Post-2010 Resource Pool Procedures Requirements

Environmental Compliance

Western completed an Environmental Impact Statement on the Program (DOE/EIS-0812), pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4321-4347 (2007), as amended and supplemented, (NEPA). The Record of Decision was published in the **Federal Register** on October 12, 1995 (60 FR 53181). Western's NEPA review assured all environmental effects related to these actions have been analyzed.

Dated: April 28, 2009.

BILLING CODE 6450-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8900-6]

Cross-Media Electronic Reporting Rule State Authorized Program Revision/Modification Approvals: State of Delaware

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval, under regulations for Cross-Media Electronic Reporting, of the State of Delaware's request to revise/modify programs to allow electronic reporting for certain of their EPA-authorized programs.

DATES: EPA's approval is effective May 5, 2009.

FOR FURTHER INFORMATION CONTACT: Evi Huffer, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, (202) 566-1697, huffer.evi@epa.gov, or David Schwarz, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, (202) 566-1704, schwarz.david@epa.gov.

SUPPLEMENTARY INFORMATION:

On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR.

CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Under subpart D of CROMERR, State, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and get EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, in 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the State, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the State, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On August 21, 2008, the State of Delaware Department of Natural Resources and Environmental Control (DEDNREC) submitted an application for their Online Reporting System (ORS) electronic document receiving system for revision or modification of EPA-authorized programs under 40 CFR parts 51, 60, 122, and 271. EPA reviewed DEDNREC's request to revise/modify their EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve DEDNREC's request for revision/modification to certain of their authorized programs is being published in the **Federal Register**.

Specifically, EPA has approved DEDNREC's request for revisions/modifications to the following of their authorized programs to allow electronic reporting under 40 CFR parts 51, 61, 122, 261-265:

- Part 51—Requirements for Preparation, Adoption, and Submittal of Implementation Plans;
- Part 60—Standards of Performance for New Stationary Sources;

- Part 123—National Pollutant Discharge Elimination System (NPDES) State Program Requirements; and

- Part 271—Requirements for Authorization of State Hazardous Waste Programs.

DEDNREC was notified of EPA's determination to approve its application with respect to the authorized programs listed above in a letter dated April 23, 2009.

Dated: April 23, 2009.

Lisa Schlosser,

Director, Office of Information Collection.

BILLING CODE 6560-50-P

FEDERAL MEDIATION AND CONCILIATION SERVICE

Labor-Management Cooperation Program Act of 1978 (Pub. L. 95-524)

AGENCY: Federal Mediation and Conciliation Service.

ACTION: Publication of Final Fiscal Year 2009 Program Guidelines/Application Solicitation for Labor-Management Committees.

SUMMARY: The Federal Mediation and Conciliation Service (FMCS) is publishing the final Fiscal Year 2009 Program Guidelines/Application Solicitation for the Labor-Management Cooperation Program. The program is supported by Federal funds authorized by the Labor-Management Cooperation Act of 1978, subject to annual appropriations. This Solicitation contains a change in the deadline for accepting applications.

The National Council of EEOC Locals No. 216 submitted a comment in response to the draft filing which was published in the **Federal Register** on March 20, 2009, [Volume 74, Number 3 (Pages 11948-11952)]. The Locals No. 216 has not applied for a grant because it was ineligible to do so under FMCS regulations [FY2009 Program Guidelines/Application Solicitation for Labor Management Committees (Section (C) Eligibility, Page 9)]. Its comments involve that regulation. Locals No. 216 has requested in effect that FMCS allow Federal agencies to apply for an FMCS grant. We have carefully considered the comment, and understand that implementation of the change requested would increase the likelihood of grant acceptance for the Equal Employment Opportunity Commission (EEOC). However, FMCS is not able to adopt the requested changes due to OMB regulations [OMB Circular A-102, Grants and Cooperative Agreements

with States and Local Governments; OMB Circular A-110, *Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Learning, Hospital, and other Non-profit Organizations*; OMB Circular 123, *Management's Responsibility for Internal Control*] and the Labor Management Relations Act [Sec. 203(e); Sec. 205A(a)(1)(A)(B)]. Grants are given to support the establishment and operation of joint labor-management committees comprised of employees and employers covered by a formal collective bargaining agreement in the private or public sectors under the Labor-Management Cooperation Act of 1978. Federal agencies are not eligible.

FMCS's core mission is building sound labor-management relationships. We encourage the National Council of EEOC Locals No. 216 in coordination with the EEOC, and other Federal agencies and collective bargaining representatives of their employees, to seek our no-charge assistance in Mediation, Training, and Facilitation services for employers and their unionized employees.

