

discriminatory basis without imposing restrictions on subscribers from, or imposing additional charges on subscribers for, re-disseminating such documents or otherwise offering value-added services and products based on such documents on terms determined by each subscriber. In particular, the MSRB believes that the proposed rule change will make most voluntary continuing disclosure documents available for the first time to a broader group of private information services and, therefore, would promote, rather than hinder, further competition, growth and innovation in this area. The MSRB believes that the benefits realized by the investing public from the broader and easier availability of disclosure information about municipal securities that would be provided through the EMMA continuing disclosure service would justify any potentially negative impact on existing enterprises from the operation of EMMA.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received on the proposed rule change. However, in a notice published by the MSRB on January 31, 2008, the MSRB described and sought comment on its plan for implementing a continuing disclosure service that would be integrated into other services to be offered through EMMA (the "2008 Notice").¹¹ In particular, the MSRB stated its plan to institute the continuing disclosure service to accept submissions of continuing disclosure documents pursuant to continuing disclosure undertakings consistent with Rule 15c2-12. In addition to making continuing disclosures available at no cost through the EMMA portal, the MSRB would make such disclosures available through a paid real-time data stream subscription for re-dissemination or other use by subscribers. One commentator asked whether periodic filings other than submissions of annual financial information, such as quarterly or monthly financial results, would be accepted.¹² Another commentator stated

¹¹ See MSRB Notice 2008-05 (January 31, 2008). The comments received on this notice are discussed in SR-MSRB-2008-05 (July 29, 2008). See also Securities Exchange Act Release No. 58256 (July 30, 2008) 73 FR 46161 (August 7, 2008) (File No. SR-MSRB-2008-05) (proposing the establishment of the continuing disclosure service of EMMA). Comments relating to voluntary filings of continuing disclosure documents not contemplated under Exchange Act Rule 15c2-12 are discussed herein.

that it strongly believed that EMMA should be capable of housing all disclosure documents, extending beyond those specifically required by Rule 15c2-12, and could only support a system that allows access to other pertinent information.¹³ The MSRB supports the dissemination of additional continuing disclosures beyond the baseline established by Rule 15c2-12 and is providing for such submission and dissemination in this filing.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- A. by order approve such proposed rule change, or
- B. institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-MSRB-2009-04 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-MSRB-2009-04. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-59816; File No. SR-NYSEAmex-2009-13]

Self-Regulatory Organizations; NYSE Amex LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending NYSE Amex Equities Rules 15 and 123C Regarding the Operation of Its NYSE Amex Order Imbalance Information Service To Modify the Reference Price at Which the Exchange Reports the Order Imbalance Information and Clarify What Information Is Included and Excluded From the Order Imbalance Information Reports

April 23, 2009.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on April 17,

¹⁴ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

2009, NYSE Amex LLC (the "Exchange" or "NYSE Amex") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Amex Equities Rules 15 and 123C regarding the operation of its NYSE Amex Order Imbalance Information service to: (1) Modify the reference price at which the Exchange reports the Order Imbalance Information; and (2) clarify what information is included and excluded from the Order Imbalance Information reports. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Amex LLC ("NYSE Amex" or the "Exchange") is proposing to amend NYSE Amex Equities Rules 15 and 123C regarding the operation of its Order Imbalance Information service to: (1) Modify the reference price at which the Exchange reports the Order Imbalance Information; and (2) clarify what information is included and excluded from the Order Imbalance Information reports.

The Exchange notes that parallel changes are proposed to be made to the rules of the New York Stock Exchange LLC.⁴

⁴ See SR-NYSE-2009-41 (to be filed April 17, 2009).

a. Background

By Notice dated April 9, 2009, NYSE Amex implemented the NYSE Amex Order Imbalance Information Data Product.⁵ NYSE Amex maintains an Order Imbalance Information datafeed of real-time order imbalances that accumulate prior to the opening of trading on the Exchange and prior to the close of trading on the Exchange. These orders are subject to execution at the market's opening or closing price, as the case may be, and represent issues that are likely to be of particular trading interest at the opening or closing.

The Exchange distributes information about these imbalances in real-time at specified intervals prior to the opening and closing auctions. The Exchange currently makes order imbalance information available at the following intervals.

For opening Order Imbalance Information:

- Every five minutes between 8:30 a.m. EST and 9 a.m. EST.
- Every one minute between 9 a.m. EST and 9:20 a.m. EST.
- Every 15 seconds between 9:20 a.m. EST and the opening (or 9:35 a.m. EST if the opening is delayed).

For closing Order Imbalance Information:

- Every fifteen seconds between 3:40 p.m. EST and 3:50 p.m. EST.
- Every five seconds between 3:50 p.m. EST and 4 p.m. EST.

Reference Price

The NYSE Amex Order Imbalance Information service currently uses the last sale price as the reference price for the Order Imbalance Information. In the case of opening order imbalances, this means the last sale price at the end of the prior trading day. For closing order imbalances, the reference price is equal to the last sale price.

