

less than 24 months after the date of publication of the determination, in the absence of good cause. As noted above, Hebei Foreign filed its request for a changed circumstances review on February 24, 2009, over 36 months after the publication of the amended final determination and order. *See PRC Carbon Order*.

In accordance with 19 CFR 351.216(d), the Department has determined that the information submitted by Hebei Foreign constitutes sufficient evidence to conduct a change circumstances review. In a changed circumstances review involving a successor-in-interest determination, the Department typically examines several factors including, but not limited to, changes in: (1) management; (2) production facilities; (3) supplier relationships; and (4) customer base. *See Certain Cut-to-Length Carbon Steel Plate from Romania: Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review*, 70 FR 22847 (May 3, 2005). While no single factor or combination of factors will necessarily be dispositive, the Department generally will consider the new company to be the successor to the predecessor if the resulting operations are essentially the same as those of the predecessor company. *See, e.g., Notice of Initiation of Antidumping Duty Changed Circumstances Review: Certain Forged Stainless Steel Flanges from India*, 71 FR 327 (January 4, 2006). Thus, if the record demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the predecessor company, the Department may assign the new company the cash deposit rate of its predecessor. *See, e.g., Fresh and Chilled Atlantic Salmon From Norway: Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 64 FR 9979, 9980 (March 1, 1999).

Based on the information provided in its submission, Hebei Foreign has provided sufficient evidence to warrant a review to determine if Hebei Shenglun is the successor-in-interest to Hebei Foreign. Therefore, pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(d), we are initiating a changed circumstances review. Although Hebei Foreign submitted documentation related to the transfer of assets to Hebei Shenglun and some limited information and documentation regarding the four factors that the Department considers in its successor-in-interest analysis, it did not provide complete supporting documentation or conclusive evidence

for the four elements listed above. Accordingly, the Department has determined that it would be inappropriate to expedite this action by combining the preliminary results of review with this notice of initiation. See 19 CFR 351.221(c)(3)(ii). Thus, the Department is not issuing the preliminary results of its antidumping duty changed circumstances review at this time. *See, e.g., Notice of Initiation of Antidumping Duty Changed Circumstances Review: Certain Pasta From Turkey*, 74 FR 681 (January 7, 2009).

The Department will issue questionnaires requesting additional information for the review and will publish in the **Federal Register** a notice of the preliminary results of the antidumping duty changed circumstances review, in accordance with 19 CFR 351.221(b)(2) and (4), and 19 CFR 351.221(c)(3)(i). That notice will set forth the factual and legal conclusions upon which our preliminary results are based and a description of any action proposed. Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results of review. In accordance with 19 CFR 351.216(e), the Department will issue the final results of its antidumping duty changed circumstances review not later than 270 days after the date on which the review is initiated.

During the course of this antidumping duty changed circumstances review, we will not change the cash deposit requirements for the merchandise subject to review. The cash deposit will only be altered, if warranted, pursuant to the final results of this review.

This notice is published in accordance with sections 751(b)(1) and 777(i) of the Act and 19 CFR 351.216.

Dated: April 21, 2009.

John M. Andersen,
*Acting Deputy Assistant Secretary for
Antidumping and Countervailing Duty
Operations.*