DATES: FMCS will accept applications beginning May 1, 2009, and continue to do so until August 15, 2009, or until all FY2009 grant funds are obligated. Awards will be made by September 30, 2009.

ADDRESSES: Michael Bartlett, Federal Register Liaison, Federal Mediation and Conciliation Service, 2100 K Street, NW., Washington, DC 20427. Comments may be submitted by fax at (202) 606-5345 or electronic mail (e-mail) to mbartlett@fmcs.gov.

FOR FURTHER INFORMATION CONTACT: Linda Stubbs, Grants Management Specialist, FMCS 2100 K Street, NW., Washington, DC 20427. Telephone number 202-606-8181, e-mail to lstubbs@fmcs.gov or fax at (202) 606-3434.

Federal Mediation Conciliation Service Labor-Management Cooperation Program; Application Solicitation for Labor-Management Committees FY2009

A. Introduction

The following is the final Solicitation for the Fiscal Year (FY) 2009 cycle of the Labor-Management Cooperation Program as it pertains to the support of labor-management committees. These guidelines represent the continuing efforts of the Federal Mediation and Conciliation Service to implement the provisions of the Labor-Management Cooperation Act of 1978, which was initially implemented in FY1981. The Act authorizes FMCS to provide assistance in the establishment and

operation of company/plant, area, public sector, and industry-wide labor-management committees which:

(A) have been organized jointly by employers and labor organizations representing employees in that company/plant, area, government agency, or industry; and

(B) are established for the purpose of improving labor-management relationships, job security, and organizational effectiveness; enhancing economic development; or involving workers in decisions affecting their working lives, including improving communication with respect to subjects of mutual interest and concern.

The Program Description and other sections that follow, as well as a separately published FMCS Financial and Administrative Grants Manual, make up the basic guidelines, criteria, and program elements a potential applicant for assistance under this program must know in order to develop an application for funding consideration for either a company/plant, area-wide, industry, or public sector labor-management committee. Directions for obtaining an application kit may be found in Section H. A copy of the Labor-Management Cooperation Act of 1978, included in the application kit, should be reviewed in conjunction with this solicitation.

B. Program Description

Objectives

The Labor-Management Cooperation Act of 1978 identifies the following seven general areas for which financial assistance would be appropriate:

- (1) To improve communication between representatives of labor and management;
- (2) To provide workers and employers with opportunities to study and explore new and innovative joint approaches to achieving organizational effectiveness;
- (3) To assist workers and employers in solving problems of mutual concern not susceptible to resolution within the collective bargaining process;
- (4) To study and explore ways of eliminating potential problems which reduce the competitiveness and inhibit the economic development of the company/plant, area, or industry;
- (5) To enhance the involvement of workers in making decisions that affect their working lives;
- (6) To expand and improve working relationships between workers and managers; and
- (7) To encourage free collective bargaining by establishing continuing mechanisms for communication between employers and their employees

through Federal assistance in the formation and operation of labor-management committees.

The primary objective of this program is to encourage and support the establishment and operation of joint labor-management committees to carry out specific objectives that meet the aforementioned general criteria. The term "labor" refers to employees represented by a labor organization and covered by a formal collective bargaining agreement. These committees may be found at the plant (company), area, industry, or public sector levels.

A plant or company committee is generally characterized as restricted to one or more organizational or productive units operated by a single employer. An area committee is generally composed of multiple employers of diverse industries as well as multiple labor unions operating within and focusing upon a particular city, county, contiguous multicounty, or statewide jurisdiction.

An industry committee generally consists of a collection of agencies or enterprises and related labor union(s) producing a common product or service in the private sector on a local, state, regional, or nationwide level. A public sector committee consists of government employees and managers in one or more units of a local or state government, managers and employees of public institutions of higher education, or of employees and managers of public elementary and secondary schools. Those employees must be covered by a formal collective bargaining agreement or other enforceable labor-management agreement. In deciding whether an application is for an area or industry committee, consideration should be given to the above definitions as well as to the focus of the committee.

In FY2009, competition will be open to company/plant, area, private industry, and public sector committees. Special consideration will be given to committee applications involving innovative or unique efforts. All application budget requests should focus directly on supporting the committee. Applicants should avoid seeking funds for activities that are clearly available under other Federal programs (e.g., job training, mediation of contract disputes, etc.)

