rater, the contractor, and the owner. Progress inspections must be made at appropriate times by a HERS certified rater to ensure that the housing is being constructed or rehabilitated according to *Energy Star* specifications. In order to receive final payment, applicants will be required to submit the appropriate rating reports from the HERS rater to USDA Rural Development as evidence that the housing has been constructed to meet the standards of *Energy Star*. In the event that housing does not meet *Energy Star* guidelines for new residential construction, USDA Rural Development

shall, at its discretion, deduct 5 points from future funding proposals. For further information about *Energy Star*, see <http://www.energystar.gov> or call the following toll-free numbers: (888) 782-7937 or (888) 588-9920 (TTY). (5 points)

(f) Pursuant to 7 CFR 3560.56(c)(1)(iii), this year there will be a National Office initiative whereby points will be awarded if the property is constructed in a Presidentially declared disaster area. For further information on Presidentially declared disaster areas, see <http://www.rurdev.usda.gov/rd/disasters/>. (10 points)

2. The National Office will rank all requests nationwide and distribute funds to *States* from any FY 2009 appropriations to *States* in rank order, within funding limits. If insufficient funds remain for the next ranked proposal, USDA Rural Development will select the next ranked proposal that falls within the remaining levels. Point score ties will be handled in accordance with 7 CFR 3560.56(c)(2).

D. Applications for New Construction RA

For FY 2009, \$2,030,000 is available for New Construction rural rental assistance. The market study for proposals must clearly demonstrate a need and demand for the units by prospective tenants at income levels that can support the proposed rents. The proposed units must offer amenities that are typical for the market area at rents that are comparable to conventional rents in the market for similar units.

E. Set-asides

Loan requests will be accepted for the following set-asides:

1. Nonprofit set-aside. An amount of \$5,237,026 has been set aside for nonprofit applicants as defined in 7 CFR Section 3560.11. All loan proposals must be in designated places in accordance with 7 CFR Section 3560.57. A *State* or jurisdiction may fund one proposal from this set-aside, which cannot exceed \$1 million. A *State* could get additional funds from this set-aside if any funds remain after funding one proposal from each participating *State*. The National Office will inform the *State* offices if additional funds are available. If additional set-aside funds remain, each *State's* second highest scoring proposal will be funded. This method will also be used if additional funds are available to fund more than one loan proposal per *State* where there are insufficient funds to fund a second or more proposal for each *State*. If there are insufficient funds to fund one loan

request from each participating *State*, selection will be determined nationally by point score on each *State's* highest ranking proposal. This method will also be used if additional funds are available to fund more than 1 loan proposal per *State* where there are insufficient funds to fund a second or more proposal for each *State*. If there are any funds remaining, they will be handled in accordance with 42 U.S.C. 1485(w)(3). Funds from this set-aside will be available only to nonprofit entities, which may include a partnership that has as its general partner a nonprofit entity or the nonprofit entity's for-profit subsidiary which will be receiving low-income housing tax credits authorized under section 42 of the Internal Revenue Code of 1986. To be eligible for this set-aside, the nonprofit entity must be an organization that:

(a) Will own an interest in the project to be financed and will materially participate in the development and the operations of the project;

(b) Is a private organization that has nonprofit, tax exempt status under section 501(c)(3) or section 501(c)(4) of the Internal Revenue Code of 1986;

(c) Has among its purposes the planning, development, or management of low-income housing or community development projects; and

(d) Is not affiliated with or controlled by a for-profit organization.

2. Underserved counties and colonias set-aside. An amount of \$2,856,560 has been set-aside for loan requests to develop units in the 100 most needy underserved counties or colonias as defined in section 509(f) of the Housing Act of 1949, as amended.

3. EZ, EC, and REAP Set-aside. An amount of \$2,000,000 has been set-aside to develop units in an EZ, EC, or REAP zone. Loan requests that are eligible for this set-aside are also eligible for regular Section 515 funds. Thus, requests for this set-aside exceed available funds, selection will be made in accordance with 7 CFR Section 3560.56(c) and ranking as described earlier in this NOFA.

4. \$1,904,373 is available nationwide in a reserve for *States* with viable *State* RA programs. In order to participate, *States* are to submit specific written information about the *State* RA program, *i.e.*, a memorandum of understanding, documentation from the provider, etc., to the National Office.

II. Funding Limits

A. Individual loan requests may not exceed \$1 million. This applies to regular section 515 funds and set-aside funds. The Administrator may make an exception to this limit in cases where a

State's average total development costs exceed the national average by 50 percent or more.

B. No *State* may receive more than 20% of the total available for new construction, including set-aside funds.

III. Rental Assistance (RA)

In addition to the *State* Matching RA program as described in Section I.E. of this Notice and subject to its availability, new construction RA will be held in the National Office for use with section 515 Rural Rental Housing New Construction loans. In addition, preferential consideration for RA will be given to projects: (1) Where a subsidy for rent is provided from within the *State* jurisdiction; and (2) where the least amount of RA is needed to make the project feasible, calculated as a percentage. New construction RA may not be used in conjunction with a transfer or subsequent loan for repairs or rehabilitation, preservation purposes or for inventory property sales.

IV. Application Process

All initial applications for section 515 new construction funds must be filed with the appropriate Rural Development *State* Office and must meet the requirements of 7 CFR 3560.56, as well as comply with the provisions of Section V. of this NOFA. Incomplete applications will not be reviewed and will be returned to the applicant. No application will be accepted after 5 p.m., local time, on the application deadline previously mentioned unless that date and time is extended by a Notice published in the **Federal Register**.