Orders Included in NYSE Amex Order Imbalance Reports

The NYSE Amex Order Imbalance Information service provides the following information:

(A) In the case of the pre-opening datafeed, all interest eligible to trade in the opening transactions excluding odd-lot orders and the odd-lot portion of partial round-lot orders. Floor broker interest includes all interest except non-displayed reserve interest marked "Do Not Display" ("DND"). Customer interest includes all interest except for non-displayed reserve interest. DMM interest is not included in the pre-opening datafeed.

⁵ See Securities Exchange Act Release No. 59743 (April 9, 2009) (SR-NYSEAmex-2009-11).

(B) In the case of pre-closing datafeed, all market-on-close orders and limit-on-close orders eligible to participate in the closing transaction. It excludes odd-lot orders, the odd-lot portion of partial round-lot orders, DMM interest and Crowd interest.

b. Proposed Amendments

Reference Price

In order to provide the most accurate imbalance information, the Exchange proposes to modify what constitutes the reference price for the dissemination of the NYSE Amex Order Imbalance Information feed. Prior to the opening transaction, if a pre-opening indication is published pursuant to the provisions of NYSE Amex Equities Rule 15 ("Pre-Opening Indications") paragraphs (a) and (b), or in the event of a mandatory publication⁶ pursuant to NYSE Amex Equities Rule 123D ("Openings and Halts in Trading"), the reference price will no longer be the closing price of the prior trading day.

Previous exchange closing price	Price change (equal or greater than)
Under \$10	1 point.
\$10-\$99.99	the lesser of 10% or 3 points.
\$100 and Over	5 points.

The Exchange proposes to have the reference price equal the last sale (previous closing price) or the price indication published under the Rule 15 or 123D. Therefore, when the Exchange publishes a pre-opening indication in a security pursuant to the provisions of paragraphs (a) and (b) of NYSE Amex Equities Rule 15 or NYSE Amex Equities Rule 123D, the reference price will be determined as follows:

- If the Bid Price from the indication (the lower price) is higher than the last sale, the Reference Price will be the Bid.
- If the Offer Price from the indication (the higher price) is lower than the last sale, the Reference Price will be the Offer.
- If the Last Sale is within the indication range, the Book shall use the Last Sale as the Reference Price
- If multiple indications have been published, the last indication that the Exchange makes available shall be used as the Reference Price.

Examples:

(1) XYZ security closed at a price of \$15.00 on April 1, 2009. On April 2,

⁶ Exchange policy requires the dissemination of an indication in connection with any delayed opening—involving any stock which has not opened (or been quoted) by 10 a.m. In addition, the dissemination of an indication is mandatory for an opening which will result in a significant price change from the previous close [See table above].

2009, the Exchange publishes a pre-opening indication for XYZ with a bid price of \$16.00 and an offer price of \$16.50. The reference price for the NYSE Order Imbalance datafeed in XYZ security on April 2, 2009 will be \$16.00.

(2) XYZ security closed at a price of \$15.00 on April 1, 2009. On April 2, 2009, the Exchange publishes a pre-opening indication for XYZ with a bid price of \$14.00 and an offer price of \$14.50. The reference price for XYZ data feed on April 2, 2009 will be \$14.50.

(3) XYZ security closed at a price of \$15.00 on April 1, 2009. On April 2, 2009, the Exchange publishes pre-opening indication for XYZ with a bid price of \$14.99 and an offer price of \$15.02. The reference price for XYZ data feed on April 2, 2009 will be \$15.00.

In the case of pre-closing imbalances, the NYSE Amex Order Imbalance Information service also uses the last sale price as the reference price for pre-closing Order Imbalance Information that it disseminated pursuant to NYSE Amex Equities Rule 123C ("Market on the Close Policy and Expiration Procedures").

The Exchange proposes to modify what it uses as the reference price when the last sale price does not fall within the best bid and the best offer on the Exchange at the time that the Exchange calculates a closing imbalance for a security,⁷ as follows:

- If the last sale price is lower than the Bid price, then the Bid Price will serve as the Reference Price.
- If the last sale price is higher than the Offer Price, then the Offer Price will serve as the Reference Price.
- If the last sale price falls within the Exchange's best bid and offer for the security, the last sale price will serve as the Reference Price.

Examples:

(1) The sale in XYZ security prior to the dissemination of the order imbalance feed was at a price of \$15.00. The quote prior to the dissemination of the datafeed is 100 shares bid at a price of \$15.02 and 500 shares offered at a \$15.20. The reference price for the NYSE Order Imbalance datafeed in XYZ security will be \$15.02.

(2) The sale in XYZ security prior to the dissemination of the order imbalance feed was at a price of \$15.00. The quote prior to the dissemination of the datafeed is 100 shares bid at a price of \$14.91 and 500 shares offered at a \$14.99. The reference price for the NYSE Order Imbalance datafeed in XYZ security will be \$14.99.

⁷ Currently NYSE Amex securities operating on the 14.0 Technology Release employ the proposed method to determine the reference price.

(3) The sale in XYZ security prior to the dissemination of the order imbalance feed was at a price of \$15.00. The quote prior to the dissemination of the datafeed is 100 shares bid at a price of \$14.98 and 500 shares offered at a \$15.02. The reference price for the NYSE Order Imbalance datafeed in XYZ security will be \$15.00.