Required Program Elements

1. Problem Statement—The application should have numbered pages and discuss in detail what specific problem(s) face the company/plant, area, government, or industry and its workforce that will be addressed by the committee. Applicants must

document the problem(s) using as much relevant data as possible and discuss the full range of impacts these problem(s) could have or are having on the company/plant, government, area, or industry. An industrial or economic profile of the area and workforce might prove useful in explaining the problem(s). This section basically discusses *WHY* the effort is needed.

2. *Results or Benefits Expected*—By using specific goals and objectives, the application must discuss in detail *WHAT* the labor-management committee will accomplish during the life of the grant. Applications that promise to provide objectives *after* a grant is awarded will receive little or no credit in this area. While a goal of “improving communication between employers and employees” may suffice as one over-all goal of a project, the objectives must, whenever possible, be expressed in *specific* and *measurable* terms. Applicants should focus on the outcome, impacts or changes that the committee’s efforts will have. Existing committees should focus on *expansion* efforts/results expected from FMCS funding. The goals, objectives, and projected impacts will become the foundation for future monitoring and evaluation efforts of the grantee, as well as the FMCS grants program.

3. *Approach*—This section of the application specifies *HOW* the goals and objectives will be accomplished. At a minimum, the following elements must be included in all grant applications:

(a) A discussion of the strategy the committee will employ to accomplish its goals and objectives;

(b) A listing, by name and title, of all existing or proposed members of the labor-management committee. The application should also offer a rationale for the selection of the committee members (e.g., members represent 70% of the area or company/plant workforce).

(c) A discussion of the number, type, and role of all committee staff persons. Include proposed position descriptions for all staff that will have to be hired as well as resumes for staff already on board; noting, that grant funds may not be used to *pay for existing employees*; an assurance that grant funds will not be used to pay for existing employees;

(d) In addressing the proposed approach, applicants must also present their justification as to why Federal funds are needed to implement the proposed approach;

(e) A statement of how often the committee will meet (we require meetings at least every other month) as well as any plans to form subordinate committees for particular purposes; and

(f) For applications from existing committees, a discussion of past efforts and accomplishments and how they would integrate with the proposed expanded effort.

4. *Major Milestones*—This section must include an implementation plan that indicates what major steps, operating activities, and objectives will be accomplished as well as a timetable for *WHEN* they will be finished. A milestone chart must be included that indicates what specific accomplishments (process and impact) will be completed by month over the life of the grant using “month one” as the start date. The accomplishment of these tasks and objectives, as well as problems and delays therein, will serve as the basis for quarterly progress reports to FMCS.

Applicants must prepare their budget narrative and milestone chart using a start date of “month one” and an end date of “month twelve” or “month eighteen”, as appropriate. Thus, if applicant is seeking a twelve month grant, use figures reflecting month one through twelve. If applicant is seeking an eighteen month grant, use figures reflecting month one through eighteen. If the grant application is funded, FMCS will identify the start and end date of the grant on the Application for Federal Assistance (SF-424) form.

5. *Evaluation*—Applicants must provide for either an external evaluation or an internal assessment of the project’s success in meeting its goals and objectives. An evaluation plan must be developed which briefly discusses what basic questions or issues the assessment will examine and what baseline data the committee staff already has or will gather for the assessment. This section should be written with the application’s own goals and objectives clearly in mind and the impacts or changes that the effort is expected to cause.

6. *Letters of Commitment*—Applications must include current letters of commitment from *all* proposed or existing committee participants and chairpersons. These letters should indicate that the participants *support* the application and *will* attend all scheduled committee meetings. A blanket letter signed by a committee chairperson or other official on behalf of all members is not acceptable. We encourage the use of individual letters submitted on company or union letterhead represented by the individual. The letters should match the names provided under Section 3(b).

7. *Other Requirements*—Applicants are also responsible for the following:

(a) The submission of data indicating approximately how many employees

will be covered or represented through the labor-management committee;

(b) From existing committees, a copy of the existing staffing levels, a copy of the by-laws (if any), a breakout of annual operating costs and identification of all sources and levels of current financial support;

(c) A detailed budget narrative that *clearly identifies* each line item and the estimated cost (a complete breakdown of each line item) based on policies and procedures contained in the FMCS Financial and Administrative Grants Manual;

(d) An assurance that the labor-management committee will not interfere with any collective bargaining agreements;

(e) An assurance that committee meetings will be held at least every other month and that written minutes of all committee meetings will be prepared and made available to FMCS; and

(f) An assurance that the maximum rate for an individual consultant paid from grant project can be no more than \$950 for an eight-hour-day. The day includes preparation, evaluation and travel time. Also, time and effort records must be maintained.

