

FOR FURTHER INFORMATION CONTACT: For further information on the St. Charles International Airport Project or for information on the Department of Defense's NEPA process, please contact: Mr. Gib Owen at U.S. Army Corps of Engineers, PM-RS, P.O. Box 60267, New Orleans, LA 70160-0267, phone (504) 862-1337, fax number (504) 862-2572 or by E-mail at gib.a.owen@mvn02.usace.army.mil.

SUPPLEMENTARY INFORMATION: The U.S. Army Corps of Engineers (USACE), New Orleans District (MVN), received an application from St. Charles International Airport, LLC, 3453 Meadow Lane, Houston, TX 77027 to build an international airport facility in St. Charles Parish, in the vicinity of the highway I-10/I-310 interchange near Kenner, LA. The MVN initiated this study under the authority of 33 CFR part 320. This study was to investigate the feasibility of constructing an international airport facility in St. Charles Parish as per the Clean Water Act Section 404 permit application submitted by St. Charles International Airport, LLC.

On October 24, 2002, the Department of the Army, Army Corps of Engineers published in the **Federal Register** a Notice of Intent to prepare a draft Environmental Impact Statement (EIS) for the St. Charles International Airport Project. A letter was sent to all parties believed to have an interest in the analysis requesting their input on alternatives and issues to be evaluated. The letter also notified interested parties of a public scoping meeting held on February 18, 2003. From 2003 to 2005 the USACE-MVN coordinated with The Federal Aviation Administration (FAA), The U.S. Fish and Wildlife Service (USFWS) and the National Marine Fisheries Service (NMFS). The FAA provided guidance and comments for areas within their expertise. The USFWS assisted in the documentation of existing conditions and the assessment of effects of project alternatives through the Fish and Wildlife Coordination Act consultation procedures. Consultation with the USFWS and the NMFS concerning threatened and endangered species and their critical habitat was ongoing through 2005. NMFS consultation on the effects of the proposed action on Essential Fish Habitat was initiated. After the devastation of Hurricane Katrina the applicant withdrew his Clean Water Act section 404 application. Therefore preparation of an EIS is no longer needed and the Department of the Army, Army Corps of

Engineers proposes to withdraw the Notice of Intent to prepare an EIS.

Copies of documents related to the St. Charles International Airport project are on file at, and may be obtained from U.S. Army Corps of Engineers, PM-RS, P.O. Box 60267, New Orleans, LA 70160-0267.

School Leadership Program

AGENCY: Office of Innovation and Improvement, Department of Education.

ACTION: Notice of intent to fund down the fiscal year (FY) 2008 grant slate for the School Leadership Program.

SUMMARY: The Secretary intends to use the grant slate developed in FY 2008 for the School Leadership Program authorized by Title II, part A, subpart 5 of the Elementary and Secondary Education Act of 1965, as amended, to make new grant awards in FY 2009. The Secretary takes this action because a significant number of high-quality applications remain on last year's grant slate. We expect to use an estimated \$3 million for new awards in FY 2009. The actual level of funding depends on the amount of FY 2009 program funds that are available after the Department makes 22 expected continuation awards.

FOR FURTHER INFORMATION CONTACT: Beatriz Ceja, U.S. Department of Education, 400 Maryland Avenue, SW., 4W210, Washington, DC 20202-5960. Telephone: (202) 205-5009 or via Internet: beatriz.ceja@ed.gov.

SUPPLEMENTARY INFORMATION:

Background

The Department published a notice inviting applications for new School Leadership Program awards for FY 2008 in the **Federal Register** on March 3, 2008 (73 FR 11504).

In response to the March 3 notice inviting applications, we received a significant number of high-quality applications and made 22 new grant awards. However, many applications that were awarded high scores by peer reviewers did not receive funding in FY 2008 because of insufficient appropriations.

The Department's FY 2009 appropriation is sufficient to permit the Department to make continuation awards to each of these 22 grantees and make a small number of new School Leadership Program awards. Rather than using program funds for a new peer review process, the Department has decided to use the remaining funds (after continuation awards are made) to select grantees in FY 2009 from the existing slate of applications. This slate was developed during the FY 2008 competition using the selection criteria, application requirements, and definitions referenced in the March 3 notice inviting applications (73 FR 11504).

Note: To be eligible to receive a grant under this notice all applicants being considered for funding must meet all statutory eligibility criteria (i.e., be a high-need LEA, a consortium of high-need LEAs, or a partnership that includes one or more high-need LEAs), and be able to demonstrate a commitment to implement the scope and objectives of the project proposed in the application submitted in 2008. Only applications from the 2008 slate will be considered. Our intent is to fund down the slate from the last 2008 funded application until available funds are exhausted.

Program Authority: 20 U.S.C. 6651(b).

ELECTION ASSISTANCE COMMISSION

Notice of Sunshine Act Notice

AGENCY: U.S. Election Assistance Commission.

ACTION: Notice of Virtual Public Forum for EAC Board of Advisors.

DATE AND TIME: Monday, May 11, 2009, 9 a.m. EDT through Friday, May 15, 2009, 9 p.m. EDT.

PLACE: EAC Board of Advisors Virtual Meeting Room at www.eac.gov. Once at the main page of EAC's Web site, viewers should click the link to the Board of Advisors Virtual Meeting Room. The virtual meeting room will open on Monday, May 11, 2009, at 9 a.m. EDT and will close on Friday, May 15, 2009, at 9 P.M. EDT. The site will be available 24 hours per day during that 5-day period.

PURPOSE: The EAC Board of Advisors will review and provide comment on Phase I of the draft Election Operations Assessment. Phase I of the project is an information gathering and modeling phase designed to create the framework for the remaining two phases of the project. The scope of the document and the project that created it are geared toward the procedures and equipment that move the ballot through the electoral process. The end goal of the election operations assessment is to create a work product that will allow the EAC to evaluate security risks to various types of voting systems (i.e. hand counted paper ballots, Precinct Based Optical Scan, or Remote Electronic Systems, etc.) and in order to better inform their work with future iterations of the Voluntary Voting System Guidelines. In addition, the assessment will allow policy makers and election officials to assess the potential risks to systems that they are looking to purchase in the future.