The Exchange believes that the amendments to the reference price for the publication of the NYSE Amex Order Imbalance Information service will enhance the value of the product by providing the user with a more accurate depiction of the market interest available in the security.

Orders Included in NYSE Amex Pre-Opening Order Imbalance Information Reports

The Exchange proposes to add all DMM s-quote interest eligible for execution in the opening transaction, at no additional charge, to the order information currently included in the pre-opening NYSE Amex Order Imbalance Information Reports. DMM s-quote interest is currently eligible for execution in the opening transaction but is not included in the Order Imbalance Information Report. The Exchange believes that the addition of DMM s-quote interest to the Order Imbalance Information Report will enhance the value of this product by including additional information about the electronic interest eligible to trade at the opening.

2. Statutory Basis

The bases under the Securities Exchange Act of 1934 (the "1934 Act") for this proposed rule change are the requirements under Section 6(b)(5) that the rules of an exchange be designed to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposal benefits investors by modifying NYSE Amex Order Imbalance Information to provide investors with a more accurate depiction of the market and additional information on the open for a security.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing in order to immediately provide market participants with the most accurate supplemental market information prior to the execution of the opening and closing transactions on the Exchange. The Commission believes such waiver is consistent with the protection of investors and the public interest.¹⁰ Accordingly, the Commission designates the proposed rule change operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing,

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁰ For purposes only of waiving the 30-day operative delay of this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

BILLING CODE 8010-01-P

SOCIAL SECURITY ADMINISTRATION

Privacy Act of 1974, as Amended; Proposed Alteration to Existing System of Records, New Routine Use, and General Housekeeping Changes

AGENCY: Social Security Administration (SSA).

ACTION: Proposed altered system of records, new routine use, and general housekeeping changes.

SUMMARY: We are issuing public notice of our intent to alter, add a new routine use, and make minor housekeeping changes to an existing system of records in accordance with the Privacy Act (5 U.S.C. 552a(e)(4)) and (e)(11). The affected system of records is the *Administrative Law Judge (ALJ) Working File on Claimant Cases (60-0005)*, hereinafter referred to as the *ALJ Working File*. The proposed alterations will result in the following changes:

- Expansion of the purpose of the system of records to include the electronic internal working file of the administrative law judges in the hearing offices. This working file is accessed primarily by hearing office personnel viewing documents stored in the Private Section of eView, an electronic interface.
- Inclusion of our data protection routine use that provides for the release of information in the event of an unauthorized release of personally identifiable information. We published this routine use in the **Federal Register** on December 10, 2007 (72 FR 69723); and
- Updates of various cited Federal Government regulations and minor editing, including correcting miscellaneous and stylistic format errors.

The proposed alteration, new routine use, and housekeeping changes are discussed in the **SUPPLEMENTARY INFORMATION** section below. We invite public comments on this proposal. **DATES:** We filed a report of the proposed altered system of records and added routine use with the Chairman of the Senate Committee on Homeland Security and Governmental Affairs, the Chairman of the House Committee on Government Reform, and the Director, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on April 23, 2009. The proposed altered system of records will become effective on June 1, 2009, unless we receive comments before that date that would result in a contrary determination.

ADDRESSES: Interested individuals may comment on this publication by writing

to the Deputy Executive Director, Office of Privacy and Disclosure, Office of the General Counsel, Social Security Administration, 3-A-6 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235-6401. All comments received will be available for public inspection at the above address.

FOR FURTHER INFORMATION CONTACT: Mr. Neil Etter, Social Insurance Specialist, Disclosure Policy Development and Services Division I, Office of Privacy and Disclosure, Office of the General Counsel, Social Security Administration, Room 3-A-6 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, telephone: (410) 965-8028, e-mail: neil.etter@ssa.gov.

SUPPLEMENTARY INFORMATION:

I. Background and Purpose of the Proposed Alteration and New Routine Use for the ALJ Working File

A. General Background Relating to the Proposed Alteration

Under Titles II and XVI of the Social Security Act, an individual who has received a Federal reviewing official decision, a prototype process determination, or a reconsideration determination on a claim for benefits has a right to a hearing before an ALJ. In the past, hearing offices kept their records in paper form. New technology will allow us to store information electronically and, therefore, we need to update this system of records to reflect the change. As a result, records in this system may be in paper and electronic media formats.

B. Discussion of Proposed Alteration to the ALJ Working File

During the course of adjudicating a claim at the hearing level, ALJs and members of their staffs often create notes and instructions regarding the evidence, testimony, legal theories, merits of the case, and opinions and advice about a case. While there may be both electronic and paper records gathered and maintained in the *ALJ Working File*, this system covers any documents maintained electronically, such as any documents viewed in the Private Section of eView. eView is the interface that allows authorized users to view documents stored electronically. This Private Section is accessible only to authorized SSA staff. Additionally, this proposed alteration provides that any movement of the paper-based records in the *ALJ Working File* to the new electronic environment does not affect:

¹¹ 17 CFR 200.30-3(a)(12).