Selection Criteria

The following criteria will be used in the scoring and selection of applications for award:

(1) The extent to which the application has clearly identified the problems and justified the needs that the proposed project will address.

(2) The degree to which appropriate and *measurable* goals and objectives have been developed to address the problems/needs of the applicant.

(3) The feasibility of the approach proposed to attain the goals and objectives of the project and the perceived likelihood of accomplishing the intended project results. This section will also address the degree of innovativeness or uniqueness of the proposed effort.

(4) The appropriateness of committee membership and the degree of commitment of these individuals to the goals of the application as indicated in the letters of support.

(5) The feasibility and thoroughness of the implementation plan in specifying major milestones and target dates.

(6) The cost effectiveness and fiscal soundness of the application’s budget request, as well as the application’s feasibility vis-a-vis its goals and approach.

(7) The overall feasibility of the proposed project in light of all of the

information presented for consideration; and

(8) The value to the government of the application in light of the overall objectives of the Labor-Management Cooperation Act of 1978. This includes such factors as innovativeness, site location, cost, and other qualities that impact upon an applicant's value in encouraging the labor-management committee concept.

C. Eligibility

Eligible grantees include state and local units of government, labor-management committees (or a labor union, management association, or company on behalf of a committee that will be created through the grant), and certain third-party private non-profit entities on behalf of one or more committees to be created through the grant. Federal government agencies and their employees are not eligible.

Third-party private, non-profit entities that can document that a major purpose or function of their organization is the improvement of labor relations are eligible to apply. However, all funding must be directed to the functioning of the labor-management committee, and all requirements under Part B must be followed. Applications from third-party entities must document particularly strong support and participation from all labor and management parties with whom the applicant will be working. Applications from third-parties which do not directly support the operation of a new or expanded committee will not be deemed eligible, nor will applications signed by entities such as law firms or other third-parties failing to meet the above criteria.

Successful grantees *will* be bound by OMB Circular 110 i.e., "contractors that develop or draft specifications, requirements, statements of work, and invitations for bids and/or requests for proposals shall be *excluded* (emphasis added from competing for such procurements).

Applicants who received funding under this program in the last 6 years for committee operations are not eligible to re-apply. The only exception will be made for grantees that seek funds on behalf of an entirely different committee whose efforts are totally outside of the scope of the original grant.

D. Allocations

The FY2009 appropriation for this program is \$650,000. The Grant Review Board will review submissions and make recommendations for awards based on merit without regard to category.

In addition, to the competitive process identified in the preceding paragraph, FMCS will subject to funds availability, set aside a sum not to exceed thirty percent of its non-reserved appropriation to be awarded on a non-competitive basis. These funds will be used only to support applications that have been solicited by the Director of the Service and are not subject to the dollar range noted in Section E. All funds returned to FMCS from a competitive grant award may be awarded on a non-competitive basis in accordance with budgetary requirements.

E. Dollar Range and Length of Grants

Awards to expand existing or establish new labor-management committees will be for a period of up to 18 months. If successful progress is made during this initial budget period and all grant funds are not obligated within the specified period, these grants may, at the discretion of FMCS, be extended for up to six months.

The dollar range of awards is as follows:

—Up to \$65,000 over a period of up to 18 months for company/plant committees or single department public sector applicants;

—Up to \$125,000 per 18-month period for area, industry, and multi-department public sector committee applicants.

Additionally, FMCS reserves the right under special conditions to award supplemental (continuation) grants subject to funds availability. If awarded the additional amount is added to the current grant amount.

Applicants are reminded that these figures *represent maximum Federal funds only*. If total costs to accomplish the objectives of the application exceed the maximum allowable Federal funding level and its required grantee match, applicants may supplement these funds through voluntary contributions from other sources. Applicants are also strongly encouraged to consult with their local or regional FMCS field office to determine what kinds of training may be available at no cost before budgeting for such training in their applications. A list of our field leadership team and their phone numbers may be obtained from the FMCS Web site (<http://www.fmcs.gov>) under "Who We Are".

F. Cash Match Requirements and Cost Allowability

All applicants must provide at least 10 percent of the total allowable project costs in cash. Matching funds may come from state or local government sources

or private sector contributions, but may not include other Federal funds. Funds generated by grant-supported efforts are considered "project income," and may not be used for matching purposes.

It is the policy of this program to reject all requests for *indirect or overhead* costs as well as "*in-kind*" match contributions. In addition, grant funds must not be used to supplant private or local/state government funds currently spent for committee purposes. Funding requests from existing committees should focus entirely on the costs associated with the expansion efforts. Also, under no circumstances may business or labor officials participating on a labor-management committee be compensated out of grant funds for *time* spent at committee meetings or *time* spent in committee training sessions. Applicants generally will not be allowed to claim all or a portion of *existing* full-time staff as an expense or match contribution. For a more complete discussion of cost allowability, applicants are encouraged to consult the FY2009 FMCS Financial and Administrative Grants Manual, which will be included in the application kit.

G. Application Submission and Review Process

The Application for Federal Assistance (SF-424) form must be signed by *both* a labor and management representative. In lieu of signing the SF-424 form, representatives may type their name, title, and organization on plain bond paper with a signature line signed and dated, in accordance with block 18 of the SF-424 form. The individual listed as contact person in block 6 on the application form will generally be the only person with whom FMCS will communicate during the application review process. Please be sure that person is available once the application has been submitted. Additionally, it is the applicant's responsibility to notify FMCS in writing of any changes (e.g. if the address or contact person has changed).

We will accept applications beginning May 1, 2009, and continue to do so until August 15, 2009, or until all FY2009 grant funds are obligated. Awards will be made by September 30, 2009. Proposals may be accepted at any time between April 1, 2009 and August 15, 2009 but proposals received late in the cycle have a greater risk of not being funded due to unavailability of funds. Once your application has been received and acknowledged by FMCS, no applications or supplementary materials will be accepted thereafter. Applicants are highly advised to contact

the FMCS Grants Program prior to committing any resources to the preparation of a proposal.

An original application containing numbered pages, plus *three* copies, should be addressed to the Federal Mediation and Conciliation Service, Labor-Management Grants Program, 2100 K Street, NW., Washington, DC 20427. FMCS will not consider videotaped submissions or video attachments to submissions. FMCS will confirm receipt of all applications within 10 days thereof.

All eligible applications will be reviewed and scored by a Grant Review Board. The Board(s) will recommend selected applications for rejection or further funding consideration. The Director or his/her designee will finalize the scoring and selection process. All FY2009 grant applicants will be notified of results and *all* grant awards will be made by September 30, 2009. Applications that fail to adhere to eligibility or other major requirements will be administratively rejected by the Director or his/her designee.

H. Contact

Individuals wishing to apply for funding under this program should contact the Federal Mediation and Conciliation Service as soon as possible to obtain an application kit. Please consult the FMCS Web site (<http://www.fmcs.gov>) to download forms and information. These kits and additional information or clarification can be obtained free of charge by contacting the Federal Mediation and Conciliation Service, Labor-Management Grants Program, 2100 K Street, NW., Washington, DC 20427, Linda Stubbs at (202) 606-8181 (lstubbs@fmcs.gov). Please consult the FMCS Web site (<http://www.fmcs.gov>) to download forms and information.

Fran Leonard,

Chief Financial Officer, Federal Mediation and Conciliation Service.

FEDERAL RESERVE SYSTEM

Change in Bank Control Notices; Acquisition of Shares of Bank or Bank Holding Companies

The notificants listed below have applied under the Change in Bank Control Act (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire a bank or bank holding company. The factors that are considered in acting on the notices are

set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. The notices also will be available for inspection at the office of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments must be received not later than May 20, 2009.

A. Federal Reserve Bank of Minneapolis (Jacqueline G. King, Community Affairs Officer) 90 Hennepin Avenue, Minneapolis, Minnesota 55480-0291:

1. *Donna L. Hanson*, LeRoy, Minnesota; to acquire additional voting shares of First LeRoy Bancorporation, Inc., and thereby indirectly acquire additional voting shares of First State Bank Minnesota, both of LeRoy, Minnesota.

Board of Governors of the Federal Reserve System, April 30, 2009.

Robert deV. Frierson,

Deputy Secretary of the Board.

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be

conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than May 29, 2009.

A. Federal Reserve Bank of Kansas City (Todd Offenbacher, Assistant Vice President) 1 Memorial Drive, Kansas City, Missouri 64198-0001:

1. *Citizens National Corporation*, Wisner, Nebraska; to acquire up to an additional 2 percent, for a total of up to 32.7 percent, of the voting shares of Republic Corporation, and thereby indirectly acquire additional voting shares of United Republic Bank, both in Omaha, Nebraska.

Board of Governors of the Federal Reserve System, April 30, 2009.
